December 15, 2015

Residents of the City of Oakland
The Honorable Mayor and
Members of the City Council

The Comprehensive Annual Financial Report of the City of Oakland

We are pleased to present the Comprehensive Annual Financial Report (“CAFR”) of the City of Oakland, California (“City”). Controller’s Bureau has prepared this report to present the financial position and the changes in net position for the fiscal year ended June 30, 2015, and the cash flows of its proprietary fund types for the year then ended. The basic financial statements and supporting schedules have been prepared in compliance with Section 809 of the City Charter, with California Government Code Sections 25250 and 25253, and in accordance with U.S. Generally Accepted Accounting Principles (GAAP) for local governments, as established by the Governmental Accounting Standards Board (GASB).

This report consists of management’s representations concerning the finances of the City. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed to protect the City’s assets from loss, theft, or misuse; to compile sufficient reliable information for the preparation of the City’s financial statements in conformity with GAAP, and to comply with applicable laws and regulations. As the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. We believe this CAFR to be complete and reliable in all material respects.

The City contracted with Macias Gini & O’Connell LLP, a firm of Certified Public Accountants licensed to practice in the State of California, to perform the annual independent audit. The auditors expressed an opinion that the City’s financial statements for the year ended June 30, 2015 are fairly stated and in accordance with accounting principles generally accepted in the United States. This is the most favorable conclusion and is commonly known as an “unmodified” or “clean” opinion. The independent auditor’s report is included in the Financial Section of this report.

In addition, Macias Gini & O’Connell LLP audited the City’s major program expenditures of federal funds for compliance with the Federal Single Audit Act Amendments of 1996, the Office of Management and Budget (OMB) Uniform Guidance regulating uniform administrative requirements, cost principles, and audit requirements for Single Audits, and the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States. The report of the Single Audit is published separately from this CAFR and may be obtained upon request from the City’s Controller’s Bureau.

The Reporting Entity and Its Services

The City has defined its reporting entity in accordance with GAAP that provides guidance for determining which governmental activities, organizations, and functions should be included in the reporting entity. The Basic Financial Statements present information on the activities of the City and its component units.

GAAP requires that the component units be separated into blended or discretely presented units for reporting purposes. Although legally separate entities, blended component units are, in substance, part of the City's operations. Therefore, they are reported as part of the Primary Government. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City's operations.

Accordingly, we have included the operations of the Oakland Municipal Employees' Retirement System (OMERS), the Police and Fire Retirement System (PFRS), and the Oakland Redevelopment Successor Agency, as blended component units. The operations of the Port of Oakland (including the Oakland International Airport) are presented discretely. The Oakland-Alameda County Coliseum Authority (Authority) is a Joint Venture owned and operated by the City and the County of Alameda. The Joint Venture agreement and operations are disclosed on Note 14 of the basic financial statements.

On February 6, 2015, the OMERS Board purchased an annuity with Pacific Life Insurance Company. The Retirement System was terminated effective March 31, 2015 and Pacific Life Insurance Company commenced payment of all future benefit payments to the remaining OMERS' retirees and beneficiaries. All excess funds were transferred to the City.

The Oakland Housing Authority, the Oakland Unified School District, and the Peralta Community College District were not included in the CAFR because they have limited relationships with the City and, therefore, did not meet the criteria for inclusion in the reporting entity. The City is also represented in six regional agencies that are excluded from the City's reporting entity. These agencies are the San Francisco Bay Area Rapid Transit District (BART), Alameda-Contra Costa County Transit District (AC Transit), Bay Area Air Quality Management District, Association of Bay Area Governments (ABAG), East Bay Regional Park District, and the East Bay Municipal Utility District.

Profile of the Government

The City of Oakland was chartered as a city in 1852. It is situated on the eastern side of the Oakland/San Francisco Bay in the County of Alameda. Its western border offers nineteen miles of coastline, while the rolling hills to the east present views of the Bay and the Pacific Ocean. In between are traditional, well-kept neighborhoods, a progressive downtown that is experiencing a tremendous surge in growth, and superior cultural and recreational amenities. It is the administrative site for the County of Alameda, the regional seat for the federal government, the district location of primary state offices, and the transportation hub of commerce for the Bay Area.

In November 1998, the citizens of Oakland passed Measure X changing the form of government from Council-City Manager to Mayor-Council through a charter amendment. Legislative authority is vested in the City Council and executive authority is vested in the Mayor. The City Administrator, appointed by the Mayor and approved by the City Council, has administrative authority to manage the day-to-day administrative and fiscal operations of the City. The City Auditor and the City Attorney are both elected officials and serve four-year terms.

The Mayor and City Council is the governing body of the City and is comprised of eight elected officials. One Council member is elected “at large”, while the other seven Council members represent specific geographic districts. The Mayor and City Council are elected to serve four-year terms.

On March 2, 2004, the citizens of Oakland passed Measure P: (1) to repeal the sunset provision of Measure X passed in November 1998 to retain the Mayor-Council form of government; (2) to change the term limit for Mayor from two terms to two consecutive terms; (3) to reduce the number of votes needed for the City Council to pass an ordinance on reconsideration from six votes to five votes; (4) to eliminate the prohibition on paying the Mayor more than the City Administrator; (5) to remove the rule that the Mayor vacates his or her office by missing ten consecutive City Council meetings; (6) to require the Mayor to advise the City Council before removing the City Administrator; and (7) to change the title of the City Manager to “City Administrator”.

The City provides a full range of services contemplated by statute or charter, including those functions delegated to cities under state law. These services include public safety (police and fire), sanitation and environmental health, economic development, community involvement and empowerment, public-private partnerships, library, recreational and cultural activities, public improvements, planning, zoning and general administrative services.

Economic Condition and Fiscal Outlook

Despite challenging circumstances, the City has made notable, prudent investments to improve its financial situation, such as implementing the Three-Tier pension plan reform system for all labor unions (See note 15), increasing the ratio of funded pension obligations, Establishing a Vital Services Stabilization Reserve, and fully funding the General Purpose Fund reserve to 7.5 percent per City Council. The City ended fiscal year 2014-15, experiencing significant economic growth that should continue in the near term. Growth has been noteworthy in a number of revenue categories including Property Tax, Real Estate Transfer Tax, Sales Tax, Business License, and Transient Occupancy Tax.

The good news is that the Oakland’s economy is showing steady signs of growth particularly in the housing, rental, and commercial property markets. Other key economic indicators are trending positively: unemployment is down, the region is experiencing rapid employment growth, and City revenues are up in most categories (e.g., property tax, sales tax, business tax, real estate tax).

The financial markets are taking notice of Oakland’s judicious approach to address both short-term and long-term financial challenges: just recently, the credit-rating agency Standard & Poor’s reaffirmed our AA- credit rating and noted our stable fiscal outlook.

Looking forward, the City must continue to grow revenues to restore and enhance services to the community. We have actively supported long-dormant projects which have recently sprung to life, and are working to spur progress on other projects to draw investment to Oakland, creating more jobs and more economic development. Recent progress includes:

- Nearly completed major infrastructure at the Oakland Army Base, which will enable the reuse of the base for maritime activities supporting approximately 2,000 new jobs;
- Supporting efforts to break ground in spring 2014 at the Brooklyn Basin Project, which includes 3,100 units of housing, 30 acres of open space, and 200,000 square feet of commercial space, with an approximate job count of 8,000 over the 6 to 8 year build-out of the project;
- Completing the “10K” housing project started a decade ago and strategically positioning Oakland for “10K 2.0,” which would build housing across all of Oakland’s transit corridors;

- Continuing to negotiate exciting opportunities for our sports facilities and the world-class potential of the Coliseum City development project; and
- Aggressively pursuing retail projects. Since 2011, more than 1 million square feet of new or improved leasable retail space have been completed or are in the pipeline.

As the result of the improved financial circumstances, the City Council adopted a two-year balanced FY 2015-17 policy budget that includes no layoffs, provides for enhancement of critical services and infrastructure improvements, and allowed for increases in employee compensation. The adopted budget also invests in essential services that the City Council has repeatedly expressed are its highest priorities: public safety, equitable jobs & housing, and sustainable infrastructure. This investment includes scheduling four police academies and growing the sworn police force, enhanced funding for violence prevention, funding key housing, planning and economic development initiatives, and investing in initiatives to improve childhood education and development outcomes. The City also financed some critical deferred infrastructure needs, such as replacing outdated vehicles and equipment, improved restoration of roads, bridges, and transportation infrastructure, and enhancing Information Technology infrastructure.

On June 30, 2015, the City Council adopted a balanced fiscal year 2015-2017 biennial budget. The mid-cycle budget focused on the following goals:

- **A Safe City:** that invests in Holistic Community Safety strategies.
- **A Vibrant City:** that makes strategic investments in infrastructure, public works and the arts to protect and enhance the quality of life for all neighborhoods.
- **A Just City:** that promotes equitable jobs and housing that protects and nurtures a diverse and inclusive community that cares for its youth, elderly, families, and the vulnerable.
- **A Prosperous City:** that values workers and fosters a diverse economy that creates equitable economic growth, jobs, and housing.
- **Trustworthy Government:** that provides quality municipal services, efficiency, transparency, and accountability, as well as respects municipal employees.

While the City continues to experience economic growth and increases in revenues, it still faces longer term financial challenges where our revenues are outpaced by our expenditures due to a variety of factors. This includes: rising health care costs, rapidly growing costs of employee pensions and frequent CalPERS pension formula changes, years of deferred equipment purchases and facility maintenance that can no longer be delayed, and the need for substantial investment in City infrastructure.

The City is also committed to securing the City's long-term financial health by taking direct actions to address unfunded liabilities. These actions include: maintaining and growing a Vital Services Stabilization Fund, the funding of Police/Fire CalPERS pensions at funding ratio of 67.9% and at 69.5% for the civilian employees at market value of assets; the City began to partially pre-fund by \$2.2 million, the annual required contribution (ARC) to the California Employer's Retiree Benefit Trust (CERBT) for Other Post-Employment Benefit ("OPEB"); negotiating two-tier pension reform to significantly reduce long-term costs; and implementing the State's third-tier reform after that. Even with these measures, we cannot ignore the fact that rising pension costs are continuing to reduce funding for other General Purpose Fund priorities.

The City's general obligation credit ratings of Aa2\AA- and stable outlook from Moody's Investor Services, Inc. ("Moody's) and Standard and Poor's Corporation ("S&P"), respectively, continue to show

the City's fiscal prudence. The City continues to maintain strong credit ratings on the City's existing general obligation bonds from both rating agencies as its economy successfully emerges from the economic downturn. The Management and Discussion & Analysis ("MD&A") has more discussion on the City's credit ratings. The rating agencies continue to cite management's demonstrated commitment to strong fiscal management as a basis of their rationale for bestowing the City's strong ratings. These ratings translate to significant interest cost savings in the City's debt program and to the taxpayers of the City of Oakland.

Significant Events and Accomplishments

Highlights of activities and accomplishments for the fiscal year ended June 30, 2015, include the following:

- December 12, 2014: Lonely Planet, the No. 1 selling guidebook publisher in the world, announced its roster of Top Ten U.S. Travel Destinations for 2015. Oakland ranked No. 8 on the roster. The compilation is published to highlight the best travel destinations in the U.S. for the upcoming year. Lonely Planet describes Oakland as an "incubator for adventurous restaurants" and spotlights Oakland's Art Murrum and First Fridays as a "can't-miss cultural event."
- March 2, 2015: Oakland's new employment law created by Measure FF took effect. The voter-enacted ballot measure that passed with an 82% majority in November, 2014 has three key provisions:
 - Raised the minimum wage from \$9 to \$12.25/hour
 - Requires employers to provide paid sick leave
 - Requires payment of service charges to hospitality workers who provide the service
- March 27, 2015: In March 2015, SmartAsset posted its roster of the top 10 most interesting cities in America. In ranking Oakland No. 7, the group noted Oakland's diversity and "deserved recognition as a cultural capital." Other accolades bestowed upon Oakland include being ranked among the 20 best U.S. cities for basketball fans by WalletHub and No. 3 among best startup cities in America by Popular Mechanics.
- April 30, 2015: Mayor Libby Schaaf released a \$2.4 billion two-year budget proposal for the City of Oakland for fiscal years 2015-2017. The proposed two-year balanced budget will build a solid financial foundation for a vibrant, equitable Oakland that is growing responsibly. In the short-term, this budget proposal closes an estimated \$18 million annual funding gap without making any cuts to services or staffing levels.
- May 8, 2015: In April, fDi Intelligence, a division of the Financial Times Ltd and the world's premier publication for the business of globalization, released its American Cities of the Future 2015/16 roster. In the Mid-Sized American Cities category, Oakland was ranked No. 2 overall and No. 1 in Connectivity. Oakland was also well ranked in the human capital & lifestyle and economic potential categories.
- October 1, 2015: the East Oakland Sports Center (EOSC) was recognized by the East Bay Chapter of the American Institute of Architects as a 2015 Merit Award Winner.
- October 13, 2015: the Tax Compliance Section of the City of Oakland's Revenue Management Bureau initiated their 2015 Non-compliant Rental Project. The Tax Compliance Section mailed approximately 25,000 notices to owners of residential rental property in Oakland. The goal of the project is to bring all of the City's residential rental property owners into compliance with Oakland Municipal Code section 5.04.420 - Rental of residential property, which requires residential property owners to maintain a current business license.

- October 16, 2015: In October 2015, WalletHub ranked Oakland as the 4th Best Foodie City for your Wallet in their survey of the 150 most populated U.S. cities. In ranking the cities, WalletHub analyzed 18 key metrics. Oakland ranked No. 1 in number of restaurants per capita and No. 3 in ratio of full-service restaurants to fast-food establishments. In addition, Oakland was recognized as the 9th Greenest City in America, the 2nd Most Ethno-Racially Diverse Large City, No. 7 Best Local Food Scene and 4th most pet-Friendly Rental Market.
- October 28, 2015: Mayor Schaaf delivered her inaugural State of the City address. Before, during, and after the mayor's remarks, attendees had the opportunity to visit three breakout rooms dedicated to discussions about issues facing Oakland and Mayor Schaaf's four priority areas: Holistic Community Safety, Vibrant Sustainable Infrastructure, Equitable Jobs and Housing, and Responsive Trustworthy Government.
- October 2015: Minimum Wage Increase – Effective Friday, January 1, 2016, Oakland's Minimum Wage goes up to \$12.55 per hour. Measure FF, the voter-initiative ballot measure passed in November 2014, provides annual increases to Oakland's Minimum Wage based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). In light of the increase, employers must be aware of the following:
 - By December 15, 2015, employers are required to provide notice to employees and prominently display posters on the new Minimum Wage;
 - On January 1, 2016, the rate goes up 30¢ to \$12.55; and
 - The other benefits mandated by Measure FF — paid sick leave and payment of service charges — remain the same as when the employment law took effect on March 2, 2015

Economic Indicators and Next Fiscal Year's Budget and Tax Rates

The City of Oakland's primary economic indicators are highlighted in the Management Discussion and Analysis (MD&A) section of this report.

The Five-Year Financial Forecast

In March 2015, as part of the proposed FY2013-15 Biennial Budget, the City issued a Five-Year Financial Forecast that forecasted revenues and expenditures. The purpose of the Five-Year Financial Forecast is to help the City of Oakland make informed financial and operational decisions by better anticipating long-term future revenues and expenditures. Since that time the City has experienced a continued growth in revenues and boom in the local economy. This economic growth will be reflected in subsequent reports on City revenues and expenditures.

In February of 2017 the City will release a new Five-Year Financial Forecast in preparation for the FY 2017-19 Biennial Budget. This new forecast will address the projected future growth rates of expenditures and revenues, and any other fiscal concerns, based upon information available through December of 2016.

Single Audit

As a recipient of Federal, State and County financial assistance, the City is responsible for providing assurance that adequate internal controls are in place to ensure compliance with applicable laws and regulations. These controls are periodically evaluated by management, the City Auditor's Office (internal), and the City's independent auditors (external).

As part of the City's single audit procedures, tests are performed to determine the effectiveness of the internal controls over major federal award programs and the City's compliance with applicable laws and regulations related to these federal award programs.

Budget Controls

The City's budget is a detailed operating plan that identifies estimated costs in relation to estimated revenues. The budget includes:

- The programs, projects, services and activities to be carried out during the fiscal year;
- The estimated revenue available to finance the operating plan; and
- The estimated spending requirements for the operating plan.

The budget represents a process where policy decisions by the Mayor and the City Council are adopted, implemented and controlled. The notes to the required supplementary information summarize the budgetary roles of various City officials and the timetable for their budgetary actions according to the City Charter. In June 2015, the City Council approved the City's FY 2015-17 Adopted Policy Budget.

The City Charter prohibits expending monies for which there is no legal appropriation. Therefore, the City is required to adopt budgets for all City funds. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level, although for management purposes, the line item budget is controlled at the departmental level within funds. The City Administrator is authorized to administer the budget and may transfer monies from one activity, program or project to another within the same agency and fund. Supplemental appropriations or transfers of appropriations between funds or agencies must be approved by the City Council.

The City also maintains an encumbrance accounting system to provide budgetary controls for governmental funds. Encumbrances which would result in an overrun of an account balance are suspended in the system until additional funding is made available via budget change requests or withdrawn due to lack of funding. Encumbrances outstanding at June 30 and carried forward are reported as assigned of the appropriate governmental fund's fund balance since they do not constitute expenditures or liabilities. Encumbrances that do not lapse but are brought forward to the new fiscal year are incorporated as part of the budget adopted by the City Council for that year.

The City Council receives quarterly reports on the City's revenues and expenditures compared to budget as a management tool to pro-actively monitor the City's fiscal condition. The City continues to meet its responsibility for sound financial management as demonstrated by the statements and schedules included in the financial section of this report.

Debt Management Policy

The City's Debt Management Policy is reviewed and adopted annually by the City Council. The goal of the Debt Management Policy is to set prudent guidelines to ensure that the City's debt portfolio is fiscally stable. It is in place to maintain long-term financial flexibility while ensuring that the City's capital needs are adequately supported. The Debt Management Policy establishes the following equally important objectives:

- To achieve the lowest possible cost of capital for the City;
- To achieve the highest practical credit rating;
- Maintain full and complete financial disclosure and reporting;

- Ensure timely repayment of debt;
- Maintain a prudent level of financial risk
- Utilize local and disadvantaged banking and financial firms, whenever possible
- Ensure compliance with applicable State and Federal laws.

Cash Management Policies and Practices

To maximize interest income and maintain liquidity, the City pools operating cash and invests these monies in securities of various maturities. These monies and operating funds of the Oakland Redevelopment Successor Agency are invested pursuant to the City's Investment Policy in compliance with Section 53601 of the California Government Code, the City's Nuclear Free Zone and Linked Banking Ordinances, and the City's Tobacco Divestiture Resolution. The objectives of the Investment Policy are to preserve capital, provide adequate liquidity to meet cash disbursements of the City, and to reduce overall portfolio needs while maintaining market-average rates of return. Investments are secured by collateral as required under law, with maturity dates staggered to ensure that cash is available when needed. The City Council receives quarterly reports on the performance of the City's pooled investment program.

Risk Management

To finance its risks of general liability and workers' compensation, the City maintains a program of self-insurance, supplemented with commercial insurance of limited coverage that is sufficient to protect resources at the lowest reasonable cost. The City maintains commercial fire insurance policies on all of its buildings. Additionally, the City insures for the perils of earthquake and flood on the Henry J. Kaiser Convention Center and the George F. Scotlan Memorial Convention Center.

The City Attorney represents the City in all of its legal matters, including claims investigation, civil litigation and disposition of claims and lawsuits.

Insurance to protect and indemnify the City against the risks of general liability and property damage is required in virtually all of its public works, contractor-supplied and professional services contracts.

Awards

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Oakland for its Comprehensive Annual Financial Report ("CAFR") for the fiscal year ended June 30, 2014. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only. The City of Oakland has received a Certificate of Achievement the last 25 years. The City's Fiscal Year 2014-15 CAFR will be submitted to GFOA for consideration for the Certificate of Achievement for Excellence in Financial Reporting.

Acknowledgements

The preparation of this CAFR represents the culmination of a concerted team effort by the entire staff of the Finance Department, most particularly the Controller's Bureau, Treasury Bureau, City Administrator's Office, and other departmental staff, who have demonstrated their professionalism, dedication and efficiency in the preparation of this report. We also thank Macias, Gini & O'Connell LLP for their assistance and guidance.

Finally, we wish to express our sincere appreciation to the Mayor, and the members of the City Council for providing policy direction and their interest and continuing support in planning and conducting the City's financial operations in a fiscally responsible and progressive manner.

Respectfully submitted,

Independent Auditor’s Report

Honorable Mayor and Members of the City Council
City of Oakland, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Oakland, California (City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Oakland Municipal Employees’ Retirement System (OMERS) and the Oakland Police and Fire Retirement System (PFRS), which collectively represent 66.1%, 413.3%, and 7.0% respectively of the assets and deferred outflows of resources, net position/fund balance, and additions/revenues of the aggregate remaining fund information as of and for the year ended June 30, 2015. Those statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for OMERS and PFRS, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of OMERS and PFRS were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

Changes in Accounting Principles

As discussed in Note (1)E. to the financial statements, effective July 1, 2014, the City implemented the provisions of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of funding progress related to OPEB, the schedules of changes in net pension liability and related ratios of the pension plans, the schedules of plan contributions of the pension plans, and the budgetary comparison schedules of the general fund and the other special revenue fund, as listed in the table of contents to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of other auditors,

the combining financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited)
Year Ended June 30, 2015

This section of the City of Oakland's (the City) Comprehensive Annual Financial Report provides an overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with the additional information contained in the City's financial statements and related notes and our letter of transmittal that precedes this section.

