Re: OFCY 2017-2018 Grant Renewal Recommendation

Summary

The Oakland Fund for Children and Youth (OFCY) staff recommends \$72,000 in funding for a program grant to the Ujimaa Foundation for school based after school services at Carl B. Munck Elementary school in FY2017-2018.

Background

In response to the OFCY 2016-2019 Request for Proposals (RFP), the Planning and Oversight Committee (POC) originally approved funding for San Francisco Bay Area Council – Learning for Life to serve as lead agency providing after school programming at Carl B. Munck Elementary for 2016-2017. However, the agency shifted focus and moved away from providing after school programming in late spring 2016, and declined the program grant.

The Oakland Unified School District (OUSD) After School Program Office quickly moved to coordinate with the school Principal to find a new lead agency for the 2016-2017 school year. YMCA of the East Bay worked during at the start of the school year as the new provider, but the relationship did not work out satisfactorily for either party, and ended during the first month of school.

In order to preserve programming at the site for 2016-2017, the school maintained the After School Education and Safety (ASES) funding and hired an OUSD staff to serve as Site Coordinator, while the OUSD After School Programs Office filled in to staff the program.

In fall 2016, the Ujimaa Foundation approached the school and offered a partnership to provide line staff for the program and collect parent fees needed to subsidize the cost of services. Over the 2016-2017 school year, the school site has been able to offer after school programming at the site due to the Ujimaa Foundation's partnership, but the school was required to increase parent fees to maintain the program.

OFCY funding to the Ujimaa Foundation in 2017-2018 will restore City of Oakland support for the school site, and reduce parent fees to provide free and low-cost after school programming at Carl B. Munck Elementary. 75% of students at Carl B. Munck qualify for Free and/ or Reduced Lunch (FRL), and OFCY funding will reduce the financial hardship parents have faced due to the lack of local funds in 2016-2017. An OFCY grant will also allow the Ujimaa Foundation to expand professional development and training to staff, increase staff wages to retain qualified and dedicated line staff at the school, and support new subcontractors and consultants for additional enrichment programming.

The Ujimaa Foundation has developed a strong and effective working relationship with the school Principal, Site Coordinator, and OUSD After School Programs Office, and has become a key partner at the school. Ujimaa is a current OFCY grantee, serving as the lead agency at Burkhalter elementary school, and was selected and approved for services at that site through the OFCY 2016-2019 RFP process. OFCY staff met with the Ujimaa Foundation's Executive Director Blu Pride, the school Principal Denise Burroughs, the Site Coordinator Felicia Stroud, and Julia Fong-Ma of the OUSD After School Programs office to discuss the partnership and how OFCY funding for 2017-2018 will benefit the site. All partners are committed to working together to effectively provide high quality academic and enrichment programming at the site with reduced parent fees for services. The school site and lead agency will continue in 2017-2018 to receive ongoing support through the OUSD After School Programs Office for continuous program quality improvement.

Staff Recommendation

OFCY staff recommends that the Planning and Oversight Committee adopt a motion to approve a program grant with the Ujimaa Foundation for \$72,000 to serve as the lead agency at Carl B. Munck elementary school in 2017-2018, and for this grant to be included in the POC grant renewal recommendation adopted April 26, 2017 to be forwarded for adoption by Oakland City Council in June 2017.

OFCY staff will work with the Ujimaa Foundation to develop a detailed scope of work for program activities and program budget in advance of the 2017-2018 school year, and will monitor the program's progress through the annual independent evaluation and through quarterly grant reporting.