FINANCIAL HIGHLIGHTS

The government-wide statement of net position for the City's governmental and business-type activities indicates that as of June 30, 2015, the total liabilities and deferred inflows of resources exceed total assets and deferred outflows of resources by \$86.3 million compared to a positive net position of \$1.2 billion at June 30, 2014:

- \$1.2 billion represents the City's investment in capital assets, less any related outstanding debt used to acquire those assets (*net investment in capital assets*). These capital assets are used to provide services to citizens and are not available for future spending.
- \$547.3 million represents resources that are subject to restrictions on their use and are available to meet the City's ongoing obligations for programs, of which \$221.3 million pertains to Low and Moderate Income Housing Redevelopment.
- \$1.8 billion represents a deficit in unrestricted net position that has primarily resulted from the underfunding of the annual other postemployment benefits cost, and other unfunded long-term liabilities (*unrestricted net position*). The City's total net position decreased by \$1.3 billion due to a restatement of \$1.5 billion to the beginning net position to record the City's net pension liability and related deferred outflows of resources for pension contributions made during the prior year in accordance with *GASB Statements No. 68 Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*, and *Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*. This resulted in the recognition of a net pension liability in the amount of \$1.1 billion, the deferred outflows of resources related to pension contributions made subsequent to the measurement date of June 30, 2014 in the amount of \$92.8 million, and the deferred inflows of resources related to differences between projected and actual earnings on pension investments in the amount of \$198.4 million as of June 30, 2015. The remaining changes in net position are discussed below.
- \$71.9 million increase in net position was derived from governmental activities predominantly from increases in property tax, real estate transfer tax, transient occupancy tax, business license, and program revenues. These increases were off-set by increases in expenses \$8.6 million primarily in Public Safety.
- \$107.7 million increase is due the transfer of properties and excess tax allocation bonds from Oakland Redevelopment Successor Agency (ORSA) to the City. California Department of Finance (DOF) approved the bond expenditure agreement between ORSA and the City to transfer excess tax allocation bond proceeds to the City. The bond transfer was recorded as a special item in Oakland Redevelopment Successor Agency's (ORSA) financial statements. Accordingly, the bond transfer of ORSA to the City was recorded as a special item in the City's governmental funds and governmental activities. The components of the special item recorded in the financial statements are discussed in Note I. part F.15.
- \$18.3 million increase in net position was derived from the Business-type activities, mainly the Sewer related activities.

The City's governmental cumulative fund balances increased by 2.6 percent or \$15.9 million to \$639.1 million compared to \$623.2 million for the prior fiscal year. This increase is primarily attributed to \$85.7 million of land purchase and property transferred from ORSA to the City as approved by DOF recorded in the Municipal

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Capital Improvement Fund, which was partially offset by decreases of \$69.15 million in Other Governmental Funds.

The City undesignated, uncommitted fund balance met the requirements of the City Council's 7.5% reserve policy based on the total General Purpose Fund expenditures for fiscal year 2014-15 (See note I.H).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to introduce the City's basic financial statements. The City's basic financial statements consist of three components:

- Government-wide Financial Statements
- Fund Financial Statements
- Notes to the Basic Financial Statements
- Required Supplementary Information

In addition, this report also contains required and other supplementary information.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to the financial statements for a private-sector business.

The *statement of net position* presents information on all of the City's assets, deferred outflows and inflows of resources, and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether or not the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, Community Services, community and economic development, and public works. The business-type activities of the City include the sewer service system and the parks and recreation. The government-wide financial statements does not include the fiduciary funds, which comprise of the private purpose trust funds and pension trust funds. Resources in the fiduciary funds are not available to support the City's own programs.

The government-wide financial statements include the primary government of the City and the Port of Oakland (Port), as a discrete component unit. Financial information for the Port is reported separately from the financial information presented for the primary government. Further information about the Port can be obtained from the Port Financial Services Division, 530 Water Street, Oakland, CA 94607 or visit the website at www.portofoakland.com.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: *governmental funds*, *proprietary funds* and *fiduciary funds*.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are reported in governmental funds. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, capital projects, debt service and general fund). Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund, the federal and state grant special revenue fund, the low and moderate income housing asset fund (LMIHF), the municipal capital improvement fund, and the other special revenue fund, all of which are considered to be major funds. Data from the remaining funds are combined in a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund in the required supplementary information to demonstrate compliance with this budget.

Proprietary Funds. Proprietary funds are generally used to account for services for which the City charges customers, either outside customers or internal units or departments of the City. Proprietary funds provide the same type of information shown in the government-wide statements only in more detail.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

The City maintains the following two types of proprietary funds:

- (1) **Enterprise Funds** are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for the operations of the Sewer Service System and the Parks and Recreation operations. The Sewer Service Fund is considered to be a major fund of the City.
- (2) **Internal Service Funds** are used to report activities that provide services and supplies for certain City programs and activities. The City uses internal service funds to account for its fleet of vehicles, radio and communication equipment, facilities management, printing and reproduction, central stores and purchasing. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of employees and parties outside the City. The Oakland Municipal Employees Retirement System (OMERS) Fund and the Police and Fire Retirement System (PFRS) Fund are reported as pension trust funds. The private purpose trust funds along with the private pension trust fund are reported as trust funds since their resources are not available to support the City's own programs. For this reason, they are not reflected in the government-wide financial statements. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

The required supplementary information includes the budgetary schedule for the General Fund and the Other Special Revenue Fund and schedules of funding progress for pension and other postemployment benefits that show the City's and the Port's progress towards funding its obligation to provide future pension and other postemployment benefits for its active and retired employees.

Other Information

In addition, this report presents combining statements and schedules referred to earlier in connection with nonmajor governmental funds, internal service funds and fiduciary funds that immediately follow the required supplementary information.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of the City's financial condition. The City's total assets and deferred outflows of resources are less than total liabilities and deferred inflows of resources as of June 30, 2015 by \$86.3 million compared to positive net position of \$1.2 billion as of June 30, 2014, which represents a decrease in net position of \$1.2 billion due to a restatement of \$1.4 billion to the beginning net position in accordance with the implementation of GASB Statement 68 and GASB Statement No. 71, as previously mentioned. The City's net position reflects the net investment in capital assets of \$1.2 billion for governmental and business-type activities. Of the remaining balance, \$140.9 million are subject to external restrictions on how they may be used. The unrestricted net position of \$1.4 billion is comprised of a deficit balance of \$1.4 billion for governmental activities, and a positive balance of \$27.0 million for business-type activities.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Governmental activities: The City's net position in governmental activities decreased by \$1.2 billion.

Total assets decreased by \$138.5 million, or 5.30%, to \$2.5 billion. The significant changes in assets occurred in the following areas:

- *Capital assets* increased by \$130.4 million. The increase was due largely to properties of \$85.7 million transferred to the City from ORSA.
- *Current & Other Assets* decreased by \$268.9 million mainly due to changes to the net pension asset.

Total liabilities increased by \$1.0 billion, or 61.5% to \$2.6 billion. The significant changes in liabilities occurred in the following areas:

- *Long-term liabilities* decreased by \$96.6 million primarily attributed to \$293.3 million debt service payments of government bonds. The decrease is off-set by \$128.9 million issuance of General Obligation Bond Series 2015A and \$24.8 million issuance in capital leases which includes vehicle lease of \$15.7 million and radio lease of \$9.2 million.
- *Net pension liability* of \$1.1 million was recorded at June 30, 2015. This new liability was recorded due to the implementation of GASB Statement No.68 in the fiscal year 2014-2015.
- *Other liabilities* increased by \$18.6 million.

The net position decreased by \$1.25 billion to a deficit \$268.8 million as of June 30, 2015. The City net position can be divided into three categories: net investment in capital assets, restricted, and unrestricted.

- \$1.2 billion of the net position reflects its *investment in capital assets* (e.g., land, buildings infrastructure, facilities and equipment), net of any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide a variety of services to citizens. These assets, therefore, are *not* available for future spending.
- \$141 million of the net position represents resources that are subject to restrictions on how they may be used and therefore restricted of which \$87.6 million is subject to external restriction.
- \$1.4 billion represents a deficit in unrestricted net position that has primarily resulted from the underfunding of the annual other postemployment benefits cost, and other unfunded long-term liabilities.

Governmental activities: Net position for governmental activities, excluding the special item of \$107.7 million from ORSA transfer of excess bond proceeds to the City, decreased by \$58.9 million during fiscal year 2014-15. Total revenue increased by 7.4 percent and expenses increased by 1.0 percent. During FY 2013-14, revenues increased at a rate of 10.8 percent and expenses increased by 5.6 percent.

CITY OF OAKLAND
Management’s Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Changes in net position for governmental activities are attributed to the following significant elements:

- Contributing factors resulting to increases in certain revenue categories are as follows: property tax increased by \$26.7 million due to the restoration of assessed values that Proposition 8 temporarily decreased as a result of the previously declining property values during the recession. Real estate transfer tax increased by \$3.6 million or 6.1 percent primarily due to higher volume in real estate sales. Real estate transfer tax is highly volatile and revenues can increase and decrease rapidly with changing market conditions as a result of the sale of high value properties. Business license taxes increased by \$3.8 million due to increases in gross receipts from businesses in the City. Transient occupancy taxes increased by \$3.1 million or 14.4 percent due to thriving local hotel demand.
- Other factors contributing to revenue increase include: charges for services by \$29.6 million or 19.4 percent mainly due to Low and Moderate Income Housing Asset Fund’s increase in ROPS reimbursement as a result of California Department of Finance approval of project cost for LMIHF, Port of Oakland reimbursements, and an increase in license and permits fees. Capital grants and contributions increased by \$28.2 million or 66.9 percent mainly due to the new Trade Corridor Improvement Fund (“TCIF”) for the construction of infrastructure and other site preparation with East and Central Gateway Areas of the former Oakland Army Base.
- Contributing factors resulting to decrease in certain revenue categories are as follows: Operating grants and contributions decreased by \$26.2 million or 22 percent Gas tax declined by \$.87 million or 6.7 percent due to reduced consumption, higher fuel efficiency and more hybrid/electric vehicles.

- General government *expenses* increased by \$2.69 million or 3.4 percent when compared to the previous year primarily due to the City amendment of Ordinance 2.29 which establishes the City organizational structure. In the ordinance, the City created a new division for Oakland Animal Services under the City Administrator which was formerly a division in the Oakland Police Department.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

- *Public safety* expenses increased by \$4.8 million or 1.3 percent when compared to the previous year due primarily to increased overtime costs associated with unanticipated protests and targeted crime reduction operations.
- *Community services* expenses increased by \$4.8 million or 4.1 percent primarily due to multi-year funding expenditure in the *Measure Y – Violence Prevention and Public Safety Act of 2004* and an increase in Federal and State grants.
- *Community and economic development* expenses decreased by \$8.4 million or 10 percent primarily due to the completion of multi-year projects
- *Public works* expenses decreased by \$3.6 million or 3.3 percent from the prior year primarily due to the one-time expenditures in FY 2013-14 for LED streetlight project.
- Interest on long-term debt increased by \$9.0 million or 15.26 percent primarily due to payment to refund bond escrow agent.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Business-type activities: Business-type activities ended the fiscal year with a positive change in its net position of \$18.4 million compared to \$13.5 million the previous fiscal year. The increase is due to an increase in sewer activities charge for services of \$4.6 million or 8.6 percent.

Financial Analysis of the Government's Funds

Governmental funds: The focus of City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

General Fund: The General Fund is the chief operating fund of the City. At June 30, 2015, its unassigned fund balance is \$37.4 million or 24.3 percent of the \$266.3 million total General Fund balance.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

For the fiscal year ended June 30, 2015 and 2014, revenues for the General Fund by revenue source are distributed as follows (in thousands):

	General Fund		Increase / (Decrease)	
	2015	2014	Amount	%
Revenues:				
Taxes:				
Property taxes	\$ 228,072	\$ 205,895	\$ 22,177	10.8%
State taxes:				
Sales and use taxes	48,827	46,956	1,871	4.0%
Motor vehicles in-lieu ta	177	-	177	100.0%
Local taxes:				
Business license	66,677	62,905	3,772	6.0%
Utility consumption	50,594	50,422	172	0.3%
Real estate transfer	62,665	59,060	3,605	6.1%
Transient occupancy	16,898	14,578	2,320	15.9%
Parking	9,337	8,444	893	10.6%
Franchise	17,921	16,401	1,520	9.3%
Licenses and permits	1,573	1,388	185	13.3%
Fines and penalties	23,146	22,809	337	1.5%
Interest and investment in	1,088	1,401	(313)	-22.3%
Charges for services	82,461	77,978	4,483	5.7%
Federal & state grants an	8,003	4,911	3,092	63.0%
Annuity income	2,648	2,040	608	29.8%
Other	3,899	-	3,899	100.0%
Total revenues	\$ 623,986	\$ 575,188	\$ 48,798	8.5%

General Fund Revenues: Significant changes in revenues are as follows:

- *Property taxes* increased by \$22.2 million or 10.8 percent. The increase is mainly due to the restoration of Proposition 8 values to the assessment roll in FY 2014-15. When property values decline, Proposition 8 allows the property to be temporarily assessed at a lower value. Additionally, there was an increase in Redevelopment Property Tax Trust Funds (RPTTF) distribution as a result of the California Department of Finance ("DOF") disallowance of requested amounts from the review of the Recognized Obligation Payment Schedule (ROPS) 15-16A.
- *Real estate transfer tax* increased by \$3.6 million or 6.1% percent primarily due to higher volume in real estate sales.
- *Business license* increased by \$3.7 million mainly due to increases in gross receipts from businesses in the City.
- *Transient occupancy* increased by \$2.3 million mainly due to thriving local hotel demand.
- *Annuity income* increased by \$608 thousand mainly due to increased interest and investment earnings of the New York Life annuity contract investment.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

General Fund Expenditures: Significant changes in expenditures are as follows:

- *Public safety* increased by \$34.5 million or 26.0 percent due to two (2) new full Police academies, three (3) lateral academies, the two (2) percent cost of living adjustment (“COLA”) for non-sworn and overtime on sworn employees and the sunset of the 8.85% pay reduction to Fire sworn employees. The increase is partially offset by vacancy savings
- *City elected offices and departments*, excluding public safety and debt service, are reporting a total increased by \$9.4 million in expenditures mainly due to negotiated COLA increase of 1 percent for FY 2014-15, the transfer of the Oakland Animal Services division from Public Safety to the City Administrator, and increased contract expenditures for City garages.

Federal and State Grant Fund: The Federal and State Grant Fund had a deficit fund balance of \$6.2 million as of June 30, 2015 that represents a decrease of \$2.0 million from the prior fiscal year. The federal/state grant fund deficit will be cleared by grant reimbursement submitted to granting agencies, but revenue has not been received within the City’s availability period and is recorded as deferred inflows of resources for \$2.1 million as of June 30, 2015.

Low and Moderate Income Housing Asset Fund (“LMIHF”): Upon the dissolution of the former Agency, the City retained the housing activities previously funded by the former Agency and created LMIHF and transferred the assets and affordable housing activities of the low and moderate income fund to the City. The ending fund balance as of June 30, 2015 was \$37.17 million and the fund’s net loan receivable balance was \$182.6 million.

Municipal Capital Improvement Fund: The Municipal Capital Improvement Fund had a fund balance of \$245.7 million as of June 30, 2015 that represents an increase of \$39.4 million or 19.1 percent from the prior fiscal year. Pursuant to Health and Safety Code (HSC) section 34179(h), California Department of

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

Finance ("DOF") has completed its review of the Oversight Bond action on Bond Spending Plan and on November 6, 2013, it approved the Bond Spending Plan for Oakland Redevelopment Successor Agency ("ORSA"). The Bond Spending Plan allows ORSA to utilize proceeds derived from bonds issued prior to January 1, 2011 in a manner consistent with the original bond covenants. DOF approved the bond expenditure agreement between ORSA and the City to transfer excess tax allocation bond proceeds to the City. Transfer of properties and excess tax allocation bond proceeds approved by California Department of Finance of \$72.8 million.

The Other Special Revenue Funds accounts for activities of several Special Revenue Funds, which include mainly the following local measures; Measure Y – Violence Prevention and Public Safety Act of 2004; Measure C – Oakland Hotel Tax; Measure Q – Library Services Retention and Enhancement; Measure WW – East Bay Regional Park District local grant program; Measure N – Paramedics Services Act; Oakland Kid's First Fund; Development Service Fund and Other miscellaneous special revenue funds. The ending fund balance as of June 30, 2015 was \$32.7 million.

Proprietary Funds: The City's proprietary funds provide the same type of information found in the government-wide financial statements under the business-type column but in more detail.

The portion of net position invested in capital assets was \$155.3 million as of June 30, 2015, compared to \$143.3 million for the previous fiscal year. The \$12.0 million or 8.4 percent increase is related to proceeds spent from debt issued to finance sewer projects. During the fiscal year, the City capitalized \$14.3 million in sewer system completed projects, net of depreciation.

General Fund Budgetary Highlights

During the fiscal year ended June 30, 2015, General Fund had a \$2.5 million increase in budgeted revenues between the original and final amended operating budget. Actual budgetary basis revenues of \$623.6 million were \$44.3 million higher than the final amended budget. The variance is due primarily to increases in property tax revenue, business license, real estate transfer tax, and federal and state grants and subventions.

In addition, there was a \$48.7 million increase in appropriations between the original and final amended operating budget for the General Fund. The increase in appropriation is due primarily to the determination of actual project carryforwards for continuing appropriations for various multiyear projects, capital improvement projects, and other projects authorized by the City Council. The original approved expenditure budget contained only estimates of project carryforwards.

Actual budgetary basis expenditures of \$509.7 million were \$45.1 million less than the amended budget. Savings were experienced in all expenditure categories mainly due to budget contingency and project and encumbrance carryforwards for multi-year budgets.

Capital Assets

The City's capital assets, net of depreciation, totaled \$1.5 billion as of June 30, 2015 compared to \$1.4 billion as of June 30, 2014, an increase of \$140.1 million or 10.2 percent. Governmental activities additions of \$189.0 million in capital assets included construction in progress and capitalization of infrastructure, facilities and improvements, and furniture, machinery and equipment which met the City's threshold for capitalization.

CITY OF OAKLAND
Management’s Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

These additions were offset by retirements and depreciation, the net effect of which was an increase of \$130.4 million in additions of capital assets for governmental activities. Business activities, primarily the sewer fund, increased its capital assets by \$9.7 million, net of retirements and depreciation. See Note (II) part D to the financial statements for more details in capital assets.

Construction Commitments

The City has committed to funding in the amount of \$293.2 million to a number of capital improvement projects for fiscal year 2016 through fiscal year 2017. These projects include building and facilities improvements; parks and open space; sewers and storm drains; streets and sidewalks construction; technology enhancements and traffic improvements. See part L.B to note II for more details in construction commitments.

Debt Administration:

General Obligation Bonds and Other Bond Ratings

A credit rating is a value assigned by one or more of the recognized rating agencies that “grade” a jurisdiction’s credit, or financial trustworthiness. The three primary rating agencies are Moody’s Investors Service (“Moody’s”), Standard & Poor’s Rating Services (“S&P”), and Fitch Ratings (“Fitch”). These rating agencies serve as independent assessors of municipal and corporate credit strength. Rating agencies generally focus on four major areas when assigning credit ratings: finances, management, economy and outstanding debt. The City continues to maintain strong credit ratings on the City’s existing general obligation bonds from all three national rating agencies despite the difficult financial and economic conditions nationally and locally. The City of Oakland’s underlying ratings for its general obligation bonds as of June 30, 2015 were as follows:

<u>Type of Bond</u>	<u>Ratings</u>	
	<u>Moody's</u>	<u>S & P</u>
General Obligation Bonds	Aa2/Stable	AA-/Stable
Pension Obligation Bonds	Aa3:A1/Stable	A+/Stable
Tax Allocation Bonds	A3 ¹ :Baa1 ²	A+:A:A-/Stable

¹ Rating as of May 21, 2014, based on Insured Rating

² Rating as of June 24, 2015

On August 13, 2014, S&P affirmed its “AA-” long-term ratings and underlying rating (SPUR) on the City’s general obligation bonds (GOBs). In addition, S&P affirmed its “A+” long-term rating and SPUR on pension obligations bonds (POBs) and lease revenue bonds. The outlook for all these bonds is “Stable”.

On June 24, 2015, Moody’s upgraded the rating on the Successor Agency to the Oakland Redevelopment Agency’s tax allocation bonds. The upgrade to Baa1 takes into account the successor agency's large, growing tax base, moderate debt service coverage levels, somewhat elevated taxpayer concentration and average socioeconomic profile of area residents.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

General Fund Bonded Debt Limit

At the end of the current fiscal year, the City's debt limit (3.75 percent of property valuation, net of exemptions subject to taxation) was \$1.2 billion. The total amount of debt applicable to the debt limit was \$206.5 million. The resulting legal debt margin was \$1.03 billion.

Outstanding Debt

As of June 30, 2015, the City had total long-term obligations outstanding of \$2.6 billion compared to \$2.8 billion outstanding for the prior fiscal year, a decrease of 9.1 percent. Of this amount, \$206.5 million is general obligation bonds backed by the full faith and credit of the City. The remaining \$2.3 billion is comprised of various long-term debt instruments listed below including accruals of year-end estimates for other long-term liabilities (in thousands):

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
General obligation bonds	\$ 206,530	\$ 290,449	\$ -	\$ -	\$ 206,530	\$ 290,449
Lease revenue bonds	109,955	141,555	-	-	109,955	141,555
Pension obligation bonds	330,433	348,512	-	-	330,433	348,512
City guaranteed special assessment district bonds	6,020	6,365	-	-	6,020	6,365
Accreted interest on appreciation bonds	165,290	169,923	-	-	165,290	169,923
Sewer-bonds and notes payable	-	-	36,630	38,555	36,630	38,555
Unamortized premium and discounts, net	25,989	18,390	4,801	5,144	30,790	23,534
Total Bonds payable	844,217	975,194	41,431	43,699	885,648	1,018,893
Notes & Leases Payable	68,795	56,679	-	-	68,795	56,679
Other long-term liabilities	478,573	456,353	-	-	478,573	456,353
Total outstanding debt	\$ 1,391,585	\$ 1,488,226	\$ 41,431	\$ 43,699	\$ 1,433,016	\$ 1,531,925

The City's overall total long-term obligations decreased by \$98.9 million compared to the prior fiscal year restated balance. The decrease is primarily attributable to \$293.3 million debt service payments of governmental bonds, \$1.9 million debt service payments of the enterprise fund. The decrease is off-set by \$128.9 million issuance of General Obligation Bond Series 2015A and \$24.8 million issuance in capital leases which includes vehicle lease of \$15.7 million and radio lease of \$9.2 million.

Current Year Long-Term Debt Financing:

- On November 18, 2014, the City entered into a Master Lease - 2014 Vehicles and Equipment for \$15.7 million to finance the acquisition of 269 pieces of equipment and vehicles.
- On March 6, 2015, the City entered into Master Lease - 2015 Telecommunications, Equipment Schedule 1 for \$9.2 million to finance the acquisition of 1,636 P25 radios, related accessories and professional services.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

- On June 2, 2015, the City issued \$128.9 million in General Obligation Refunding Bonds, Series 2015A, (1) current refund all of the remaining outstanding City of Oakland General Obligation Refunding Bonds, Series 2005, (2) advance refund all of the remaining outstanding City of Oakland General Obligation Bonds, Series 2006, Measure G, (3) advance refund all of the remaining outstanding City of Oakland General Obligation Bonds, Series 2009B, Measure DD, and (4) to pay for certain costs related to the issuance of the 2015A Bonds

Additional information on the City's long-term debt obligations can be found in Note H to the financial statements.

Economic Factors and Next Year's Budgets and Tax Rates

The economic indicators highlighted below, among others and including labor union contracts and concessions, were factored into the City's budget formulation process as they relate to revenue forecasting, program planning, and resource allocation for fiscal year 2014-15.

The City's economy continues to grow, which is resulting in a steady growth of General Purpose Fund revenues. While revenues are approaching pre-recession levels, the growth is not enough to restore pre-recession service levels due to rising costs. There is also pressure on the budget to fund long-term deferred maintenance and capital equipment, and long-term unfunded liabilities. The City adopted a balanced budget for fiscal year 2014-15 without layoffs, and continues to invest in public safety, stabilize our workforce, economic growth, job creation and training, education, equipment and technology, and quality of life.

In March 2015, as part of the proposed FY2013-15 Biennial Budget, the City issued a Five-Year Financial Forecast that forecasted revenues and expenditures. The purpose of the Five-Year Financial Forecast is to help the City of Oakland make informed financial and operational decisions by better anticipating long-term future revenues and expenditures. Since that time the City has experienced a continued growth in revenues and boom in the local economy. This economic growth will be reflected in subsequent reports on City revenues and expenditures.

In February of 2017 the City will release a new Five-Year Financial Forecast in preparation for the FY 2017-19 Biennial Budget. This new forecast will address the projected future growth rates of expenditures and revenues, and any other fiscal concerns, based upon information available through December of 2016.

CITY OF OAKLAND
Management's Discussion and Analysis (unaudited) (continued)
Year Ended June 30, 2015

The City of Oakland's unemployment rate decreased to 5.7 percent in June 2015 compared to an average unemployment rate of 9.0 percent for June 2014.

The Bay Area's consumer price index for all urban consumers in June 2015 was 259,117 compared to 253.317 in June 2014 and to the U.S. city average consumer price index (CPI-U) for all urban consumers at 238,638 (Base period: 1982 – 84 = 100).

Estimated population for January 1, 2015 is 410,603 with an estimated total number of households of 156,724, an average household size of 2.6 persons, and a per capita personal income of \$33,609.

PERS pension rates, and health care costs have been factored into the City's mid-cycle budget for Fiscal Year 2014-15.

Requests for Information

This financial report is designed to provide a general overview of the City of Oakland's finances for all those with an interest in the City's fiscal and economic affairs. Requests for additional financial information should be addressed to the Finance Department, Controller's Bureau, City of Oakland, 150 Frank H. Ogawa Plaza, Suite 6353; Oakland, California 94612-2093. This report is also available online at <http://www.oaklandnet.com>.

CITY OF OAKLAND
Reconciliation of the Governmental Funds Balance Sheet to the
Statement of Net Position for Governmental Activities
June 30, 2015
(In Thousands)

Fund balances - total governmental funds (page 25) \$ 639,129

Amounts reported for governmental activities in the statement of net position are different due to the following:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Primary government capital assets, net of depreciation	\$ 1,310,939	
Less: internal service funds' capital assets, net of depreciation	<u>(27,908)</u>	1,283,031

Prepaid insurance premiums on long-term debt are not financial resources and, therefore, are not reported in the governmental funds.

1,167

Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not accrued as a liability in the governmental funds.

Interest payable on long-term debt of the primary government	\$ (20,855)	
Less: Interest payable on long-term debt of the internal service funds	<u>243</u>	(20,612)

Deferred inflows of resources recorded in governmental fund financial statements resulting from activities in which revenues were earned but funds were not available are reclassified as revenues in the government-wide financial statements.

369,895

Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported in the governmental funds.

Long-term liabilities	\$ (1,391,585)	
Less: long-term liabilities for internal service funds	<u>35,107</u>	(1,356,478)

Deferred outflows of resources in governmental activities related to losses on refunding of debt are not financial resources and, therefore, are not reported in the governmental funds.

20,371

Net pension liability and deferred outflows of resources and deferred inflows of resources related to pensions on the government-wide statement of net position are not due and payable in the current period, and therefore are not reported in the governmental funds.

Net pension liability	\$ (1,061,879)	
Deferred outflows of resources related to pension	86,398	
Deferred inflows of resources related to pension	<u>(187,037)</u>	(1,162,518)

Internal service funds are used by the City to charge the costs of providing supplies and services, fleet and facilities management, and use of radio and communication equipment to individual funds. Assets and liabilities of internal service funds are included in governmental activities in the statement of net position.

CITY OF OAKLAND
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities of
Governmental Activities
Year Ended June 30, 2015
(In Thousands)

Net change in fund balances - total governmental funds (page 27)	\$	15,910
Amounts reported for governmental activities in the statement of activities are different due to the following:		
Government funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay and other capital transactions exceeds depreciation in the current period.		
Primary government:		
Capital asset acquisition	\$	156,094
Properties transferred from ORSA		33,301
Depreciation		(58,975)
Less: net changes of capital assets within internal service funds		120,106
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. Also, loans made to developers and others are treated as urban redevelopment and housing expenditures at the time the loans are made and are reported as revenues when the loans are collected in the funds. This represents the change in the deferred outflows during the current period.		
		(3,020)
Some expenses such as claims, workers' compensation, and vacation and sick leave reported in the statement of activities do not require the use of current financial resources, and therefore are not reported as expenditures in governmental funds.		
		(7,056)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt and the advance refunding of debt consume the current financing sources of the governmental funds. These transactions, however, have no effect on net position. This is the amount by which principal retirement exceeded bond proceeds in the current period.		
Debt and capital lease principal, accretion and refunding bond escrow payments	\$	303,473
Issuance of refunding bonds		(128,895)
Net premium on issuance of refunding bonds		159,106
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Amortization of bond premiums and discounts	\$	7,873
Amortization of prepaid bond insurance premium on long-term debt		(503)
Amortization of deferred outflows of refunding loss		(4,054)
Accreted interest on appreciation bonds		(17,973)
Changes in accrued interest on bonds and notes payable		(10,991)
Changes in Coliseum Authority pledged obligation		3,780
Changes in mandated environmental remediation obligations		683
Changes in pension obligations		179,917
Changes in deferred outflows of resources		15,690
Changes in deferred inflows of resources		(187,037)
Changes on postemployment benefits other than pension benefits (OPEB)		(21,827)
Changes on fair value of the interest swap agreement		2,200
		(32,242)
The net income of activities of internal service funds is reported with governmental activities		3,385
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES (page 24)	\$	256,183

The notes to the basic financial statements are an integral part of this statement.

NOTES TO THE BASIC FINANCIAL STATEMENTS

CITY OF OAKLAND
Notes to the Basic Financial Statements
Year Ended June 30, 2015

(I) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Primary Government

The City of Oakland, California (the City or Primary Government) was incorporated on May 25, 1852, by the State of California and is organized and exists under and pursuant to the provisions of State law. The Mayor/Council form of government was established in November 1998 through Charter amendment. The legislative authority is vested in the City Council and the executive authority is vested in the Mayor with administrative authority resting with the City Administrator.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the City's operations and are combined with the data of the Primary Government within the governmental activities column in the government-wide financial statements and governmental funds in the fund financial statements.

Blended Component Units

Oakland Redevelopment Successor Agency (ORSA) - On June 28, 2011, Assembly Bill X1 26 (AB X1 26) was enacted. This legislation is referred to herein as the Redevelopment Dissolution Law. On December 29, 2011, the California Supreme Court upheld the constitutionality of AB X1 26 and all redevelopment agencies in California were dissolved by operation of law effective February 1, 2012. The legislation provides for successor agencies and oversight boards that are responsible for overseeing the dissolution process and wind down of redevelopment activity. At the City's meeting on January 10, 2012, the City Council affirmed its decision as part of resolution number 83679 C.M.S. to serve as the ORSA, effective February 1, 2012, and as such is a component unit of the City. Also, in the same meeting, the City Council elected as part of resolution number 83680 C.M.S. to retain the housing assets, functions and powers previously performed by the former Agency.

The ORSA was created to serve as a custodian for the assets and to wind down the affairs of the former Redevelopment Agency of the City of Oakland (Agency). The ORSA is a separate public entity from the City, subject to the direction of an Oversight Board. The Oversight Board is comprised of seven-member representatives from local government bodies: two City representatives appointed by the Mayor; two County of Alameda (County) representatives; the County Superintendent of Education; the Chancellor of California Community Colleges; and a representative of the largest special district from the taxing entities.

In general, the ORSA's assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). ORSA will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former Agency until all enforceable obligations of the former Agency have been paid in full and all assets have been liquidated. Based upon the nature of the ORSA's custodial role, ORSA is reported in a fiduciary fund (private-purpose trust fund) in the City's financial statements.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Oakland Joint Powers Financing Authority (JPFA) - JPFA was formed to assist in the financing of public capital improvements. JPFA is a joint exercise agency organized under the laws of the State of California and was composed of the City and the former Agency. The Oakland City Council serves as the governing board for JPFA. JPFA transactions are reported in other governmental funds. Related debt is included in the long-term obligations of the City in the governmental activities column of the statement of net position. AB X1 26 as amended by AB 1484 was enacted and all redevelopment agencies in California were dissolved by operation of law effective February 1, 2012. The dissolution law provides that ORSA is a separate legal entity from the City, with ORSA holding all of the transferred assets and obligations of the former Redevelopment Agency (other than the housing assets). Therefore, ORSA assumed the former Redevelopment Agency's role as member of the JPFA as of February 1, 2012 per AB X1 26.

Discretely Presented Component Unit

Port of Oakland (Port) - is a legally separate component unit established in 1927 by the City. Operations include the Oakland International Airport and the Port of Oakland Marine Terminal Facilities. Although the Port has a significant relationship with the City, it is fiscally independent and does not provide services solely to the City and, therefore, is presented discretely. All interfund transactions have been eliminated. The Port is governed by a seven-member Board of Port Commissioners (Board of Commissioners) that is appointed by the City Council, upon nomination by the Mayor. The Board of Commissioners appoints an Executive Director to administer operations. The Port prepares and controls its own budget, administers and controls its fiscal activities, and is responsible for all Port construction and operations. The Port is required by City charter to deposit its operating revenues in the City Treasury. The City is responsible for investing and managing such funds. The Port is presented in a separate column in the government-wide financial statements.

Complete financial statements of the individual component unit may be obtained from:

City of Oakland,
Finance Department, Controller's Bureau
150 Frank H. Ogawa Plaza, 6th Floor, Suite 6353
Oakland, CA 94612-2093

B. FINANCIAL STATEMENT PRESENTATION

Government-wide and Fund Financial Statements

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City and its component units. The effect of interfund activity has been removed from these statements except for interfund services provided among funds. *Governmental activities*, which are normally supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the Primary Government is reported separately from its discretely presented component unit for which the Primary Government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and a major individual enterprise fund are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial activities and resources of the general government except those required to be accounted for in another fund. These activities are funded principally by property taxes, sales and use taxes, business, utility and real estate transfer taxes, interest and investment income, and charges for services.

The **Federal/State Grant Fund** accounts for various Federal and State grants and certain state allocations used or expended for a specific purpose, activity or program.

The **Low and Moderate Income Housing Asset Fund (LMIHF)** is a special revenue fund that was created to administer the housing assets and functions related to the Low and Moderate Income Housing program retained by the City following the dissolution of the former Agency. Prior to the dissolution of redevelopment agencies, the LMIHF accounted for the Agency's affordable housing activities, including the 20% redevelopment property tax revenue (i.e. former tax increment) set-aside for low and moderate income housing and related expenditures. Upon dissolution of the former Agency and the City Council's election to retain the housing activities previously funded by the former Agency, the City created LMIHF and transferred the assets and affordable housing activities.

The **Municipal Capital Improvement Fund** accounts primarily for monies pertaining to capital improvement funds, which includes mainly capital financing projects funds:

- *Oakland Redevelopment Successor Agency* - Unspent bond proceeds transferred to the City. The California Department of Finance approved the bond expenditure agreement between ORSA and the City to transfer excess tax allocation bond proceeds to the City. The Bond Spending Plan allows for ORSA to utilize proceeds derived from bonds issued prior to January 1, 2011 in a manner consistent with the original bond covenants.
- *Measure DD* – Capital improvement bond financing funds for clean water, safe parks & open space trust for the City.
- *Measure G* – Capital improvement bond financing funds for Oakland Zoo, Museum and Chabot & Space Center improvements.
- *Master Lease Agreement Financing* – Capital improvement for vehicles and equipment, and telecommunications.
- *Other miscellaneous capital improvement funds* - The fund also comprise of other municipal capital improvement funds which may be used for the lease, acquisition, construction or other improvements of public facilities.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The ***Other Special Revenue Funds*** accounts for activities of several Special Revenue Funds, which include mainly the following local measures and funds:

- *Measure Y – Violence Prevention and Public Safety Act of 2004.* The measure provides for the following services; community and neighborhood policing; violence prevention services with an emphasis on youth and children; fire services and evaluation.
- *Measure C – Oakland Hotel Tax.* This additional transient occupancy tax was approved to fund the following entities; Oakland Convention and Visitors Bureau 50%; Oakland Zoo 12.5%; Oakland Museum of California 12.5%; Chabot Space and Science Center 12.5% and the City Cultural Arts Programs and Festivals 12.5%.
- *Measure Q – Library Services Retention and Enhancement.* In March 2004, the electorate of Oakland approved, by more than a two-thirds majority, the extension of the Library Services and Retention Act, Measure Q (formerly known as Measure O). The act re-authorized and increased a special parcel tax on residential and non-residential parcels for the purpose of raising revenue to retain and enhance library services. The term of the tax is 20 years, commencing July 1, 2004 and ending June 30, 2024.
- *Measure WW – East Bay Regional Park District local grant program.* The funds are for various Oakland parks and open space renovation projects.
- *Measure N – Paramedics Services Act.* The revenue from the measure are to provide for increase, enhance and support paramedic services in the City.
- *Oakland Kids’ First Fund.* The charter requires 3.0% of the City’s unrestricted general purpose fund revenues for the fund. The funds provide additional funding for programs and services benefiting children and youth.
- *Development Service Fund.* The revenue sources for the development service fund will be the fees and penalties for development and enforcement activities, such as land use, permit, inspection, and abatement services for both direct and indirect costs.
- *Other miscellaneous special revenue funds.* Account for several other restricted monies that are classified as special revenue funds.

The City reports the following major enterprise fund:

The ***Sewer Service Fund*** accounts for the sewer service charges received by the City based on the use of water by East Bay Municipal Utility District customers residing in the City. The proceeds from the sewer charges are used for the construction and maintenance of sanitary sewers and storm drains and the administrative costs of the fund.

Additionally, the City reports the following fund types:

The ***Internal Service Funds*** account for the purchases of automotive and rolling equipment; radio and other communication equipment; the repair and maintenance of City facilities; acquisition, maintenance and provision of reproduction equipment and services; acquisition of inventory provided to various City departments on a cost reimbursement basis; and procurement of materials, supplies, and services for City departments.

The ***Pension Trust Funds*** account for closed benefit plans that cover uniformed employees hired prior to July 1976 and non-uniformed employees hired prior to September 1970.

The ***Private Purpose Trust Funds*** include: (a) the Oakland Redevelopment Successor Agency Trust Fund, which accounts for the custodial responsibilities that are assigned to the Oakland Redevelopment

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Successor Agency with passage of AB X1 26 (b) the Other Private Purpose Trust Fund, which accounts for assets and liabilities from the former Oakland Redevelopment Agency and for the operations of the Youth Opportunity Program and certain gifts that are not related to Agency projects or parks, recreation and cultural, activities, and (c) the Private Pension Trust Fund, which accounts for the employee deferred compensation plan.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The City considers property tax revenues to be available for the year levied and if they are collected within 60 days of the end of the fiscal period. All other revenues are considered to be available if they are collected within 120 days of the end of the fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, state and local taxes, grants, licenses, charges for services, and interest and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Special assessments are recorded as revenues and receivables to the extent installments are considered available. The estimated installments receivable not considered available, as defined above, are recorded as receivables and offset by deferred inflows of resources.

Charges between the City and the Port are not eliminated because the elimination of these charges would distort the direct costs and revenues reported.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges for customer services including: sewers, golf courses, vehicle acquisition and maintenance, radio and telecommunication support charges, charges for facilities maintenance, and reproduction services. Operating expenses for enterprise funds and internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All other revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

D. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

E. New Pronouncements

During the year ended June 30, 2015, the City implemented the following Governmental Accounting Standards Board (the "GASB") Statements:

In June 2012, the GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27* (GASB Statement No. 68), which addresses the accounting and financial reporting requirements for pensions. The provisions of GASB Statement No. 68 separate accounting and financial reporting from how pensions are funded and require changes in the notes to the financial statements and required supplementary information. Significant changes include an actuarial calculation of the total pension liability. It also includes comprehensive footnote disclosure regarding the pension liability, the sensitivity of the net pension liability to the discount rate, and the pension expense and related deferred outflows/inflows of resources disclosures (See Note 2.L). For the year ended June 30, 2015 the City implemented GASB Statement No.71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*. This statement is intended to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The issues related to amounts associated with contributions, if any, made by a state of local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

As of July 1, 2014, the City restated the beginning net position to record the beginning deferred pension contributions and net pension liability as follows (dollars in thousands):

	Governmental Activities	Business-Type Activities	Total	Component Unit Port of Oakland
Net position - beginning, as previously reported	\$ 981,818	\$ 196,334	\$ 1,178,152	\$ 1,110,191
Change in accounting principles	(1,506,760)	(32,236)	(1,538,996)	(182,324)
Net Position - beginning, as restated	\$ (524,942)	\$ 164,098	\$ (360,844)	\$ 927,867

	Sewer Service	Nonmajor Enterprise Fund Parks and Recreation	Total	Internal Service Funds
Net position - Beginning, as previously reported	\$ 192,675	\$ 3,659	\$ 196,334	\$ (9,103)
Change in accounting principles	(32,022)	(214)	(32,236)	(37,026)
Net position - beginning, as restated	\$ 160,653	\$ 3,445	\$ 164,098	\$ (46,129)

In January 2013, the GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. This statement is intended to improve accounting and financial reporting for U.S. state and local governments' combinations and disposals of government operations. Government combination include merger, acquisition, and a transfer of operations. A disposal of government operations can occur through a transfer to another government or a sale. Application of Statement No. 69 did not have any effect on the City's financial statements.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The City is currently analyzing its accounting practices to determine the potential impact on the financial statements for the following GASB Statements:

In February 2015, the GASB issued Statement No. 72, *Fair Value Measurement and Application*. This statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement provides guidance for determining a fair value measurement for financial reporting purposes. This statement also provides guidance for applying fair value to certain investments and acquisition value to certain assets and disclosures related to all fair value measurements. Application of this statement is effective for the City's fiscal year ending June 30, 2016.

In June 2015, the GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, *Accounting and Financial Reporting for Pensions*, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, *Financial Reporting for Pension Plans*, and Statement 68 for pension plans and pensions that are within their respective scopes. Application of this statement is effective for the City's fiscal year ending June 30, 2017.

In June 2015, the GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. It also includes requirements for defined contribution OPEB plans that replace the requirements for those OPEB plans in Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*, as amended, Statement No. 43, and Statement No. 50, *Pension Disclosures*. Application of this statement is effective for the City's fiscal year ending June 30, 2017.

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. This statement replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, for OPEB. This statement addresses accounting and financial reporting for OPEB and establishes standards for recognizing and measuring liabilities, deferred outflows/inflows of resources, and expenses/expenditures. Application of Statement No. 75 is effective for the City's fiscal year ending June 30, 2018.

In June 2015, the GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. This Statement supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The requirements in this Statement improve financial reporting by (1) raising the category of GASB Implementation Guides in the GAAP hierarchy, thus providing the opportunity for broader public input on implementation guidance; (2) emphasizing the importance of analogies to authoritative literature when the accounting treatment for an event is not specified in authoritative GAAP; and (3) requiring the consideration of consistency with the GASB Concepts Statements when evaluating accounting treatments specified in nonauthoritative literature. Application of this statement is effective for the City's fiscal year ending June 30, 2016.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

In August 2015, the GASB issued Statement No. 77, *Tax Abatement Disclosures*. This Statement requires governments that enter into tax abatement agreements to disclose the following information about the agreements:

- Brief descriptive information, such as the tax being abated, the authority under which tax abatements are provided, eligibility criteria, the mechanism by which taxes are abated, provisions for recapturing abated taxes, and the types of commitments made by tax abatement recipients. The gross dollar amount of taxes abated during the period.
- Commitments made by a government, other than to abate taxes, as part of a tax abatement agreement.

Application of this statement is effective for the City's fiscal year ending June 30, 2016.

F. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Equity

1. Cash and Investments

The City follows the practice of pooling cash of all operating funds for investment, except for the Oakland Redevelopment Successor Agency whose funds are held by outside custodians. Investments are generally carried at fair value. The fair value represents the amount the City could reasonably expect to receive for an investment in a current sale between a willing buyer and seller. The fair value of investments is obtained by using quotations from independent published sources. Money market investments (such as short-term, highly liquid debt instruments including commercial paper, banker's acceptances, U.S. Treasury and agency obligations) that have a remaining maturity at the time of purchase of one year or less, and participating interest-earning investment contracts (such as negotiable certificates of deposit, repurchase agreements and guaranteed or bank investment contracts) are carried at amortized cost. Changes in fair value of investments are recognized as a component of interest and investment income. Income earned or losses arising from the investment of pooled cash are allocated on a monthly basis to the participating funds and component units based on their proportionate share of the average daily cash balance.

Proceeds from debt and other cash and investments held by fiscal agents by agreement are classified as restricted assets.

Short-term investments are reported at cost, which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price at current exchange rates. Mortgages are reported based on the remaining principal balances which approximate the value of future principal and interest payments discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on prices in a competitive market as determined by a specialist.

For purposes of the statement of cash flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The proprietary funds' investments in the City's cash and investment pool are, in substance, demand deposits and are therefore considered to be cash equivalents.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

2. Property Taxes

The County of Alameda is responsible for assessing, collecting, and distributing property taxes in accordance with enabling state law, and for remitting such amounts to the City. Property taxes are assessed and levied as of July 1 on all taxable property located in the City, and result in a lien on real property on January 1. Property taxes are then due in two equal installments—the first on November 1 and the second on February 1 of the following calendar year and are delinquent after December 10 and April 10, respectively. General property taxes are limited to a flat 1% rate applied to the 1975-76 full value of the property, or 1% of the sales price of the property or of the construction value added after the 1975-76 valuation. Assessed values on properties (exclusive of increases related to sales and construction) can rise a maximum of 2% per year. Taxes were levied at the maximum 1% rate during the year ended June 30, 2015.

3. Due From/Due To Other Funds and Internal Balances

During the course of operations, numerous transactions and borrowings occur between individual funds for goods provided or services rendered and funds that have overdrawn their share of pooled cash and interfund loans. In the fund financial statements, these receivables and payables are classified as “due from other funds” and “due to other funds”, respectively. In the government-wide financial statements, these receivables and payables are eliminated within the governmental activities and business-type activities columns. Net receivables and payables between the governmental activities and business-type activities are classified as internal balances.

4. Interfund Transfers

In the fund financial statements, interfund transfers are recorded as transfers in/out except for certain types of transactions that are described below:

Charges for services are recorded as revenues of the performing fund and expenditures of the requesting fund. Unbilled costs are recognized as an asset of the performing fund and a liability of the requesting fund at the end of the fiscal year.

Reimbursements for expenditures, initially made by one fund that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the fund that is reimbursed. Reimbursements are eliminated for purposes of government-wide reporting.

5. Prepaid Bond Insurance, Original Issue Discounts and Premiums, and Refundings

Prepaid bond insurance costs are amortized using the straight-line method over the life of the bonds. Amortization of these balances is recorded as a component of operating expenses. In the government-wide, proprietary fund, and fiduciary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are amortized using the straight-line method over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Gains or losses from refunding of debt are reported as deferred inflows or outflows of resources and amortized over the shorter of the life of the refunded debt or refunding debt. Amortizations of bond premiums and discounts and gains or losses from refunding of debt are recorded as a component of interest expense.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

6. Inventories

Inventories, consisting of materials and supplies held for consumption, are stated at cost. Cost is calculated using the average cost method. Inventory items are considered expensed when consumed rather than when purchased.

7. Capital Assets

Capital assets, which include land, museum collections, intangibles, construction in progress, facilities and improvements, furniture, machinery and equipment, infrastructure (e.g., streets, streetlights, traffic signals, and parks), sewers and storm drains are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Capital outlay is recorded as expenditures in the governmental funds and as assets in the government-wide and proprietary financial statements to the extent the City's capitalization threshold is met.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life is not capitalized.

The City has a collection of artwork presented for public exhibition and education that is being preserved for future generations. These items are protected, kept unencumbered, cared for, and preserved by the City. The proceeds from the sale of any pieces of the collection are used to purchase other acquisitions for the collection. However, future acquisitions purchased with authorized budgeted City funds during a fiscal year will be reported as non-depreciable assets in the City's financial statements.

The City's depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Facilities and improvements	5-40 years
Furniture, machinery and equipment	2-20 years
Sewer and storm drains	50 years
Infrastructure	5-50 years

The Port's depreciation of capital assets is provided on the straight-line basis over the following estimated useful lives:

Building and improvements	5-50 years
Container cranes	25 years
Infrastructure	10-50 years
Other equipment	5-10 years
Software	20 years

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

8. Property Held for Resale

Property held for resale was acquired as part of the former Agency's redevelopment program. These properties are both residential and commercial. Costs of administering the projects are charged to the municipal capital improvement fund as expenditures are incurred. A primary function of the redevelopment process is to prepare land for specific private development. For financial statement presentation, property held for resale is stated at the lower of estimated cost or estimated conveyance value. Estimated conveyance value is management's estimate of net realizable value of each property parcel based on its current intended use.

During the period it is held by the City, property held for resale may generate rental or operating income. This income is recognized as it is earned in the City's statement of activities and generally is recognized in the City's governmental funds in the same period depending on when the income becomes available on a modified accrual basis of accounting. The City does not depreciate property held for resale, as it is the intention of the City to only hold the property for a period of time until it can be resold for development.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has deferred outflows of resources related to pension contributions subsequent to measurement date. Also, losses on refunding result from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt. Amortization of these balances is recorded as a component of interest expense.

In addition to liabilities, the statement of net position and governmental funds balance sheet will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has deferred inflows of resources related to unavailable revenues reported under the modified accrual basis of accounting in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, notes and loan receivables, grant receivables/advances from the federal and State, and other sources as appropriate. These amounts are deferred and recognized as revenues in the period the amounts become available. The City also has deferred inflows of resources related to the unamortized gains on refunding of debt and differences between projected and actual earnings on investment.

10. Compensated Absences – Accrued Vacation, Sick Leave, and Compensatory Time

The City's policy and its agreements with employee groups permit employees to accumulate earned but unused vested vacation, sick leave and other compensatory time. All earned compensatory time is accrued when incurred in the government-wide financial statements and the proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they are due and payable.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

11. Retirement Plans

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City of Oakland's Public Employee's Retirement System (CalPERS) plans and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. The City has four defined benefit retirement plans: Oakland Police and Fire Retirement System (PFRS), Oakland Municipal Employees' Retirement System (OMERS) and the Miscellaneous and the Public Safety Plans of the California Public Employees' Retirement System (PERS) (collectively, the Retirement Plans). Employer contributions and member contributions made by the employer to the Retirement Plans are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the provisions of the Retirement Plans. Refer to Note 2.L for additional information.

12. Other Postemployment Benefits (OPEB)

The OPEB plan covers Police, Fire, and Miscellaneous employees. City retirees are eligible for retiree health benefits if they meet certain requirements relating to age and service. Retiree health benefits are described in the labor agreements between the City and Local Unions and in City resolutions. The demographic rates used for the California Public Employee Retirement System (PERS) were public safety employees retirements benefits under a 3% at 50 formula and miscellaneous employees retirement benefits under a 2.7% at 55 formula. See section A.3 to note 2L to part III for additional information.

13. Pollution Remediation Obligations

Under the provisions of GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, the City recorded remediation liabilities related to its pollution remediation activities. See Note B to part III for additional information.

14. Fund Balances

Under GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the financial statements reporting for governmental funds classify fund balances based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which those funds can be spent. Fund balance for the City's governmental funds consists of the following categories:

- *Restricted Fund Balance*: includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers. It also includes a legally enforceable requirement that the resources can only be used for specific purposes enumerated in the law.
- *Committed Fund Balance*: includes amounts that can only be used for the specific purposes determined by City Council ordinance, which is the City's highest level of decision-making authority. Commitments may be changed or lifted only by the City taking the same formal action that imposed the constraint originally.
- *Assigned Fund Balance*: comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed through City Council budgetary action, which includes of

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

appropriations and revenue sources pertaining to the next fiscal year's budget. The City Council adopted a resolution establishing the City's policy budget, which states that assigned fund balances are intended to be used for specific purposes through City Council budgetary actions. Intent is expressed by (a) the City Council or (b) the City Administrator to which the City Council has delegated the authority to assign amounts to be used for specific purposes. This category includes the City's encumbrances, project carry-forwards, and continuing appropriation.

- *Unassigned Fund Balance*: are amounts technically available for any purpose. It's the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. Other governmental funds may only report a negative unassigned balance that was created after classification in one of the other four fund balance categories.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

Fund balances for all the major and nonmajor governmental funds as of June 30, 2015, were distributed as follows (in thousands):

	General Fund	Federal/State Grant Fund	LMHF ¹	Municipal Capital Improvement	Other Special Revenue	Other Governmental Funds	Total
Restricted for:							
Capital projects	\$ -	\$ 527	\$ 1,500	\$ 102,388	\$ -	\$ 28,510	\$ 132,925

¹Low and Moderate Income Housing Asset Fund

15. Special Item:

Special items are either 1) unusual in nature (possessing a high degree of abnormality and clearly unrelated to, or only incidentally related to, the ordinary and typical activities of the entity) or 2) infrequent in occurrence (not reasonably expected to recur in the foreseeable future, taking into account the environment in which the entity operates), and subject to management control. The transfer of excess bond proceeds and the transfer of properties held for resale to the City as requested by the Oakland Redevelopment Successor Agency Oversight Board and approved by DOF pursuant to Health and Safety Code section 34179 (h) qualify as special items since these actions are considered infrequent and requested by management of the City.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Under ABx1 26, adopted on June 28, 2011, as amended by AB 1484 adopted on June 27, 2012, all new redevelopment activities were suspended, with limited exceptions, and redevelopment agencies were dissolved on February 1, 2012. Under this legislation, the California Department of Finance (DOF) and the California State Controller's Office (SCO) have varying degrees of responsibility and oversight. The ultimate outcome of issues raised by State authorities, such as the rejection of using ORSA assets to pay obligations or the return of asset transfers to the ORSA.

Pursuant to Health and Safety Code (HSC) section 34179(h), DOF has completed its review of the Oversight Bond action on Bond Spending Plan and on November 6, 2013, it approved the Bond Spending Plan for ORSA. The Bond Spending Plan allows ORSA to utilize proceeds derived from bonds issued prior to January 1, 2011 in a manner consistent with the original bond covenants. As required by HSC section 34191.4(c) (2) (A), ORSA has listed excess bond proceeds on the January through June 2015 ROPS in the total amount of \$50.6 million which has been approved by DOF. DOF approved the bond expenditure agreement between ORSA and the City to transfer excess tax allocation bond proceeds and properties held for resale to the City. The special item gain was recorded in the government-wide financial statements for (1) the excess bond transfer in the amount of \$10.2 million and (2) the transfer of properties in the amount of \$97.5 million, for a total increase to net position of \$107.7 million. The transfer of properties held for resale from the ORSA Trust Fund in the amount of \$97.5 million was recorded as additions to the City's capital assets in the amount of \$33.1 million and as increases to property held for resale in the amount of \$64.4 million.

On February 9, 2015, the OMERS Board purchased an annuity with Pacific Life Insurance Company for approximately \$1.6 million. All future payments to retirees and beneficiaries will be made by the annuity provider, and all excess funds of appropriately \$2.9 million were transferred to the City and placed into a pension reserve within the General Fund.

16. Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

- *Net Investment in Capital Assets* groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce the balance in this category.
- *Restricted Net Position* consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.
 - Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandated payment of resources and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation.
- *Unrestricted Net Position* represents net position of the City that is not restricted for any project or purpose.

(II) DETAILED NOTES ON ALL FUNDS

A. CASH, DEPOSIT, AND INVESTMENTS

The City maintains a cash and investment pool consisting of City funds and cash held for OMERS, PFRS, and the Port. The City's funds are invested according to the investment policy adopted by the

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

City Council. The objectives of the policy are legality, safety, liquidity, diversity, and yield. The policy addresses soundness of financial institutions in which the City can deposit funds, types of investment instruments permitted by the California Government Code, duration of the investments, and the percentage of the portfolio that may be invested in:

- United States Treasury securities (subject to restrictions by the Nuclear Free Ordinance);
- federal agency issues;
- bankers' acceptances;
- commercial paper;
- medium term corporate notes and deposit notes;
- negotiable certificates of deposit;
- certificates of deposit;
- State of California Local Agency Investment Fund;
- money market mutual funds;
- local city/agency bonds;
- State of California bonds;
- secured obligations and agreements;
- repurchase agreements; and
- reverse repurchase agreements.

The City's investment policy stipulates that the collateral to back up repurchase agreements be priced at market value and be held in safekeeping by the City's primary custodian. Additionally, the City Council has adopted certain requirements prohibiting investments in nuclear weapons makers and restricting investments in U.S. Treasury bills and notes due to their use in funding nuclear weapons research and production.

Other deposits and investments are invested pursuant to the governing bond covenants, deferred compensation plans, or retirement systems' investment policies. Under the investment policies, the investment counsel is given the full authority to accomplish the objectives of the bond covenants or retirement systems subject to the discretionary limits set forth in the policies.

As of June 30, 2015, total City cash, deposits, and investments at fair value are as follows (in thousands):

	Primary Government			Total	Component
	Governmental Activities	Business-type Activities	Fiduciary Funds		Unit
Cash and investments	\$ 293,363	\$ 47,444	\$ 59,171	\$ 399,978	\$ 198,946

TOTAL				\$ 1,137,037	\$ 270,156

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Primary Government

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a failure of a depository financial institution or counterparty to a transaction, the City may be unable to recover the value of the investments or collateral securities in the possession of an outside party. To protect against fraud and potential losses from the financial collapse of securities dealers, all securities owned by the City shall be held in the name of the City for safekeeping by a third party bank trust department, acting as an agent for the City under the terms of the Custody Agreement.

At June 30, 2015, the carrying amount of the City's deposits was \$24.1 million. Deposits include checking accounts, interest earning savings accounts, money market accounts, and nonnegotiable certificates of deposit. The full bank balance of \$55.2 million was collateralized with securities held by the pledging financial institution in the City's name, in accordance with Section 53652 of the California Government Code.

The California Government Code requires that a financial institutions secure its deposits made by state or local government units by pledging securities in undivided collateral pool held by the depository regulated under the state law (unless so waived by the government units). The market value of the pledged government securities and/or first trust deed mortgage notes held in the collateral pool must be at least 110% and 150%, respectively, of the deposit amount. The collateral must be held by the pledging financial institution's trust department and is considered held in the City's name.

Credit Risk: Credit risk represents the possibility that the issuer/counterparty to an investment will be unable to fulfill its obligations. The most effective method for minimizing the risk of default by an issuer is to invest in high quality securities. Under the City investment policy, short-term debt shall be rated at least A-1 by Standard and Poor's (S&P), at the time security is purchased. Long-term debt shall be rated at least A by Standard and Poor's (S&P). Per the California Debt and Management Advisory Commission (CDIAC), it is recommended that the portfolio be monitored, as practical, for subsequent changes in credit rating of existing securities. As of June 30, 2015, approximately 87% of the pooled investments were invested in "AAA" and "AA" quality securities.

The following tables show the City's credit risk for the Pool and Restricted portfolios as of June 30, 2015 (in thousands):

Pooled Investments

	Fair Value	Ratings as of June 30, 2015

Concentration of Credit Risk: The City has an investment policy related to the City's cash and investment pool, which is subject to annual review. Under the City's Investment Policy, no more than five percent (5%) of the total assets of the investments held by the City may be invested in the securities of any one issuer, except the obligations of the United States government or government-sponsored enterprises, investment with the Local Agency Investment Fund, and proceeds of or pledged revenues for any tax and revenue anticipation notes. Per the Investment Policy, investments should conform to Sections 53600 et seq. of the California Government Code and the applicable limitations contained within the policy. Certain other investments are governed by bond covenants which do not restrict the amount of investment in any one issuer.

Investments in one issuer that exceed 5% of the City's investment portfolio at June 30, 2015 are as follows (in thousands):

<u>Investment Type / Issuer</u>	<u>Amount</u>	<u>Percent of City's Investment</u>
U.S. Government Agency Securities:		
Federal Farm Credit Bank	\$ 80,187	10.3%
Federal National Mortgage Association (Fannie Mae)	60,075	7.8%
Federal Home Loan Bank	176,641	22.8%
Federal Home Loan Mortgage Corporation (Freddie Mac)	156,042	20.1%
Annuity Contract:		
New York Life Insurance Company	75,000	10.0%

The following table shows the diversification of the City's portfolio (in thousands):

Pooled Investments

<u>Investment Type</u>	<u>Fair Value</u>	<u>Percent (%) of Portfolio</u>

Negotiable Certificates of Deposit	2,000	0.9%
Annuity Contract	75,000	32.5%
Total Restrictd Investments	\$ 230,528	100.0%

Interest Rate Risk: This risk represents the possibility that an interest rate change could adversely affect an investment's fair value. The longer the maturity of an investment, the greater the sensitivity its fair value is to changes in market interest rates.

As a means for limiting its exposure to changing interest rates, Section 53601 of the State of California Government Code and the City's Investment Policy limit certain investments to short-term maturities such as certificates of deposit and commercial paper, whose maturities are limited 360 days and 270 days, respectively. Also, Section 53601 of the State of California Government Code limits the maximum maturity of any investment to be no longer than 5 years unless authority for such investment is expressly granted in advance by the City Council or authorized by bond covenants. The City continues to purchase a combination of short- term and long-term investments to minimize such risks.

The City uses the segmented time distribution method of disclosure for its interest rate risk. As of June 30, 2015, the City had the following investments and original maturities (in thousands):

Foreign Currency Risk: This is the risk that changes in exchange rates between the U.S. dollar and foreign currencies could adversely affect an investment's fair value. The City only invests in U.S. dollar denominated obligations. This successfully eliminates all risk of principal erosion due to fluctuations in the values of foreign currencies.

Other Disclosures: As of June 30, 2015, the City's investment in LAIF is \$50.0 million. A total amount invested by all public agencies in LAIF at that date is approximately \$21.5 billion. LAIF is part of the Pooled Money Investment Account (PMIA) with a total portfolio of approximately \$69.6 billion, 97.9% is invested in non-derivative financial products and 2.08% in structured notes and asset-backed securities. As of June 30, 2015, LAIF has an average life-month end of 239 days. The Local Investment Advisory Board (Advisory Board) has oversight responsibility for LAIF. The Advisory Board consists of five members as designated by State Statute. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis that is different than the fair value of the City's position in the pool.

Oakland Redevelopment Successor Agency (ORSA)

The ORSA's cash and investment consists of the following at June 30, 2015:

<u>Cash and Investments</u>	<u>Amount</u>
Cash & Investments (unrestricted)	\$ 51,013
Restricted cash & investments	29,759
Total Cash & Investments	\$ 80,772

Investments: ORSA follows the Investment Policy of the City, which is governed by provisions of the California Government Code 53600 and the City's Municipal Code. ORSA also has investments subject to provisions of the bond indentures of the former Agency's various bond issues. According to the Investment Policy and bond indentures, ORSA is permitted to invest in the State of California Local Agency Investment Fund (LAIF), obligations of the U.S. Treasury or U.S. government agencies, time deposits, money market mutual funds invested in U.S. government securities, along with various other permitted investments.

As of June 30, 2015, ORSA invested a total amount of \$50.0 million in U.S. government agency securities, which is comprised of \$42.0 million from its unrestricted accounts and \$8.0 million from the Tax Allocation and Housing Set-Aside Bonds. The remaining balance is invested in money market mutual funds, unrestricted and restricted of \$7.5 million and \$21.8 million respectively.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Custodial Credit Risk: for deposits is the risk that, in the event of the failure of a depository financial institution, ORSA will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, ORSA will not be able to recover the value of the investment or collateral securities that are in the possession of another party.

The California Government Code requires that a financial institution secure its deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by the depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged governmental securities and/or first trust deed mortgage notes held in the collateral pool must be at least 110% and 150% of ORSA's deposits, respectively. The collateral is held by the pledging financial institution's trust department and is held in the ORSA's name.

As of June 30, 2015, the carrying amount of the ORSA's deposits was \$1.5 million. The deposits are insured by the Federal Deposit Insurance Corporation (FDIC) insurance coverage limit of \$0.5 million, and the remaining bank balance of \$1.0 million are collateralized with securities held by the pledging financial institutions as required by Section 53652 of the California Government Code.

ORSA invests in individual investments. Individual investments are evidenced by specific identifiable securities instruments, or by an electronic entry registering the owner in the records of the institution issuing the security, called the book entry system. In order to increase security, the ORSA employs the trust department of a bank or trustee as the custodian of certain ORSA investments, regardless of their form.

Interest Rate Risk: is the risk that changes in market rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market rates. ORSA Investment Policy has mitigated interest rate risk by establishing policies over liquidity. As of June 30, 2015, ORSA had the following investments and original maturities (in thousands):

Pooled Cash and Investments

<u>Type of Investment</u>	<u>Fair Value</u>	<u>Current Yield (%)</u>	<u>Maturities</u>	
			<u>Less than 1 Year</u>	
U.S. Government Agency Securities (Discount)	\$ 41,998	.020-.040	\$ 41,998

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Credit Risk: is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by the nationally recognized statistical rating organizations. ORSA's Investment Policy has mitigated credit risk by limiting investments to the safest types of securities, by prequalifying financial institutions, by diversifying the portfolio and by establishing monitoring procedures.

Pooled Cash and Investments

<u>Type of Investment</u>	<u>Fair Value</u>	<u>S&P Ratings</u> <u>as of June 30, 2015</u>

Concentration of Credit Risk: is the risk that the failure of any one issuer would place an undue financial burden on ORSA. Investments issued by or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are exempt from this requirement, as they are normally diversified themselves.

The following table shows the diversification of ORSA's portfolio as of June 30, 2015 (in thousands):

<u>Type of Investment</u>	<u>Pooled</u> <u>Cash and Investments</u>		<u>Restricted</u> <u>Cash and Investments</u>	
	<u>Fair Value</u>	<u>% of Portfolio</u>	<u>Fair Value</u>	<u>% of Portfolio</u>

Federal Home Loan Bank Discount	\$ 20,999	25.5%
Freddie Mac Discount	11,999	15.1%
Fannie Mae Discount	8,999	11.4%
Federal Farm Credit Bank	8,004	10.1%

Restricted Cash and Investments with Fiscal Agents Under the provisions of the bond indentures, certain accounts with trustees were established for repayment of debt, amounts required to be held in reserve, and temporary investments for unexpended bond proceeds. As of June 30, 2015, the amounts held by the trustees fell by \$29 million to \$29.8 million. All restricted investments held by trustees as of June 30, 2015 were invested in U.S. Government Agency Securities and money market mutual funds, and were in compliance with the bond indentures.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Oakland Municipal Employees' Retirement System (OMERS)

Termination of OMERS Plan and Annuity Purchase

On May 22, 2014, the OMERS Board passed Resolution No. 4839 C.M.S. confirming support of an amendment of Article XX of the City Charter for the purpose of terminating the OMERS Board and authorizing the City to purchase a group annuity from a Board-approved insurance carrier for the payment of future benefits. On July 15, 2014, the City of Oakland Council (Council) approved Resolution No. 85098, to place a Charter Amendment on the November 4, 2014 ballot that would grant Council the ability to terminate the Plan and purchase annuities. On November 4, 2014, City of Oakland voters passed Oakland Measure EE, which grants the City of Oakland Council the authority to terminate OMERS by purchasing a group annuity contract to guarantee pension payments to the remaining OMERS' retirees and beneficiaries.

On January 6, 2015, City of Oakland Council passed corresponding ordinances that (1) amends OMERS Ordinance 713 and (2) terminate the OMERS Plan effective upon the successful purchase of the annuities, and disbursements of all funds. On February 6, 2015, OMERS Board purchased an annuity with Pacific Life Insurance Company for approximately \$1.6 million. OMERS was terminated effective March 31, 2015 and Pacific Life Insurance Company commenced payment of all future benefit payments to the remaining OMERS' retirees and beneficiaries. All excess funds of approximately \$2.9 million were transferred to the City of Oakland on April 1, 2015 and placed into a trust fund for any additional OMERS' expenditures or unanticipated shortfalls.

Deposits in the City's Investment Pool

Cash and deposits consisted of cash in treasury held in the City's cash and investment pool. These funds are invested according to the investment policy adopted by the City Council. Interest earned on these pooled accounts is allocated monthly to all funds based on the average daily cash balance maintained by the respective funds. As of March 31, 2015 and June 30, 2014, OMERS' share of the City's investment pool totaled \$125 and \$26 thousand, respectively. As of June 30, 2015, OMERS' share of the City's investment pool totaled \$74 thousand.

Oakland Police and Fire Retirement System (PFRS)

Deposits in the City's Investment Pool

As of June 30, 2015, cash and cash deposits consisted of cash in treasury held in the City's cash and investment pool as well as cash deposits held in bank and with a custodian. These funds are invested according to the investment policy adopted by the City Council. Interest earned on these pooled accounts is allocated monthly to all funds based on the average daily cash balance maintained by the respective funds. As of June 30, 2015, PFRS' share of the City's investment pool totaled \$3.0 million. As of June 30, 2015, PFRS also had cash and cash deposits not held in the City's investment pool totaled \$60.0 thousand.

Investments

PFRS' investment policy authorizes investment in U.S. equities, international equities, U.S. fixed income securities, instruments including U.S. Treasury notes and bonds, government agency mortgage backed securities, U.S. corporate notes and bonds, collateralized mortgage obligations, yankee bonds and non-U.S. issued fixed income securities denominated in foreign currencies.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

PFRS' investment portfolio is managed by external investment managers, except for the bond iShares which are managed internally. During the year ended June 30, 2015, the number of external investment managers was twelve.

The PFRS investments are also restricted by the City Charter. In November 2006, City voters passed Measure M to amend the City Charter to allow the PFRS Board to invest in non-dividend paying stocks and to change the asset allocation structure from 50% equities and 50% fixed income to the Prudent Person Standard as defined by the California Constitution.

PFRS' investment policy limits fixed income investments to a maximum average duration of 10 years and a maximum remaining term to maturity (single issue) at purchase of 30 years, with targeted portfolio duration of between 3 to 8 years and targeted portfolio maturity of 15 years. PFRS' investment policy with respect to fixed income investments identifies two standards for credit quality. The policy allows the fixed income managers to invest in securities with a minimum rating of B- or higher as long as the portfolio maintains an average credit quality of BBB (investment grade using Standard & Poor's, Moody's, or Fitch ratings).

PFRS' investment policy states that investments in derivative securities known as Collateralized Mortgage Obligations (CMOs) shall be limited to a maximum of 20% of a broker account's fair value with no more than 5% in any one issue. CMOs are mortgage-backed securities that create separate pools of pass-through rates for different classes of bondholders with varying maturities. The fair value of CMOs are considered sensitive to interest rate changes because they have embedded options.

The investment policy allows for each fixed income asset manager to have a maximum of 10% of any single security investment in their individual portfolios with the exception of U.S. government securities, which is allowed to have a maximum of 25% in each manager's portfolio.

The following was the Board's adopted investment policy as of June 30, 2015:

<u>Asset Class</u>	<u>Target Allocation</u>
Fixed Income	20%
Real Return	10%
Covered Calls	10%
Domestic Equity	43%
International Equity	12%
Private Equity	5%
Total	<u>100%</u>

Interest Rate Risk: This is the risk that changes in interest rates will adversely affect the fair value of an investment. PFRS' investment policy limits fixed income investments to a maximum average duration of 10 years and a maximum remaining term to maturity (single issue) at purchase of 30 years, with targeted portfolio duration of between 3 to 8 years and targeted portfolio maturity of 15 years. The weighted average duration for PFRS' fixed income investment portfolio excluding fixed short-term investments and securities lending investments was 5.19 years as of June 30, 2015. As of June 30, 2015, PFRS had the following fixed income investments by category (in thousands):

Not Rated	509	0.7%
Total Fixed Income Investments	\$71,538	100.0%

As of June 30, 2015, the securities lending collateral of \$55.2 million was not rated.

Concentration of Credit Risk: This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. As of June 30, 2015, no investment in any single issuer exceeded 5% of PFRS' net position.

Rate of return: For the year ended June 30, 2015, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 3.9%. The money-weighted rate of

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of a failure of a depository financial institution or counterparty to a transaction, there will be an inability to recover the value of deposits, investments, or collateral securities in the possession of an outside party.

The California Government Code requires that governmental securities or first trust deed mortgage notes be used as collateral for demand deposits and certificates of deposit at 110 percent and 150 percent, respectively, of all deposits not covered by federal deposit insurance. As the City holds cash and certificates of deposit on behalf of PFRS, the collateral must be held by the pledging financial institution's trust department and is considered held in the City's name. For all other PFRS deposits, the collateral must be held by the pledging financial institution's trust department and is considered held in PFRS' name.

The City, on behalf of PFRS, does not have any funds or deposits that are not covered by depository insurance, which are either uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent, but not in the City's name. PFRS does not have any investments that are not registered in the name of PFRS and are either held by the counterparty or the counterparty's trust department or agent, but not in PFRS' name.

Foreign Currency Risk: Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair values of an investment or deposit. Currency hedging is allowed under the PFRS investment policy for defensive purposes only. The investment policy limits currency hedging to a maximum of 25% of the portfolio value.

The following summarizes PFRS' investments denominated in foreign currencies as of June 30, 2015 (in thousands):

Austrialian Dollar	\$	579
Brazilian Real		251
Canadian Dollar		490
Danish Krone		889
Euro		8,015
Hong Kong Dollar		3,581
Indonesian Rupiah		435
Japanese Yen		3,862
Mexican Peso		626
Norwegian Kroner		320
Singapore Dollar		531
Swedish Krona		362
Swiss Franc		3,416
Turkish Lira		122
United Kingdom Pound		6,214
Total	\$	<u>29,693</u>

Securities Lending Transactions: PFRS is authorized to enter into securities lending transactions which are short-term collateralized loans of PFRS securities to brokers-dealers with a simultaneous agreement allowing PFRS to invest and receive earnings on the loan collateral for a loan rebate fee. All securities loans can be terminated on demand by either PFRS or the borrower, although the average term of such loans is one week.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The Bank of New York Mellon administers the securities lending program. The administrator is responsible for maintaining an adequate level of collateral in an amount equal to at least 102% of the market value of loaned U.S. government securities, common stock and other equity securities, bonds, debentures, corporate debt securities, notes, and mortgages or other obligations. Collateral received may include cash, letters of credit, or securities. If securities collateral is received, PFRS cannot pledge or sell the collateral securities unless the borrower defaults. PFRS does not match the maturities of investments made with cash collateral with the securities on loan.

As of June 30, 2015, management believes that PFRS has minimized its credit risk exposure to borrowers because the amounts held by PFRS as collateral exceeded the securities loaned by PFRS. PFRS' contract with The Bank of New York Mellon requires it to indemnify PFRS if the borrowers fail to return the securities (and if the collateral is inadequate to replace the securities borrowed) or fail to pay PFRS for income distributions by the securities' issuers while the securities are on loan.

The following table summarizes investments in securities lending transactions and collateral received as of June 30, 2015 (in thousands):

Securities on loan:	
U.S. Government and Agencies	\$ 11,375
U.S. Corporate Bonds	2,866
U.S. Equity	39,308
Non-U.S. Fixed Income	102
Non-U.S. Equity	430
Total Securities on Loan	\$ 54,081
Investment cash Collateral Received:	
Repurchase Agreements	55,226
Total Investment cash Collateral Received:	\$ 55,226

Fair Value Highly Sensitive to Change in Interest Rates: The terms of a debt investment may cause its fair value to be highly sensitive to interest rate changes. PFRS has invested in collateralized mortgage obligations (CMOs), which are mortgage-backed bonds that pay pass-through rates with varying maturities. The fair values of CMOs are considered sensitive to interest rate changes because they have embedded options, which are triggers related to quantities of delinquencies or defaults in the loans backing the mortgage pool. If a balance of delinquent loans reaches a certain threshold, interest and principal that would be used to pay junior bondholders is instead directed to pay off the principal balance of senior bondholders and shortening the life of the senior bonds. The following table shows PFRS' investments in CMOs as of June 30, 2015 (in thousands):

Securities Name	Weighted Average Coupon Rate	Weighted Average Maturity (Years)	Fair Value	Percent of Total Investment Fair Value
Commercial Mortgage Pass-Through	3.52%	10.38	\$ 2,892	0.69%

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Discretely Presented Component Unit – Port of Oakland

The Port's cash, cash equivalents, investments and deposits in escrow consisted of the following at June 30 (in thousands):

U.S. Treasury Notes	\$	57,867
Government Securities Money Market Mutual Funds		272
City Investment Pool		208,098
Deposits in Escrow		3,919
	\$	270,156

Deposits in escrow consist of amounts received from construction contractors that are deposited into an escrow account in-lieu of retention withheld from construction progress billings. Interest on these deposits accrues to the contractor.

Investments Senior Lien Bonds reserves are on deposit with the Senior Lien Bonds trustee. The investment of funds held by the Senior Lien Bonds trustee is governed by the Senior Trust Indenture and is currently invested in either 1) U.S. Treasury Notes or 2) Government Securities Money Market Mutual Funds. There were no investments pertaining to the Intermediate Lien Debt.

Under the City of Oakland Charter, all cash receipts from the operations of the Port are deposited in the City Investment Pool. These funds are managed and invested by the City, pursuant to the City's Investment Policy, that the City administers and reviews annually. For this reason, the Port does not maintain its own investment policy and relies on the City Investment Policy to mitigate the risks described below.

At June 30, 2015 the Port had the following investments (in thousands):

	<u>Fair Value</u>	<u>Credit Rating per Moody's</u>	<u>Maturity</u>	
			<u>Less than 1 Year</u>	<u>1-5 Years</u>
U.S. Treasury Notes	\$ 57,867	Aaa	\$ -	\$ 57,867
Government Securities Money Market Mutual Funds	272	Aaa	272	-
City Investment Pool	<u>208,098</u>	Not rated	<u>208,098</u>	<u>-</u>
Total Investments	<u>\$ 266,237</u>		<u>\$ 208,370</u>	<u>\$ 57,867</u>

Investments Authorized by Debt Agreements: The following are the types of investments generally allowed under the Senior Trust Indenture and the Intermediate Trust Indenture dated as of October 1, 2007 (Intermediate Trust Indenture, together with the Senior Trust Indenture, are referred to as the Trust Indentures): U.S. Government Securities, U.S. Agency Obligations, obligations of any State in the U.S., prime commercial paper, FDIC insured deposits, certificates of deposit/banker's acceptances, money market mutual funds, long or medium-term corporate debt, repurchase agreements, state-sponsored investment pools, investment contracts, and forward delivery agreements.

Interest Rate Risk: This risk represents the possibility that an interest rate change could adversely affect an investment's fair value. Pursuant to the City Charter, all cash receipts from Port operations are deposited in the City Investment Pool. For this reason, the Port does not have a formal policy to manage interest risk.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

In order to manage interest rate risk:

- Proceeds from bonds are invested in permitted investments, as stated in the Trust Indentures, with short term maturities.
- The deposits held by the City Treasury pursuant to the City's Investment Policy and Section 53601 of the State of California Government Code, limits the maximum maturities of certain investments. Also, Section 53601 limits the maximum maturity of any investment to be no longer than 5 years unless authority for such investment is expressly granted in advance by the City Council or authorized by bond covenants.

Credit Risk: This risk represents the possibility that the issuer/counterparty to an investment will be unable to fulfill its obligation. Pursuant to the City Charter, all cash receipts from Port operations are deposited in the City Investment Pool. For this reason, the Port does not have a formal policy to manage risk.

In order to manage credit risk:

- Provisions of the Trust Indentures prescribe restrictions on the types of permitted investments of the monies held by the trustee in the funds and accounts created under the Trust Indentures, including agreements or financial institutions that must meet certain ratings, such as certain investments that must be rated in either of the two highest ratings by S&P and Moody's.
- The deposits with the City Treasury are invested in short-term debt that is rated at least A-1 by S&P, P-1 by Moody's or F-1 by Fitch Ratings. Long-term debt shall be rated at least A by S&P, A2 by Moody's, and A by Fitch Ratings.

Concentration of Credit Risk: The Trust Indentures place no limit on the amount the Port may invest in any one issuer.

Port revenues are deposited in the City Treasury. These and all City funds are pooled and invested in the City Investment Pool. The City has adopted an investment policy that provides for the following:

- The maximum maturity for any one investment may not exceed 5 years.
- No more than 5 percent of the total assets of the investments held by the City may be invested in the securities of any one issuer except:
 - Obligations of the United States government;
 - United States government sponsored enterprises;
 - Insured certificates of deposit;
 - Local government investment pools; and
 - Money market investment funds.
- Permitted investments include U.S. treasury securities, federal agency and instrumentalities, banker's acceptances, commercial paper, asset-backed commercial paper, local government investment pools, medium-term notes, negotiable certificates of deposit, repurchase agreements, certificates of deposit, money market mutual funds, state investment pool (local Agency Investment Fund), local City/agency bonds and State of California obligations, and other local agency bonds. At the end of FY 2014-15 the City expanded its definition of permitted investments to include dollar-denominated obligations issued by surpranational organizations.
- All investments are to be secured through third party custody and safekeeping procedures. All securities purchased from dealers and brokers are held in safekeeping by the City's custodial bank, which establishes ownership by the City.
- Additional information regarding deposit custodial credit, interest and credit risks, and securities lending transactions of the City Investment Pool is presented in the notes of the City's basic financial statements. Requests for financial information should be addressed to the

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Finance and Management Agency, Accounting Division, City of Oakland, 150 Frank H. Ogawa Plaza, Suite 5330, Oakland, California 94612-2093.

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of the failure of a depository financial institution or counterparty to a transaction, the Port will not be able to recover the value of its investment or collateral securities that are in possession of another party.

To protect against custodial credit risk:

- All securities owned by the Port under the terms of the Trust Indentures are held in the name of the Port for safekeeping by a third party bank trust department, acting as an agent for the Port. The Port had investments held by a third party bank trust department in the amount of \$58,139,000 at June 30, 2015.
- All securities the Port has invested with the City are held in the name of the City for safekeeping by a third party bank trust department, acting as an agent for the City under the terms of custody agreements. The Port had \$208,098,000 invested in the City Investment Pool at June 30, 2015.

The carrying amount of the Port's deposits in escrow was \$3,919,000 at June 30, 2015. Of this amount, bank balances and escrow deposits of \$250,000 on June 30, 2015 are insured or collateralized with securities held by the pledging financial institution's trust department in the Port's name and the remaining balance of \$3,419,000 as of June 30, 2015, was exposed to custodial credit risk by not being insured or collateralized.

B. INTERFUND TRANSACTIONS

"Due to" and "due from" balances have primarily been recorded when funds overdraw their share of pooled cash and interfund loans. The amounts due from the Oakland Redevelopment Successor Agency are related to advances and interfund loans made by the City for projects, loans, and services. The receivable amounts of ORSA relate to project advances made by ORSA for the City. The internal service funds' borrowing will be repaid over a reasonable period of time as described in part C to Note L (II). The composition of interfund balances and transfers as of June 30, 2015, is as follows (in thousands):

CITY OF OAKLAND

⁽¹⁾Transfers of \$92.5 and \$0.01 million for debt service payments and to cover the Central Service Overhead cost for Paratransit funds.

⁽²⁾Transfers to provide funds to cover the Central Service Overhead cost for certain federal funds.

⁽³⁾Transfers for the Kids' First Children's Program.

⁽⁴⁾Transfers for the City's claims and liability payments.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

3. Due to the City

As of June 30, 2015, ORSA has a total due from the City in the amount of \$2.3 million, which has no change compared to the \$2.3 million at June 30, 2014. The ending balance is composed of the former Agency's assets transferred to Housing Successor, which include the former Agency's Central District Project Area Fund loan receivable from the City in the amount of \$1.5 million, land sale receivable of \$0.3 as well as the former Agency's Coliseum Project Area Fund loan receivable from the City in the amount of \$0.5 million.

4. Due from ORSA

At June 30, 2015, ORSA has a payable to the City in the amount of \$2.2 million, which included the former Agency's Low and Moderate Housing Fund loan of \$1.5 million to the Central City East Project Funds where the Low and Moderate Housing Funds Assets were transferred to the Housing Successor and a payable of \$0.7 million to the City for support services.

Component Unit- Port of Oakland (Port)

The City has entered into agreements with the Port for provisions of various services such as aircraft rescue and firefighting ("ARFF"), Special Services, General Services, and Lake Merritt Trust Services. The City provides these services to the Port.

Special Services include designated police services, personnel, city clerk, legislative programming, and treasury services. General Services includes fire, rescue, police, street maintenance, and similar services. Lake Merritt Trust Services includes items such as recreation services, grounds maintenance, security, and lighting.

Payments to the City for these services are made upon execution of appropriate agreements and/or periodic findings and authorizations from the Board.

1. Special Services and Aircraft Rescue & Fire Fighters (ARFF)

Payments for special services and ARFF are treated as a cost of Port operations pursuant to the City Charter Section 717(3) Third Clause and have priority over certain other expenses of Port revenues. Special services and ARFF totaled \$7.0 million and are included in Operating Expenses. At June 30, 2015, \$6.7 million was accrued as a current liability by the Port and as a receivable by the City.

2. General Services and Lake Merritt Trust Services

Payments for General Services provided by the City are payable only to the extent the Port determines annually that surplus monies are available under the Charter for such purposes. As of June 30, 2015, the Port accrued approximately \$841 thousand of payments for General Services as a current liability and by the City as a receivable. Additionally, subject to certain conditions, the Port accrued approximately \$1.4 million to reimburse the City for General Services for net City expenditures for Lake Merritt Tideland Trust properties in 2014. Subject to adequate documentation from the City, and subject to availability of surplus monies, the Port expects that it will continue to reimburse the City annually for General Services and Lake Merritt Tideland Trust services.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

3. Golf Course Lease with the Port

The Port has leased property to the City under a 66-year lease, which is expressed in terms of the Amended and Restated Lease between the Port and the City for the development and operation of the public golf course by the City. The lease commenced in 2003 when the Port delivered a completed 164.90 acres golf course to the City to replace the City's golf course that was destroyed when the Port used the site as a dredge disposal site. The golf course is leased to a third party and the minimum annual rental is \$270,000 payable in twelve installments of \$22,500 per month, which is then split 50/50 between the Port and the City.

C. NOTES AND LOANS RECEIVABLE, NET OF ALLOWANCE

Primary Government

The composition of the City's notes and loans receivable for governmental activities, net of the allowance for uncollectible accounts, as of June 30, 2015, is as follows (in thousands):

Type of Loan	General Fund	Federal/State Grant Fund	LMIHF *	Municipal Capital Improvements	Other Governmental Funds	Total
Pass-through Loans	\$ -	\$ 1,300	\$ -	\$ -	\$ -	\$ 1,300
HUD Loans	-	103,992	285,549	1,077	-	390,618
Economic Development Loans and Others	874	59,041	-	-	33,673	93,588
Less Allowance for Uncollectible Accounts	-	(34,358)	(102,987)	-	(3,159)	(140,504)
Total Notes and Loans Receivables, net	<u>\$ 874</u>	<u>\$ 129,975</u>	<u>\$ 182,562</u>	<u>\$ 1,077</u>	<u>\$ 30,514</u>	<u>\$ 345,002</u>

* Low and Moderate Income Housing Asset Fund

As of June 30, 2015, the City has a total of \$345 million net notes and loans receivable, which is not expected to be received in the next twelve months. All of the City's notes and loans receivables are offset with deferred inflows of resources in the governmental funds as the collection of those notes and loans did not occur within the City's availability period.

Prior to effective date of the Redevelopment Dissolution Law, California Community Redevelopment Law required that at least 20% of the incremental tax revenues generated from certain redevelopment project areas be used to increase, improve, and preserve the affordable housing stock for families and individuals with very low, low, and moderate incomes. In response to this former requirement, the City established its 20% Housing Program and an additional 5% of the former tax increment to offer financial assistance to qualified developers, families, and individuals by providing loans at "below market" rates. Upon dissolution of the former Agency, the City assumed the housing activity function of the former Agency. All loans receivable relating to the Low and Moderate Income Housing Program have been transferred from the former Agency to the LMIHF, which was established as of February 1, 2012 pursuant to City Council resolution no. 83680 C.M.S. As of June 30, 2015, loans receivable relating to the LMIHF program totaled approximately \$182.5 million, net of allowance for uncollectible accounts.

The capital assets leased to others at June 30, 2015, consist of the following (in thousands):

Land.....	\$ 413,820
Container cranes.....	148,697
Buildings and improvements.....	206,336
Infrastructure.....	<u>1,095,378</u>
	1,864,231
Less accumulated depreciation.....	<u>(706,439)</u>
Net capital assets, on lease.....	<u><u>\$ 1,157,792</u></u>

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

3. Operating Leases as Lessor

A major portion of the Port's capital assets are held for lease. Leased assets include maritime facilities, aviation facilities, office and commercial space, and land. The majority of the Port's leases are classified as operating leases.

Certain maritime facilities are leased under agreements, which provide the tenants with preferential, but nonexclusive, use of the facilities. Certain leases provide for rentals based on gross revenues of the leased premises or, in the case of marine terminal facilities, on annual usage of the facilities. The leases generally provide for minimum rentals with percentage rent contingent on business sales or activity, and certain preferential assignments provide for both minimum and maximum rentals.

A summary of revenues from long-term leases for the year ended June 30, 2015, is as follows (in thousands):

Minimum non-cancelable rentals, including preferential assignments...	\$	172,471
Contingent rentals in excess of minimums.....		17,006
Total.....	<u>\$</u>	<u>189,477</u>

The Port and Ports America Outer Harbor Terminal, LLC, a private company, entered into a long-term concession and lease agreement on January 1, 2010 for the operation of berths 20-24 for 50 years. A \$60.0 million upfront fee was paid to the Port in fiscal year 2010 which is being amortized over the life of the lease. At June 30, 2015, the unamortized net upfront fee is approximately \$47.8 million and the amounts are reported as unearned revenue in the statement of net position. The amounts classified as short-term and long-term unearned revenue were \$1.1 million and \$46.7 million respectively.

Minimum future rental revenues for years ending June 30 under non-cancelable operating leases having an initial term in excess of one year are as follows (in thousands):

Year	Rental Revenues
2016	\$ 173,949
2017	164,582
2018	139,524
2019	112,273
2020	110,676
2021-2025	400,094
2026 - 2030	290,110
2031 - 2035	292,869
2036 - 2040	264,934
2041 - 2045	260,782
2046 - 2050	284,912
Thereafter	<u>642,528</u>
Total	<u>\$ 3,137,233</u>

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The Port turned over the operation of its Marina to a private company through a long-term financing lease and operating agreement on May 1, 2004. Minimum future lease payments to be received, which is a component of unearned revenue, for years ending June 30 are as follows (in thousands):

Year	Rental Revenues
2016	\$ 173,949
2017	164,582
2018	139,524
2019	112,273
2020	110,676
2021-2025	400,094
2026 - 2030	290,110
2031 - 2035	292,869
2036 - 2040	264,934
2041 - 2045	260,782
2046 - 2050	284,912
Thereafter	642,528
Total	\$ 3,137,233

D. PROPERTY HELD FOR RESALE

Primary Government

A summary of changes in Property Held for Resale is as follows (in thousands):

	Balance July 1, 2014	Additions	Deductions	Balance June 30, 2015
Property held for resale	\$ 76,966	\$ 85,691	\$ -	\$ 162,657

On August 21, 2013, the State Controller's Office issued the asset transfer review pursuant to Health and Safety Code section 34167.5 and reversed the March 3, 2011 agreement entered between the City and the former Redevelopment Agency for the purchase and sale agreement of various former Agency properties to the City. As of June 30, 2015, the property held for resale had increased by \$85.7 million due to property transferred to the City from the ORSA Trust Fund and land purchases.

Oakland Redevelopment Successor Agency (ORSA)

As of June 30, 2015, ORSA has a total \$2.8 million for properties booked at the lower of cost or estimated conveyance value. On May 29, 2014, pursuant to HSC section 34191.4, the California Department of Finance approved ORSA Long-Range Property Management Plan (LRPMP) addressing the disposition and use of former Agency properties and authorizing the disposition of properties pursuant to the plan. During the year ended June 30, 2015, ORSA transferred \$97.5 million of properties held for resale to the City pursuant to the Long-Range Property Management Plan (LRPMP).

The table below shows a summary of the changes in the Property Held for Resale during the year ended June 30, 2015:

	July 1, 2014	Additions	Deductions	June 30, 2015
Property held for resale	\$ 100,271	\$ -	\$ 97,453	\$ 2,818

H. LONG-TERM AND OTHER OBLIGATIONS

Primary Government

1. Summary Schedule of Long-Term Debt

The following is a summary of long-term obligations of the City as of June 30, 2015 (in thousands):

Governmental Activities			
Type of Obligation	Final Maturity Year	Remaining Interest Rates	Amount
Bonds Payable:			
General obligation bonds (A)	2039	3.50% - 6.25%	\$ 206,530
Lease revenue bonds (B)	2027	3.00% - 5.50%	109,955
Pension obligation bonds (C)	2026	2.37% - 6.89%	330,433
Accreted interest (B) and (C)			165,290
City guaranteed special assessment district bonds (C)	2040	2.00% - 6.70%	6,020
Plus (less) Deferred Amounts:			
Bond issuance premiums			25,989
Total			844,217
Notes Payable and Capital Leases:			
Notes payable (B) and (D)	2017	1.00% - 8.27%	3,150
Capital leases (B) and (D)	2025	1.17% - 5.46%	65,645
Total			68,795
Other Long-Term Liabilities:			
Accrued vacation and sick leave (E)			39,697
Self-insurance liability - workers compensation (B)			86,726
Self-insurance liability - general liability (B)			36,768
Estimated environmental cost (B)			1,472
Pledge obligation for Coliseum Authority debt (B)			49,445
Net OPEB obligation (B)			256,922
Interest rate swap agreement (B)			7,543
Total			478,573
Total Governmental Activities			\$ 1,391,585

Debt service payments are made from the following sources:

- (A) Property tax recorded in the debt service funds
- (B) Revenues recorded in the general fund
- (C) Property tax voter approved debt
- (D) Revenues recorded in the special revenue funds
- (E) Compensated absences are financed by governmental funds (General Fund, Federal/State Grant Fund, LMIHF, Municipal Capital Improvement Fund, and Other Governmental Funds) and proprietary funds (Sewer Service Fund) that are responsible for the charges.

Type of Obligations	Final Maturity Year	Remaining Interest Rates	Amount
Sewer Fund Bonds	2029	2.00- 5.00%	\$36,630
Unamortized Bond Premium			4,801
Total Business-Type Activities			<u>\$41,431</u>

2. Interest Rate Swap

Oakland Joint Powers Financing Authority Lease Revenue Bonds, 1998 Series A1/A2

Objective of the Interest Rate Swap: On January 9, 1997, the City entered into a forward-starting synthetic fixed rate swap agreement (the “Swap”) with Goldman Sachs Mitsui Marine Derivatives Products, U.S., L.P. (the “Counterparty”) in connection with the \$187.5 million Oakland Joint Powers Financing Authority (the “Authority”) Lease Revenue Bonds, 1998 Series A1/A2 (the “1998 Lease Revenue Bonds”). Under the swap agreement, which effectively changed the City’s variable interest rate on the bonds to a synthetic fixed rate, the City would pay the Counterparty a fixed rate of 5.6775% through the end of the swap agreement in 2021 and receive a variable rate based on the Bond Market Association index. The City received an upfront payment from the Counterparty of \$15.0 million for entering into the Swap.

On March 21, 2003, the City amended the swap agreement to change the index on which the Swap is based from the Bond Market Association index to a rate equal to 65% of the 1-month London Interbank Offered Rates (“LIBOR”). This amendment resulted in an additional upfront payment from the Counterparty to the City of \$6.0 million.

On June 21, 2005, all of the outstanding 1998 Lease Revenue Bonds were defeased by the Oakland Joint Powers Financing Authority Refunding Revenue Bonds, 2005 Series A-1, A-2 and B (“Series 2005 A & B Bonds”). \$143.0 million was deposited with the trustee to defease the 1998 Lease Revenue Bonds. However, the Swap associated with the 1998 Lease Revenue Bonds still remains in effect. This is now a stand-alone swap with no association to any bond.

The amortization schedule is as follows as of June 30, 2015:

Calculation period (July 31)	Notional Amount	Fixed Rate To Counterparty	65% of LIBOR¹	Net Rate
2015	\$ 46,400,000	5.6775%	0.1212%	5.4910%
2016	39,300,000	5.6775%	0.1212%	5.4910%
2017	32,500,000	5.6775%	0.1212%	5.4910%
2018	25,800,000	5.6775%	0.1212%	5.4910%
2019	19,300,000	5.6775%	0.1212%	5.4910%
2020	12,800,000	5.6775%	0.1212%	5.4910%
2021	6,400,000	5.6775%	0.1212%	5.4910%

¹ Rate is as of 1-month LIBOR on June 30, 2015. Rates are projections, LIBOR rate fluctuates daily.

Terms: The swap agreement terminates on July 31, 2021, and has a notional amount as of June 30, 2015 of \$46.4 million. The notional amount of the swap declines through 2021. Under the Swap, the

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

City pays the counterparty a fixed payment of 5.6775% and receives a variable payment computed at 65% of LIBOR rate (total rate not to exceed 12%). The City's payments to the counterparty under the Swap agreement are insured by the third party bond insurer.

Fair Value: Because interest rates have declined since the execution of the Swap, the Swap had a negative fair value of \$7.5 million as of June 30, 2015. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the Swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the Swap.

Credit Risk: The issuer and the counterparty take a credit risk to each other over the life of the swap agreement. This is the risk that either the issuer or the counterparty will fail to meet its contractual obligations under the swap agreement. The Counterparty was rated Aa2 by Moody's Investors Service, and AAA by Standard and Poor's as of June 30, 2015. To mitigate the potential for credit risk, if the counterparty's credit quality falls below A3 by Moody's Investors Service or A- by Standard and Poor's, the swap agreement provides the counterparty, the City, the bond insurer for the Bonds and a third party collateral agent to execute a collateral agreement within 30 days of such a downgrade.

Termination Risk: An interest rate swap has some degree of termination risk. Linked to counterparty risk, a termination of the swap will result in a payment being made or received by the City depending on the then prevailing interest rate environment. The City may terminate the Swap if the counterparty fails to perform under the terms of the contract. The City also may terminate the Swap if the counterparty fails to execute a collateral agreement satisfactory to the City and the bond insurer within 30 days of the counterparty's ratings falling below "A3" by Moody's Investors Service or "A-" by Standard and Poor's.

The Counterparty may terminate the Swap if the City fails to perform under the terms of the contract. The Counterparty also may terminate the Swap if the City's ratings fall below "Baa3" by Moody's Investors Service or "BBB-" by Standard and Poor's. If at the time of termination, the Swap has a negative fair value, the City would be liable to the counterparty for a payment equal to the Swap's fair value.

Internal service funds predominantly serve governmental funds and therefore, the long-term liabilities of these funds are included as part of the above totals for governmental activities. At June 30, 2015, \$31.6 million of bonds, notes payable, and capital leases related to the internal service funds are included in the above amounts. Compensated absences obligations are financed and recorded in the appropriate governmental and proprietary funds when due.

5. New Debt Issuance

General Obligation Refunding Bonds, Series 2015A

On June 2, 2015, the City of Oakland issued \$128.9 million aggregate principal amount of City of Oakland General Obligation Refunding Bonds, Series 2015A (the “2015A Bonds”) to (1) current refund all of the remaining outstanding City of Oakland General Obligation Refunding Bonds, Series 2005 (the “2005 Bonds”), (2) advance refund all of the remaining outstanding City of Oakland General Obligation Bonds, Series 2006, Measure G, (3) advance refund all of the remaining outstanding City of Oakland General Obligation Bonds, Series 2009B, Measure DD, and (4) to pay for certain costs related to the issuance of the 2015 A Bonds. Additionally, the proceeds of the 2015 A Bonds used to refund the 2005 Bonds were in turn used to effect the refunding of all of the remaining outstanding Oakland Joint Powers Financing Authority Revenue Bonds, Series 2005. The 2015A Bonds were issued with interest rates ranging from 2.00% to 5.00% producing yields ranging from 0.21% to 4.12%. The final maturity of the 2015A Bonds is June 2, 2039.

Oakland–Alameda County Coliseum Authority Lease Revenue Bonds (Oakland Coliseum Arena Project), 2015 Refunding Series A

On April 29, 2015, the Oakland–Alameda County Coliseum Authority (the “Authority”) issued \$79.7 million aggregate principal amount of Lease Revenue Bonds (Oakland Coliseum Arena Project), 2015 Refunding Series A (the “2015A Bonds”). The 2015A Bonds were issued to refund all of the Authority’s outstanding Lease Revenue Bonds (Oakland Coliseum Arena Project), 1996 Variable Rate Lease Revenue Bonds, Series A-1 and 1996 Variable Rate Lease Revenue Bonds, Series A-2. The principal amount directly attributed to the City is \$39.9 million which is one half of the outstanding par.

The 2015A Bonds are limited obligations of the Authority payable solely from revenues of the Authority, consisting primarily of base rental payments payable by the County and the City pursuant to a Master Lease, dated as of June 1, 1996. The base rental payments, divided equally between the County and the City, are calculated to be sufficient to pay principal of and interest on the 2015A Bonds (maximum annual amount of \$19.0 million).

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Master Lease - 2014 Vehicles and Equipment

On November 18, 2014, the City entered into a Master Lease-Purchase Agreement with Banc of America Public Capital Corp in the principal amount of \$15.7 million to finance the acquisition of 269 pieces of equipment and vehicles. The financing was done on a tax-exempt basis with a final maturity of January 15, 2025; the interest rates on the financing range from 1.174% to 2.177%.

Master Lease – 2015 Telecommunications, Equipment Schedule 1

On March 6, 2015, the City entered into a Master Lease-Purchase Agreement with Banc of America Public Capital Corp in the principal amount of \$9.2 million to finance the acquisition of 1,636 P25 radios, related accessories and professional services. The financing was done on a tax-exempt basis with a final maturity of March 1, 2020; the interest rate on the financing is 1.34%.

Oakland Redevelopment Successor Agency (ORSA)

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

2. Revenues Pledged for the Repayment of Debt Service

Tax Allocation Bonds

The Tax Allocation Bonds (TAB), which are comprised of Series 2006T, Series 2009T, Series 2006A TE/T, Series 2006B TE/T, Series 2006C TE/T, Series 2010T and Refunding Bond Series 2013 are issued primarily to finance redevelopment projects and are all secured by pledge of redevelopment property tax revenues (i.e. former tax increment), consisting of a portion of taxes levied upon all taxable properties within each of the tax increment generating redevelopment project areas, and are equally and ratably secured on a parity with each TAB series.

As of June 30, 2015, the total principal and interest remaining on these TABs was estimated at \$476.8 million and the property tax revenues are pledged until the year 2041, the final maturity date of the bonds. The former Agency's debt service payments are requested through the ROPS as enforceable obligations until the debt obligations have been satisfied.

Historically, upon receipt of property tax increment, the former Agency calculated the 80 percent and 20 percent and the voluntary 5 percent amount of tax increment and would then transfer the 20 percent and 5 percent portion to the Low and Moderate Income Housing Fund, as required by the California HSC and the former Agency board resolution. The previous requirement to bifurcate the tax increment into 80 percent and 20 percent portions was eliminated in AB X1 26. However, in order to maintain compliance with bond indentures secured by the 80 percent and 20 percent tax increment, the ORSA plans to request the funds through the ROPS from the Trust Fund pursuant to HSC section 34183(a)(2)(A), and segregate the funds in the debt service funds accordingly until the debt obligations have been satisfied.

Housing Set-Aside Bonds

The Housing set-aside bonds, which is comprised of Series 2006A, Series 2006A-T and Series 2011A-T are issued to finance affordable housing projects and are secured by a pledge and lien upon the 20% redevelopment property tax revenue (i.e. former tax increment) set-aside for the low and moderate income housing fund.

As of June 30, 2015, the total principal and interest remaining on the Housing set-aside bonds was estimated at \$214.7 million and the property tax revenues are pledged until the year 2042, the final maturity date of the bonds. The former Agency's debt service payments are requested through the ROPS as enforceable obligations until the debt obligations have been satisfied.

In the future, in order to maintain compliance with bond indentures secured by the 20 percent tax increment, the ORSA plans to request the funds through the ROPS from the Trust Fund pursuant to HSC section 34183 (a)(2)(A), and segregate the funds in the debt service funds accordingly until the debt obligations have been satisfied.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

3. Summary of Changes in Long-Term Obligations

The Changes in long-term obligations for the year ended June 30, 2015, are as follows (in thousands):

Oakland Redevelopment Successor Agency					
	Balance at June 30, 2014	Additional obligations, interest accretion and net increases (decreases)	Current maturities, retirements and net decreases (increases)	Balance at June 30, 2015	Amounts due within one year
Tax Allocation Bonds	\$ 332,185	\$ -	\$ 14,610	\$ 317,575	\$ 21,044
Housing Set-Aside Bonds	117,605	-	4,990	112,615	5,240
Plus (less) Deferred Amounts:					
Issuance premiums	11,045	-	1,244	9,801	1,245
Issuance discounts	(2,251)	-	(136)	(2,115)	(136)
Total	\$ 458,584	\$ -	\$ 20,708	\$ 437,876	\$ 27,393

4. Annual Requirements to Maturity

The debt service requirements for all debt are based upon a fixed rate of interest. The annual requirements to amortize outstanding tax allocation bonds and other long-term debt outstanding as of June 30, 2015, including mandatory sinking fund payments, are as follows (in thousands):

Oakland Redevelopment Successor Agency						
Year Ending June 30	Tax Allocation Bonds		Housing Set-Aside Bonds		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2016.....	\$ 21,044	\$ 17,121	\$ 5,240	\$ 7,535	\$ 26,284	\$ 24,656
2017.....	23,295	15,878	5,505	7,226	28,800	23,104

Total	\$ 317,575	\$ 159,221	\$ 112,615	\$ 102,054	\$ 430,190	\$ 261,275

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Component Unit- Port of Oakland (Port)

1. Summary Schedule of Long-Term Debt

The following is a summary of long-term debt of the Port as of June 30, 2015 (in thousands):

<u>Type of Obligation</u>	<u>Final Maturity Year</u>	<u>Remaining Interest Rates</u>	<u>Amount</u>
Senior and intermediate loan bonds	2033	2.25 - 5.13 %	\$ 1,075,075
Notes and loans	2030	0.05 - 4.50 %	79,312
Less Deferred Amounts:			
Unamortized bond discounts and premiums, net			<u>50,390</u>
Total bonds, notes, and loans payable			1,204,777
Self-insurance liability - workers' compensation			12,661
Accrued vacation, sick leave and compensatory time			6,594
Environmental remediation			11,700
Other long-term liabilities			<u>1,834</u>
Total other long-term obligation			<u>32,789</u>
TOTAL COMPONENT UNIT LONG-TERM OBLIGATIONS, NET			<u>\$ 1,237,566</u>

2. Revenues Pledged for the Repayment of Debt Service

The Port's long-term debt and final maturity consists primarily of tax-exempt bonds, short-term commercial paper notes and a loan from the California Department of Boating and Waterways. All of the Port's outstanding bonds, loans and commercial paper notes have been issued to finance or refinance capital improvements to the Port's aviation, maritime, and commercial real estate infrastructure. The majority of the Port's outstanding bonds are revenue bonds, which are secured by Pledged Revenues of the Port. Pledged Revenues are substantially all revenues and other cash receipts of the Port, including, without limitation, amounts held in the Port Revenue Fund with the City, but excluding amounts received from certain taxes, certain insurance proceeds, special facilities revenues, and certain other gifts, fees, and grants that are restricted by their terms to purposes inconsistent with the payment of debt service. In fiscal year 2015 pledged revenues amounted to \$338,328,000.

Pledged Revenues do not include cash received from passenger facility charge (PFCs) or customer facility charge (CFCs) unless projects included in a financing are determined to be PFC or CFC eligible and bond proceeds are expended on such eligible projects and the Port elects to pledge PFCs or CFCs as supplemental security to such applicable bonds. Currently, the Port has no bonds for which PFCs or CFCs are pledged.

The Port did not capitalize any interest cost in fiscal year 2015.

The Port's required debt service payments on its Senior Lien Bonds and Intermediate Lien Bonds are due each May 1 and November 1 through May 1, 2033. The California Department of Boating and Waterways loan is due each August 1 through August 1, 2029. Commercial Paper has been classified as long-term debt because the Port has the intent and ability to continue to refinance this debt.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Senior Lien Bonds

2011 Series O, 2012 Series P, and 2012 Series Q (collectively, the Senior Lien Bonds) are issued under the Senior Trust Indenture and are paid from Pledged Revenues first. As long as any Senior Lien Bonds remain outstanding, the Port has covenanted to collect rates, tolls, fees, rentals and charges so that Pledged Revenues in each fiscal year will be sufficient to pay all of the following amounts: (i) the sum of principal and interest on the outstanding Senior Lien Bonds; (ii) all other payments required for compliance with terms of the Senior Trust Indenture including, but not limited to, required deposits to any Reserve Fund; (iii) all other payments necessary to meet ongoing legal obligations to be paid from Pledged Revenues; and (iv) operation and maintenance expenses of the Port. In addition, payment of principal and interest on the Senior Lien Bonds when due is secured by a reserve fund held by the trustee and invested in U.S. Treasury Notes.

The Port has also covenanted in the Senior Trust Indenture that Net Pledged Revenue (Revenues less the Operation and Maintenance Expenses) will be equal to at least 125% of actual debt service for the Senior Lien Bonds (Senior Lien Debt Service Coverage Ratio).

California Department of Boating and Waterways (DBW) Loan

The DBW Loan is subordinate to the Senior Lien Bonds but superior to the Intermediate Lien Bonds and the Port's Commercial Paper Notes with respect to the Pledged Revenues. The Port turned over the operation of its marina, financed, in part, with DBW Loans, to a private company through a fifty-year capital lease in May 2004. As of June 30, 2015, only one DBW Loan remained outstanding with a balance of \$4,914,000.

Intermediate Lien Bonds

The 2007 Series A, Series B and Series C Bonds (collectively, the Intermediate Lien Bonds) issued under the Intermediate Trust Indenture are next in payment priority. The Intermediate Lien Bonds are paid from the Intermediate Lien Pledged Revenues. The Intermediate Lien Pledged Revenues are the Pledged Revenues after payment first, of all amounts payable for any Senior Lien Bonds and second, any debt service requirements payable on the DBW Loan. Payment of principal and interest on the Intermediate Lien Bonds when due is secured by a debt service reserve surety policy, as well as being insured by municipal bond insurance policies.

The Port covenanted in the Intermediate Trust Indenture that Net Pledged Revenues will be equal to at least 110% of the actual debt service becoming due and payable on the combined Intermediate Lien Bonds, Senior Lien Bonds, and DBW Loan (Intermediate Lien Debt Service Coverage Ratio).

Commercial Paper Notes

Commercial Paper Notes (CP Notes) have the lowest payment priority. The Board authorized a \$150,000,000 Commercial Paper program in 1998 and a further \$150,000,000 was authorized in 1999. The maximum maturity of the CP Notes is 270 days and the maximum interest rate is 12%. The Port has classified the CP Notes as long term debt as the Port intends and has the ability to reissue CP Notes until the expiration of the two irrevocable Letters of Credit (LOC), discussed below. Interest income paid to the holders of the CP Notes may fall under one of three tax treatments: tax-exempt Alternative Minimum Tax (AMT), tax-exempt non-AMT and taxable.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

On July 1, 2013, the Port renewed both of its then-outstanding LOCs with Wells Fargo Bank National Association (Wells) and JP Morgan Chase Bank National Association (JP Morgan). Each LOC now has a maximum stated amount of \$108,876,713 (principal of \$100,000,000 and interest of \$8,876,713) and a termination date of June 30, 2016. As of June 30, 2015, the outstanding balance of CP Notes issued under the Wells LOC is \$0, while the outstanding balance of CP Notes issued under the JP Morgan LOC is \$74,398,000.

The Port covenants in the LOC and Reimbursement Agreements with Wells and JPMorgan that the Intermediate Lien Debt Service Coverage Ratio will equal to at least 110%.

3. Summary of Changes in Long-Term Obligations

The changes in long-term obligations for the year ended June 30, 2015, are as follows (in thousands):

	Balance at July 1, 2014	Additional obligations, interest accretion and net increases	Current maturities, retirements and net decreases	Balance at June 30, 2015	Amounts due within one year
Senior and intermediate lien bonds	\$ 1,118,890	\$ -	\$ 43,815	\$ 1,075,075	\$ 46,000
Notes and loans	82,538	59,398	62,624	79,312	240
Plus unamortized bond discount and premium, net	56,837	(22)	6,425	50,390	6,017
Total	1,258,265	59,376	112,864	1,204,777	52,257

TOTAL	33,034	14,812	15,057	32,789	10,548
Total Component Unit Long- Term Obligation	\$ 1,291,299	\$ 74,188	\$ 127,921	\$ 1,237,566	\$ 62,805

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

4. Annual Requirements to Maturity

The Port's required annual debt service payment for the outstanding long-term debt, not including Commercial Paper Notes, as of June 30, 2015, are as follows (in thousands):

<u>Year Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016.....	\$ 67,493 ⁽¹⁾	\$ 57,499	\$ 124,992
2017.....	70,489	53,860	124,349
2018.....	74,465	49,564	124,029
2019.....	68,027	45,149	113,176
2020.....	54,752	42,357	97,109
2021-2025.....	315,397	170,629	486,026
2026-2030.....	371,084	84,678	455,762
2031-2033.....	132,680	11,624	144,304
TOTAL	<u>\$ 1,154,387</u>	<u>\$ 515,360</u>	<u>\$ 1,669,747</u>

⁽¹⁾ Although the Port intends to refinance the Commercial Paper debt in the future, for purposes of this schedule, Commercial Paper debt is amortized over the fiscal year 2016-2019 pursuant to the "Term Loan" provisions of the Commercial Paper Reimbursement Agreements.

The Port's required debt service payments on its Senior Lien Bonds and Intermediate Lien Bonds are due each May 1 and November 1 through May 1, 2033. The California Department of Boating and Waterways loan is due each August 1 through August 1, 2029. Commercial Paper has been classified as long-term debt because the Port has the intent and ability to continue to refinance this debt.

City-Wide Long-Term Debt

1. Debt Compliance

There are a number of limitations and restrictions contained in the various bond indentures held by the City, ORSA, and the Port. The City believes it is in compliance with all significant limitations and restrictions for which noncompliance would adversely affect its ability to pay debt service. During the course of the fiscal year, the City identified several noncompliant issues with the continuing disclosure requirements and these have been remedied.

2. Legal Debt Limit and Legal Debt Margin

As of June 30, 2015, the City's debt limit (3.75% of valuation subject to taxation) was \$1.2 billion. The total amount of debt applicable to the debt limit was \$206.5 million. The resulting legal debt margin was \$1.0 billion.

3. Prior Years' Debt Defeasance

In prior years, the City has defeased various bond issues by creating separate irrevocable escrow funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the escrow funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt is considered defeased and is therefore removed as a liability from the City's government-wide financial statements. As of June 30, 2015, principal amount of defeased debt outstanding is \$75.8 million.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

4. Authorized and Unissued Debt

The City has \$62.3 million (Measure DD) General Obligation Bonds authorized and unissued. The voters, in a City election on November 5, 2002, authorized these bonds. The bonds are to be issued by the City in general obligation bonds for the improvement of Lake Merritt, the Estuary, inland creeks, Studio One, and other specifically identified projects in the City.

5. Conduit Debt

The following long-term debt has been issued by the City on behalf of named agents of the City. The bonds do not constitute an indebtedness of the City. The bonds are payable solely from revenue sources defined in the individual bond documents, and from other monies held for the benefit of the bond holders pursuant to the bond indentures. In the opinion of City officials, these bonds are not payable from any revenues or assets of the City, and neither the full faith and credit nor the taxing authority of the City, State or any political subdivision thereof is obligated for the payment of the principal or interest on the bonds. Accordingly, no liability has been recorded.

The conduit debt issued and outstanding at June 30, 2015 (in thousands):

	<u>Authorized and Issued</u>	<u>Maturity</u>	<u>Outstanding at June 30, 2015</u>
Oakland JPFA Revenue Bond 2001 Series A Fruitvale Transit Village (Fruitvale Development Corporation)	\$ 19,800	07/01/33	\$ 14,125

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

I. GENERAL FUND BALANCE RESERVE POLICY

The City Council approved the original City Reserve Policy on March 22, 1994. Creation of the policy was to help pay any unanticipated expenditures and pay for claims arising from the City's insurance program. In May 2010, the City adopted a revised reserve policy equal to seven and one-half percent (7.5%) for unassigned fund balance of the General Purpose Fund (GPF) appropriation for each fiscal year. The GPF accounts for the City's operating budget that pays for basic programs and services as well as elected offices and municipal business functions. The GPF is reported within the General Fund.

On December 9, 2014, the City Council revised the reserve policy criteria for the definition and use of excess Real Estate Transfer Tax (RETT) revenue, and use of one-time revenues (Ordinance No. 13279).

The policy defines excess Real Estate Transfer Tax as any amounts of projected RETT revenues whose value exceeds 14% of the corresponding General Purpose Fund Tax Revenues (inclusive of RETT). The excess RETT shall be used in the following manner:

- At least 25% shall be allocated to the Vital Services Stabilization Fund. Until the value in such fund is projected to equal to 15% of General Purpose Fund revenues over the coming fiscal year.
- At least 25% shall be used to fund accelerated debt retirement and unfunded long-term obligations: including negative funds balances, to fund the Police and Fire Retirement System (PFRS) liability, to fund other unfunded retirement and pension liabilities, unfunded paid leave liabilities, to fund Other Post- Employment Retirement Benefits (OPEB).
- The remainder shall be used to fund one-time expenses; augment the General Purpose Fund Emergency Reserve, and to augment the Capital Improvements Reserve Fund.
Use of the "excess" RETT revenue for purposes other than those established above may only be allowed by a super majority vote (6 out of 8) of the City Council through a separate resolution.

The policy also requires the City to conform to the following regarding the use of one-time discretionary revenues:

- Fiscal prudence and conservancy requires that one time revenues not be used for recurring expenses. Therefore, upon receipt of one time revenues, such revenues shall be used in the following manner, unless legally restricted to other purposes: to fund one time expenditures, to fund accelerated debt retirement and unfunded long-term obligations: including negative funds balances, to fund the Police and Fire Retirement System (PFRS) liability, to fund other unfunded retirement and pension liabilities, unfunded paid leave liabilities, to fund Other Post- Employment Retirement Benefits (OPEB); or shall remain as fund balance in the appropriate fund.

Use of the "one time revenues" for purposes other than those established above may only be allowed by a super majority vote (6 out of 8) of the City Council through a separate resolution

Additionally, the policy includes the requirement that the City of Oakland maintain a Vital Services Stabilization Fund. In years when the city projects that total General Purpose Fund revenues for the upcoming fiscal year will be less than the current year's revenues, or anytime service reductions (such as layoffs or furloughs) are contemplated due to adverse financial conditions, use of this fund must be considered so as to maintain existing service levels as much as possible, and to minimize

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

associated impacts; and the adopted budget may appropriate funds from the Vital Services Stabilization Fund to preserve city operations; however, the budget may not appropriate more than sixty percent of the reserve balance in any year.

As of June 30, 2015, the City has \$110.1 million in the GPF fund balance. Of this amount, \$39.6 million is set aside to meet the mandated 7.5% required reserve, and is reported in the assigned fund balance of the General Fund.

J. ESTIMATED LIABILITY FOR SELF-INSURANCE

Primary Government

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; employee's injuries; natural disasters; unemployment coverage; and providing health benefits to employees, retirees and their dependents. For the past three years, there have been no significant reductions in any of the City's insurance coverage and no settlement amounts have exceeded commercial insurance coverage.

The City is self-insured for its general liability, malpractice liability, public official's errors and omissions, products and completed operations, employment practices liability, and auto liability up to \$3,000,000 retention level and up to \$750,000 retention level for workers' compensation and has excess insurance with the California State Association of Counties – Excess Insurance Authority as described in the Insurance Coverage section.

1. Property Damage

Property damage risks are covered on an occurrence basis by commercial insurance purchased from independent third parties. All properties are insured at full replacement values after a \$10,000 deductible to be paid by the City. Vehicles are insured at full replacement value after a \$20,000 deductible. Equipment valued at more than \$250,000 is insured at full replacement after a \$100,000 deductible.

2. Workers' Compensation

The City is self-insured for workers' compensation. Payment of claims is provided through annual appropriations, which are based on claim payment experience and supplemental appropriations. Of the \$86.7 million in claims liabilities as of June 30, 2015, approximately \$24.8 million is estimated to be due within one year.

Changes in self-insurance workers' compensation for the years ended June 30, 2015 and 2014 are as follows (in thousands):

	2015	2014
Beginning of year	\$ 83,484	\$ 80,596
Claims and changes in estimates	35,384	24,651
Claims payments	(32,142)	(21,763)
End of year	\$ 86,726	\$ 83,484

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The estimated undiscounted liability for claims and contingencies is based on the results of actuarial studies and includes amounts for claims incurred but not reported and allocated loss adjustment expenses. The estimated liability is calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

3. General Liability

Numerous lawsuits are pending or threatened against the City. The City estimates that as of June 30, 2015, the amount of liability determined to be probable of occurrence is approximately \$36.8 million. Of this amount, claims and litigation approximating \$13.4 million are estimated to be due within one year. The recorded liability is the City's best estimate based on available information and may be revised as further information is obtained and as pending cases are litigated. The City and the ORSA are involved in various claims and litigation arising in the ordinary course of its activities. In the opinion of the ORSA's in-house counsel and the City Attorney's Office for the City, none of these claims are expected to have a significant impact on the financial position or changes in financial position of the City and the ORSA. The City has not accumulated or segregated assets or set aside fund balances for the payment of estimated claims and judgments.

Changes in general claims liabilities for the years ended June 30, 2015 and 2014 are as follows (in thousands):

	2015	2014
Beginning of year	\$ 32,341	\$ 28,554
Claims and changes in estimates	21,457	28,165
Claims payments	(17,030)	(24,378)
End of year	\$ 36,768	\$ 32,341

The estimated undiscounted liability for claims and contingencies is based on the results of actuarial studies and includes amounts for claims incurred but not reported and allocated loss adjustment expenses. The estimated liability is calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts, and other economic and social factors.

4. Insurance Coverage

On July 15, 2002, the City entered into a contract with the California State Association of Counties Excess Insurance Authority (CSAC EIA), a joint powers authority, whose purpose is to develop and fund programs of excess insurance for its member counties and cities. Effective July 1, 2014, the self-insured retention levels and purchased insurance per occurrence are as follows:

Type of Coverage	Limits	Deductible Per Occurrence
General Liability	Up to \$3.0 million	\$3.0 to \$25.0 million
Automobile Liability	Up to \$3.0 million	\$3.0 to \$25.0 million
Public Officials Errors and Omissions	Up to \$3.0 million	\$3.0 to \$25.0 million
Products and Completed Operations	Up to \$3.0 million	\$3.0 to \$25.0 million
Employment Practices Liability	Up to \$3.0 million	\$3.0 to \$25.0 million
Workers' Compensation	Up to \$750,000	\$750,000 to \$100.0 million

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Component Unit – Port of Oakland

1. Workers' Compensation

The workers' compensation liability of \$12.7 million at June 30, 2015 is based upon an actuarial study performed as of June 30, 2015 that assumed a probability level of 80% and a discount rate of 0.0%. Changes in liability, which is included as part of environmental and other, follows (in thousands):

	<u>2015</u>	<u>2014</u>
Beginning of year	\$ 11,182	\$ 9,630
Claims and changes in estimates	2,792	3,025
Claims payments	(1,313)	(1,473)
End of year	<u>\$ 12,661</u>	<u>\$ 11,182</u>

2. General Liability - Insurance

The Port purchases insurance on certain risk exposures including but not limited to property, automobiles liability, airport liability, umbrella liability, environmental liability, fidelity, fiduciary liability, and public officials liability. Port deductibles for the various insured programs range from \$10,000 to \$1,000,000 each claim. The Port is self-insured for other general liability and liability/litigation-type claims, workers' compensation of the Port's employees and most first party exposures. During fiscal year 2015, the Port carried excess insurance over \$1,000,000 for the self-insured general liability and workers compensation exposures. There have been no claim payments related to these programs that exceeded insurance limits in the last three years.

3. Capital Improvement Projects

The Port maintains an Owner Controlled Insurance Program (OCIP) and Professional Liability Insurance Program (PLIP) for contractors and consultants working on Port Capital Improvement Projects (CIP).

OCIP provides general liability insurance and workers' compensation insurance for contractors working on CIP projects. The Port is responsible for payment of the deductible/self-insured retention, which is currently \$250,000 for each general liability and workers' compensation claim.

The PLIP provides professional liability insurance for consultants working on Port CIP projects. Subject to this program, the consultants separately are responsible for paying the deductible/self-insured retentions, which are \$50,000 for consultants with annual revenues under \$20,000,000 and \$1,000,000 for consultants with annual revenues over \$20,000,000. The Port's deductible/self-insured retention is \$1,000,000. There is no actuarial forecast for this coverage.

K. JOINT VENTURE

Oakland-Alameda County Coliseum

The County is a participant with the City of Oakland (City) in a joint exercise of powers agreement forming the Oakland-Alameda County Coliseum Authority (Coliseum Authority), which was formed on July 1, 1995 to assist the City and County in the financing of public capital improvements in the Oakland-Alameda County Coliseum Complex (Coliseum Complex) pursuant to the Marks-Roos Local

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Bond Pooling Act of 1985. The Oakland-Alameda County Coliseum Financing Corporation (Financing Corporation) is reported as a blended component unit of the Coliseum Authority. The eight-member Board of Commissioners of the Coliseum Authority consists of two council members from the City, two members of the Board of Supervisors from the County, two appointees of the City Council, and two appointees of the Board of Supervisors. The Board of Directors of the Financing Corporation consists of the City Manager and the County Administrator.

Stadium Bonds – Background

In August 1995, the Coliseum Authority issued \$9.2 million in Fixed Rate Refunding Lease Revenue Bonds and \$188.5 million in Variable Rate Lease Revenue Bonds (collectively known as the Stadium Bonds) to satisfy certain obligations of the Coliseum Authority, the City, the County, the Financing Corporation and Oakland-Alameda County Coliseum Inc. (Coliseum Inc.), which then managed the operations of the Coliseum Complex, to finance the costs of remodeling the stadium portion of the Coliseum complex as well as relocating the Raiders to the City.

On May 31, 2012, the Coliseum Authority issued \$122.8 million in Refunding Bonds Series 2012 A with coupons of 2 to 5 percent to refund and defease all outstanding variable rate 2000 Series C Refunding Bonds. The bonds were priced at a premium, bringing total proceeds to \$138.1 million.

These funds coupled with \$13 million in the 2000 Series C reserve fund generated available funds of \$151.1 million which was used to refund the 2000 C Refunding Bonds of \$137.4 million, fund a reserve fund of \$12.8 million and to pay underwriter's discount and issuance cost of \$0.9 million. The all-in-interest cost of the 2012A refunding bonds was 3.04 percent.

There was an economic loss of \$23 million (difference between the present value of the old and the new debt service payments) due to the low variable interest rates on the old bonds and the higher fixed rates on the new bonds. The Coliseum Authority was unable to maintain the bonds at a variable rate because it was not able to renew the letters of credit as required due to the tightening of the credit markets since 2008. However, the Coliseum Authority was able to take advantage of the fixed rate market with historically low interest rates and issued fixed rate bonds that generated a premium of \$15.3 million.

The Stadium Bonds are limited obligations of the Coliseum Authority payable solely from certain revenues of the Coliseum Authority, including revenues from the Stadium and Arena Complex and base rental payments from the City and the County. The source of the Coliseum Authority's revenues relating to football games consists primarily of a portion of the club dues, concession, and parking payments. The Coliseum Authority has pledged the base rental payments and most other revenues received under the Master Lease from the lessees, the City, and the County to the trustee to pay debt service on the bonds. In the event that football revenues and other revenues received in connection with the Stadium are insufficient to make base rental payments, the City and the County are obligated to make up the shortfall in the base rental payments from their respective general funds. The City and the County each have covenanted to appropriate \$11 million annually to cover such shortfall in revenue; however, the City and the County are jointly and severally liable to cover such shortfall, which means that the County could have to pay up to \$22 million annually in the event of default by the City. Base rental payments are projected to cover one hundred percent of the debt service requirements over the life of the bonds. The obligation of the City and the County to make such payments is reduced to the extent the Coliseum Authority receives revenues generated at the complex to pay debt service and for operations and maintenance. The Stadium Bonds are not general obligations of either the City or the County.

Arena Bonds – Background

On August 2, 1996, the Coliseum Authority issued \$70 million Series A-1 and \$70 million Series A-2 Variable Rate Lease Revenue Bonds (Arena Bonds) to finance the costs of remodeling the Coliseum Arena (Arena) and to satisfy certain obligations of the Coliseum Authority, the City, the County, and Coliseum Inc. in connection with the retention of the Golden State Warriors (the Warriors) to play professional basketball at the Arena for at least 20 basketball seasons, beginning with the 1997-98 season. These obligations are evidenced in a series of agreements (the Warriors Agreements) among the Warriors and the City, the County, Coliseum Inc., and the Coliseum Authority.

On April 14, 2015, the Authority issued \$79,735,000 in Refunding Bonds Series 2015 with coupons of .8 to 3.793 percent to refund and defease all outstanding variable rate 1996 Series A-1 and A-2 Bonds. The bonds were sold at par, bringing total proceeds to \$79,735,000.

These funds coupled with \$3,319,013 in the 1996 Series A reserve fund generated available funds of \$83,054,013 which was used to refund the 1996 Series A Refunding Bonds of \$79,735,000, to fund a reserve fund of \$2,168,103, to pay underwriter's discount and issuance cost of \$659,928 and \$490,983 was returned to the Authority's general fund. The all-in true interest cost of the 2015A refunding bonds was 3.33 percent.

There was an economic loss of \$13,479,519 (difference between the present value of the old and the new debt service payments) due to the low variable interest rates on the old bonds and the higher fixed rates on the new bonds. The Authority was unable to maintain the bonds at a variable rate because it was not able to renew the letters of credit as required due to the tightening of the credit markets since 2008. However, the Authority was able to take advantage of the fixed rate market with historically low interest rates and issued fixed rate bonds.

Under the Warriors Agreements, the Arena Bonds are limited obligations of the Coliseum Authority, payable solely from revenues received by the Coliseum Authority on behalf of the City and the County. Revenues consist of base rental payments from the City and County, certain payments from the Warriors of up to \$7.4 million annually from premium seating revenues, the sale of personal seat licenses by the Coliseum Authority, concessionaire payments and Arena naming rights. If necessary to prevent default, additional premium revenues up to \$10 million may be pledged to service Arena debt. If the revenues received from the Warriors and from Arena operations are not sufficient to cover the debt service requirements in any fiscal year, the City and the County are obligated to make up the shortfall in the base rental payments from their respective general funds. The County and the City each have covenanted to appropriate up to \$9.5 million annually to cover such shortfalls in revenue; however, the City and the County are jointly and severally liable to cover such shortfall, which means that the County could have to pay up to \$19 million annually in the event of default by the City.

Debt Compliance

Long-term debt outstanding as of June 30, 2015 is as follows (in thousands):

<u>Type of Indebtedness</u>	<u>Maturity</u>	<u>Interest Rate</u>	<u>Authorized and Issued</u>	<u>Outstanding as of June 30, 2015</u>
<u>STADIUMBONDS</u>				
2012 Refunding Series A				
Lease Revenue Bonds	February 1, 2025	2%-5%	\$ 122,815	\$ 98,890
<u>ARENA BONDS</u>				
2015 Refunding Series A				
Lease Revenue Bonds	February 1, 2026	1%-4%	79,735	79,735
			<u>\$ 202,550</u>	<u>\$ 178,625</u>

Debt payments during the fiscal year ended June 30, 2015 were as follows (in thousands):

	<u>Stadium</u>	<u>Arena</u>	<u>Total</u>
Principal	\$ 7,560	\$ 5,150	\$ 12,710
Redemption	-	79,735	79,735
Interest	5,247	152	5,399
Total	<u>\$ 12,807</u>	<u>\$ 85,037</u>	<u>\$ 97,844</u>

The following is a summary of long-term debt transactions for the year ended June 30, 2015 (in thousands):

Outstanding lease revenue bonds, July 1, 2014	\$ 191,335
Lease Refunding revenue bonds in fiscal year 2015	79,735
Principal repayments	<u>(92,445)</u>
Outstanding lease revenue bonds, June 30, 2015	178,625
Amount due within one year	<u>(13,265)</u>
Amount due beyond one year	<u>\$ 165,360</u>

Annual debt service requirements to maturity for the lease revenue bonds, including interest payments, are as follows (in thousands):

For the Period Ending June 30	Stadium Bonds		Arena Bonds		Total	
	Principal	Interest	Principal	Interest	Principal	Interest
2016	\$ 7,865	\$ 4,945	\$ 5,400	\$ 7,071	\$ 13,265	\$ 12,016
2017	8,255	4,551	5,800	7,968	14,055	12,519
2018	8,670	4,139	6,200	8,296	14,870	12,435
2019	9,100	3,705	6,600	8,591	15,700	12,296
2020	9,555	3,250	7,000	8,838	16,555	12,088
2021-2025	55,445	8,587	43,850	49,515	99,295	58,102
2026			4,885	5,070	4,885	5,070
Total	<u>\$ 98,890</u>	<u>\$ 29,177</u>	<u>\$ 79,735</u>	<u>\$ 95,349</u>	<u>\$ 178,625</u>	<u>\$ 124,526</u>

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Management of Coliseum Authority

The Coliseum Authority entered into an agreement with the Oakland Coliseum Joint Venture (OCJV) to manage the entire Coliseum complex beginning July 1, 1998. On January 1, 2001, the Coliseum Authority terminated its agreement with OCJV and reinstated its Operating Agreement with Coliseum Inc. Coliseum Inc. subcontracted all of the operations of the Coliseum Complex to OCJV. The Operating Agreement between the Coliseum Authority and Coliseum Inc. expired, by its terms, on July 31, 2006. The Coliseum Authority entered into a Termination Agreement whereby, in return for certain consideration, the Coliseum Authority agreed to perform the duties of Coliseum, Inc. on and after August 1, 2006. The Authority's management agreement with OCJV expired in June 2012. In July 2012, AEG Management Oakland, LLC took over management of the Coliseum Complex after signing a five year agreement.

Under the joint exercise of power agreement, which formed the Coliseum Authority, the City is responsible for funding up to 50 percent of the Coliseum Authority's operating costs and debt service requirements; to the extent such funding is necessary. During the year ended June 30, 2015, the City made contributions of \$9.89 million to fund its share of operating deficits and debt service payments of the Coliseum Authority.

The Coliseum Authority has anticipated a deficit for operating costs and repayment of its Stadium Bonds, such that the City and County will have to contribute to base rental payments. Of the \$22.0 million obligated, for the fiscal year ending, June 30 2015, it is estimated that the City will have to contribute \$11.02 million which is appropriated in the debt service fund. There are many uncertainties in the estimation of revenues for the Coliseum Authority beyond one year into the future; therefore, the City has established a contingent liability to fund the Coliseum Authority deficit in the statement of net position in an amount equal to its contingent share (50 percent) of the outstanding Stadium Bonds, in the amount of \$49.445 million. The City has not established a contingent liability for the Arena Bonds because management is of the opinion that revenues from the Arena, including payments from the Warriors and revenues from Arena operations, will be sufficient to cover the debt payments.

Complete financial statements for the Coliseum Authority can be obtained from the County Auditor-Controller's Office at 1221 Oak Street, Room 249, Oakland, CA 94612.

L. Other Information

A. Defined Benefit Retirement Plans

General Information about the Pension Plans

The City has four defined benefit retirement plans: Oakland Police and Fire Retirement System (PFRS), Oakland Municipal Employees' Retirement System (OMERS), and the California Public Employees' Retirement System (PERS) Public Safety Retirement Plan and Miscellaneous Retirement Plans. PFRS and OMERS are closed plans that cover employees hired prior to July 1976 and September 1970, respectively. These two plans are considered part of the City's reporting entity and are included in the City's basic financial statements as pension trust funds. City employees hired subsequent to these two plans' closure dates and certain employees hired before the closure date who elected to change plans are covered by PERS, which is administered by the State of California.

Member and employer contributions are recognized in the period in which the contributions are due pursuant to contractual arrangements or legal requirements, and benefits and refunds are recognized when due and payable, in accordance with the terms of the retirement plans.

Most recent actuarial study	July 1, 2013	July 1, 2014	June 30, 2013

A.1. City Sponsored Defined Benefit Pension Plans

1. Police and Fire Retirement System (PFRS)

PFRS provides death, disability, and service retirement benefits to uniformed employees and their beneficiaries. Members who complete at least 25 years of service, or 20 years of service and have reached the age of 55, or have reached the age of 65, are eligible for retirement benefits. The basic retirement allowance equals 50% of the compensation attached to the average rank held during the three years immediately preceding retirement, plus an additional allowance of 1-2/3% of such compensation for each year of service (up to ten) subsequent to: a) qualifying for retirement, and b) July 1, 1951. Early retirees will receive reduced benefits based on the number of years of service. Benefit provisions and all other requirements are established by the City Charter (Charter). PFRS' standalone financial statements are available by contacting the City Administrator's Office, One Frank Ogawa Plaza, Oakland, CA 94612.

In accordance with the Charter, active members of PFRS contribute a percentage of earned salaries based upon entry age as determined by the City's consulting actuary. During the year ended June 30, 2015, there were no employee contributions. During the year ended June 30, 2014 the contribution rate was 5.47%. By statute, employee contributions are limited to 13% of earned salaries. Employee contributions are refundable with interest at 4% per annum if an employee elects to withdraw from PFRS upon termination of employment with the City.

The City contributes, at a minimum, such amounts that are necessary, determined on an actuarial basis, to provide assets sufficient to meet benefits to be paid to PFRS members. The City is required to fund all liabilities for future benefits for all members by June 30, 2026. In order to do so, the City makes contributions at rates established by consulting actuaries based upon plan valuations using various assumptions as to salary progression, inflation, and rate of return on investments. The City's contributions are based on a level percentage of all uniformed employees' compensation. Significant actuarial assumptions used to compute actuarially determined contribution requirements are the same as those used to compute the pension benefits.

On July 30, 2012, the City issued additional Pension Obligation Bonds (Series 2012) and contributed \$210.0 million to PFRS. As a result of a funding agreement entered into between the PFRS Board and the City, no additional contributions are required until July 1, 2017. See part H to note II for additional information on pension obligation bonds.

Covered Employees- As of June 30, 2015, PFRS membership is 961, which includes 668 retirees and 293 beneficiaries.

Net Pension Liability - The City's net pension liability for PFRS is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability is measured as of June 30, 2014, using an annual actuarial valuation as of June 30, 2013, rolled forward to June 30, 2014, using standard update procedures.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Actuarial Assumptions - A summary of significant assumptions and other inputs used to measure the total pension liability is as follows:

Description	Method/Assumption
Valuation Date	July 1, 2014
Measurement Date	June 30, 2014
Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.54%
Inflation Rate, U.S.	2.75%
Inflation Rate, Bay Area	2.85%
Long-term Postretirement Benefit Increases	3.25%
Investment Rate of Return	6.54%

Mortality rates for healthy and disabled lives were based on the PERS Healthy Table from the 2006-2011 Experience Study, and the CalPERS Industrial Disability Mortality Table from the 2006-2011 Experience Study, respectively. Mortality improvement tables are based on Scale MP-2014 using a base year of 2009.

Actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major class included in the PFRS's target asset allocation as of June 30, 2015 are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Fixed income	2.65%
Domestic Equity	6.90
International Equity	7.20
Real Return	5.20
Covered Calls	6.21
Private Equity	8.80
Cash	2.00

The discount rate used to measure the total pension liability was 6.54%. The projection of cash flows used to determine the discount rate assumed that the City would contribute to the Plan based on its July 1, 2012 funding agreement with the System. This agreement suspends City contributions until the fiscal year beginning July 1, 2017, after which they will resume, based upon the recommendation

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

of the actuary, with a City Charter requirement that the Plan's liabilities be fully funded by July 1, 2026. A cash flow projection showed that the projected fiduciary net position would be greater than or equal to the benefit payments projected for each future period. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability- A schedule of changes in the Net Pension Liability for the ending June 30, 2014, is presented below for the PFRS pension plan (in thousands).

	PFRS
	Increase (Decrease)
Balances at June 30, 2013	\$ 199,802
Changes for the year:	
Interest on total pension liability	42,333
Administrative expenses	776
Member contributions	(4)
Net investment income	(66,392)
Net changes	(23,287)
Balances at June 30, 2014	\$ 176,515

Sensitivity of the Net Pension Liability to Changes in the Discount Rate- The following table presented the net pension liability of the City for PFRS, calculated using the current discount rate for each plan, as well as what the net pension liability would be if it were calculated using the discount rate that is one percentage-point lower or one percentage-point higher. The net pension liabilities are presented in thousands:

	PFRS
Discount rate 1% lower	5.75%
Net Pension Liability	\$ 233,509
Current discount rate	6.75%
Net Pension Liability	176,515
Discount rate 1% higher	7.75%
Net Pension Liability	\$ 127,429

2. Oakland Municipal Employees Retirement System (OMERS)

OMERS provides death and service retirement benefits to participants of the plan. Members who complete at least 20 years of service and have reached the age of 52, or who complete at least 5 years of service and reach the age of 60, are eligible for retirement benefits. The retirement allowance is calculated on a basis which takes into account the final three-year' average compensation, age and the number of years of service. Benefit provisions and all other requirements are established by the Charter. The standalone financial statements are available by contacting the City Administrator's Office, One Frank Ogawa Plaza, Oakland, CA 94612.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

All active non-uniformed City employees hired prior to September 1970 have transferred to PERS as of July 1, 2004. OMERS did not receive any employee or employer contributions during the year.

On November 4, 2014, City of Oakland voters passed Oakland Measure EE, which grants the City of Oakland Council the authority to terminate OMERS by purchasing a group annuity contract to guarantee pension payments to the remaining OMERS' retirees and beneficiaries. This measure is effective January 2015.

On January 6, 2015, City of Oakland Council passed corresponding ordinances that (1) amends OMERS Ordinance 713 and (2) terminate the OMERS Plan effective upon the successful purchase of annuities and disbursements of all funds. On February 6, 2015, the OMERS Board purchased an annuity with Pacific Life Insurance Company. OMERS was terminated effective March 31, 2015 and Pacific Life Insurance Company commenced payment of all future benefit payments to the remaining OMERS' retirees and beneficiaries. All excess funds were transferred to the City of Oakland and placed into a trust fund for any additional OMERS' expenditures or unanticipated shortfalls.

A.2. California Public Employees Retirement Systems (PERS)

Plan Description - The City of Oakland contributes to two agent multiple-employer public employee defined benefit pension plans for safety and miscellaneous members, administered by the California Public Employees Retirement System (PERS). PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California.

Benefits Provided - PERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefit provisions and all other requirements are established by state statute and City ordinance. Copies of PERS' annual financial report may be obtained from their Executive Office - 400 P Street, Sacramento, CA 95814. Separate reports for the City's plans are not available. The following table summarizes the pension, disability and death benefits for the members:

	<u>Safety Plan</u>			
	<u>Miscellaneous Plan</u>		<u>Fire Fighters, Fire Chief Association, Police Officers, Police Management</u>	<u>Fire Fighters, Fire Chief Association, Police Officers, Police Management</u>
Hire Date	Prior to July 17, 2010	On or After July 17, 2010	Prior to June 8, 2012	On or After June 8, 2012
Benefit formula	2.7% @ 55	2.0% @ 62	3.0% at 50	2.70% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life	monthly for life
Retirement age	55	62	50	57
Monthly benefits, as a percentage of eligible compensation	2.70%	2.0% - 2.418%	3.00%	2.70%
Required employee contribution rates	7.999%	7.999%	9.029%	9.029%
Required employer contribution rates	25.536%	25.536%	34.716%	34.716%

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Covered Employees - As of June 30, 2015, the following employees were covered by the benefit terms of each Plan:

	<u>Miscellaneous Plan</u>	<u>Safety Plan</u>
Inactive employees or beneficiaries currently receiving benefits	3,201	922
Inactive employees entitled to but not yet receiving benefits	1,555	366
Active employees	2,446	1,034
Total	<u>7,202</u>	<u>2,322</u>

Contributions Requirements - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions are determined annually on an actuarial basis as of June 30 by PERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by public employees during the year, with an additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2014, the amount contributed to the PERS plans' were as follows (in thousands):

	<u>Miscellaneous Plan</u>		<u>Safety Plan</u>	
	<u>2015</u>	<u>2014</u>	<u>2015</u>	<u>2014</u>
Contributions - employee (paid by employer)	\$ 11,860	\$ 17,431	\$ 13,715	\$ 14,598
Contributions - employer	63,475	52,556	44,120	37,007
Total	<u>\$ 75,335</u>	<u>\$ 69,987</u>	<u>\$ 57,835</u>	<u>\$ 51,605</u>

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports; which is available at the following link:

<https://www.calpers.ca.gov/docs/forms-publications/gasb-68-fiduciary-net-position.pdf>.

Net Pension Liability - The City's net pension liability for each plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the plans is measured as of June 30, 2014, using annual actuarial valuations as of June 30, 2013, rolled forward to June 30, 2014, using standards update procedures.

Assumptions and Other Inputs Used to Measure the Total Pension Liability - A summary of significant assumptions and other inputs used to measure the total pension liability is shown below.

	<u>Miscellaneous Plan</u>	<u>Safety Plan</u>
Valuation Date	June 30, 2013	June 30, 2013
Measurement Date		June 30, 2014
Actuarial Cost Method	Entry Age Normal Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions:		
Discount Rate	7.50%	7.50%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase	3.30% to 14.20% depends on age, service, and type of employment	3.30% to 14.20% depends on age, service, and type of employment
Investment Rate of Return	7.50%	7.50%
Mortality	Derived using CalPERS' Membership Data for all Funds	Derived using CalPERS' Membership Data for all Funds

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Discount Rate - The discount rate used to measure the total pension liability was 7.50% for each plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.50 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.50 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained from the CalPERS website under GASB 68 section.

The long-term expected rate of return on pension plan investments, 7.50 percent, was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund.

The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

According to GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50 percent investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Consequently, an investment return excluding administrative expenses would have been 7.65 percent. Using this lower discount rate would result in a slightly higher total pension liability and net pension liability. The difference in calculation between a 7.50 percent rate and a 7.65 percent rate was not material to the City's financial statements.

PERS is scheduled to review all actuarial assumptions as part of its regular asset liability management review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require PERS Board action and proper stakeholder outreach. For these reasons, PERS expects to continue using a discount rate net of administrative expenses for GASB Statement Nos. 67 and 68 calculations through at least the 2017/18 fiscal year. PERS will continue to check the materiality of the difference in calculation until such time as it changes its methodology.

The table below reflects the assumed asset allocation of the pension plan portfolio and the long-term expected real rate of return by asset class. These rates of return are net of administrative expenses.

CITY OF OAKLAND

Changes in the Net Pension Liability- A schedule of changes in the Net Pension Liability for the ending June 30, 2014, is presented below for each City's pension plan (in thousands).

	<u>Miscellaneous Plan</u> <u>Increase (Decrease)</u>	<u>Safety Plan</u> <u>Increase (Decrease)</u>
Balances at June 30, 2013	\$ 767,340	\$ 541,159
Changes for the year:		
Service cost	37,135	34,590
Interest on total pension liability	166,822	115,261
Member contributions	(17,431)	(14,598)
Employer contributions	(52,556)	(37,007)
Net investment income	(256,552)	(175,344)
Net changes	(122,582)	(77,097)
Balances at June 30, 2014	\$ 644,758	\$ 464,062

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following table presented the net pension liability of the City for each plan, calculated using the current discount rate for each plan, as well as what the net pension liability would be if it were calculated using the discount rate that is one percentage-point lower or one percentage-point higher. Net pension liabilities are presented in thousands:

	<u>Miscellaneous</u>	<u>Safety</u>
Discount rate 1% lower	6.50%	6.50%
Net Pension Liability	\$ 928,804	\$ 695,991
Current discount rate	7.50%	7.50%
Net Pension Liability	644,758	\$ 464,062
Discount rate 1% higher	8.50%	8.50%
Net Pension Liability	\$ 408,742	\$ 274,508

Pension Expense

For the year ended June 30, 2015, the City recognized pension expense of \$47.1 million for miscellaneous plan and \$40.2 million for safety plan; a total expense of \$87.3 million.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Deferred Outflows of Resources and Deferred Inflows of Resources

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows (in thousands):

	<u>Governmental</u> <u>Activities</u>	<u>Business-Type</u> <u>Activities</u>	<u>Port</u>	<u>Total</u>
Deferred outflows of resources				
Pension contributions subsequent to measurement date	\$ 89,930	\$ 2,929	\$ 15,077	\$ 107,936
Deferred inflow of resources				
Net difference between projected and actual earnings on plan investments	(193,108)	(5,285)	(29,137)	(227,530)
Total	<u>\$ (103,178)</u>	<u>\$ (2,356)</u>	<u>\$ (14,060)</u>	<u>\$ (119,594)</u>

\$107.9 million reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflow of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows (in thousands):

<u>Year Ended June 30,</u>	
2016	\$ (56,883)
2017	(56,883)
2018	(56,883)
2019	(56,883)
Total	<u>\$ (227,530)</u>

All other actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the fiscal years 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

A.3. Postemployment Benefits Other Than pension Benefits (OPEB)

Primary Government

1. Plan Description

The City has three programs in place to partially pay health insurance premiums for certain classes of retirees from City employment. City retirees are eligible for retiree health benefits if they meet certain requirements relating to age and service. The retiree health benefits are described in the labor agreements between the City and local unions and in City resolutions. The demographic rates used for the California Public Employee Retirement System (PERS) were public safety employees retirements benefits under a 3% at 50 formula and miscellaneous employees retirement benefits under a 2.7% at 55 formula.

As of June 30, 2014, the City began to partially pre-fund the annual required contribution (ARC) to the California Employer's Retiree Benefit Trust (CERBT), an agent multiple-employer defined benefit postemployment healthcare plan administered by PERS. The CERBT is an Internal Revenue

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Code (IRC) Section 115 Trust and an investment vehicle that can be used by all California public employers to prefund future retiree health and other postemployment benefit (OPEB) costs.

The City's single-employer defined benefit retiree health plan (Retiree Health Plan) allows eligible retirees and their dependents to receive employer-paid medical insurance benefits through PERS. The medical insurance reimbursement is not to exceed the Kaiser-HMO family plan rate. The Retiree Health Plan also includes dental and vision benefits and reimbursement of Medicare part B monthly insurance premium. The Retiree Health Plan does not issue a separate financial report.

2. Funding Policy

The City pays part of the health insurance premiums for all retirees from City employment receiving a pension annuity earned through City service and participating in a City-sponsored PERS health benefit plan on a pay-as-you-go basis. The City paid \$19.8 million for retirees under this program for the year ended June 30, 2015.

3. Annual OPEB Cost and Net OPEB Obligation

The City's annual postemployment benefit cost and net OPEB obligation for the Retiree Health Plan as of and for the fiscal year ended June 30, 2014 were as follows (in thousands):

Annual Required Contribution (ARC)	\$39,418
Interest on net OPEB obligation	13,142
Adjustment to ARC	<u>(10,975)</u>
Annual OPEB cost	41,585
Employer Contribution	<u>(19,758)</u>
Increase in net OPEB obligations	21,827
Net OPEB obligations, beginning of year	<u>235,095</u>
Net OPEB obligations, end of year	<u><u>\$256,922</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed during the fiscal year, and the net OPEB obligation at the end of the year for the City's single employer Retiree Health Plan were as follows (in thousands):

Fiscal Year	Annual OPEB	Percentage of	Net OPEB
Ended June 30,	Cost	Annual OPEB	Obligation
		Cost Contributed	
2013	\$ 46,291	38.1%	\$ 215,252
2014	40,476	51.0%	235,095
2015	41,585	47.5%	256,922

4. OPEB Funded Status and Funding Progress

As summarized in the table below, as of July 1, 2013, the most recent actuarial valuation date, the City's Retiree Health Plan was zero percent funded on an actuarial basis. Changes to the UAAL for the OPEB Plan was primarily the result of the actuarial value of assets being zero. The City is on a pay-as-you-go funding progress and as June 30, 2014, it has begun to partially pre-fund the annual

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

required contribution (ARC) to CERBT. As of June 30, 2015, the City has \$2.2 million set aside for future liabilities.

The specific funded status for the OPEB plan is summarized in the table below, as of July 1, 2013 (in thousands):

Actuarial Valuation Date	Actuarial Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded AAL (UAAL) (a-b)	Funded Ratio (b/a)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((a-b)/c)
7/1/2013	\$ 463,851	\$ -	\$ 463,851	0.0%	\$ 322,170	144%

The Schedule of Funding Progress, presented as Required Supplementary Information (RSI) following the Notes to the Basic Financial Statements, presents information about whether the actuarial value of plan assets increased or decreased in relation to the actuarial accrued liability for benefits. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan in effect and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

5. Actuarial Methods and Assumptions for OPEB Plan

The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrual liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The more significant actuarial methods and assumptions used in the calculations of the annual OPEB cost and the annual required contribution for the fiscal year ended June 30, 2015 and the funded status as of July 1, 2013 are as follows:

Description	Method/Assumption
Valuation Date	July 1, 2013
Actuarial Cost Method	Entry Age Normal Cost Method
Amortization Method	Level Percent of Payroll
Average Remaining Period	30 years open as of the Valuation Date
Asset Valuation Method	5 Years Smoothed Market
Actuarial Assumptions:	
Discount Rate ¹	5.59%
Projected Salary Increases	2.5% per year growth
Inflation	3.00%
Demographic Rate	Retirement benefit at 3% at 50 formula for Safety employees and at 2.7% at 55 formula for Miscellaneous employees.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Health Care Cost Trends Rate	7.25% for fiscal year 2014, graded down to 5.00% for fiscal year 2025 and beyond. For post-Medicare benefits the trend rate for health claims is 6.00% for fiscal year 2014 grading down to 5.00% for 2025 and beyond. The trend for fiscal year 2013 is based on the actual known premium rate changes. The trend rate is determined by the Plan sponsor based on historical data and anticipated experience under the Plan.
------------------------------	---

¹ The City began to partially pre-fund the ARC in June 2014 by participating in CERBT sponsored by CalPERS, and therefore the discount rate is a blend of the expected return on assets for the CERBT assets and the expected return on the City's general assets.

Component Unit – Port of Oakland

1. Plan Description

The Port contributes to the California Employer's Retiree Benefit Trust (CERBT), an agent multiple-employer defined benefit postemployment healthcare plan administered by CalPERS. The CERBT is an Internal Revenue Code Section 115 trust and an investment vehicle that can be used by all California public employers to prefund future retiree health and Other Postemployment Benefits (OPEB) costs.

The Port's Retiree Health Plan allows eligible retirees and their dependents to receive employer paid medical insurance benefits through CalPERS, subject to certain limitations described below. Additionally, through the Port's Retiree Health Plan, employees hired before October 1, 2009 [before January 1, 2013 for members of the Services Employees International Union (SEIU) and International Brotherhood of Electrical Workers (IBEW)] are eligible to receive dental and vision benefits.

Prior to 2011, eligible retirees must have attained the age of fifty or over at the time of retirement, have five or more years of CalPERS service, and must be eligible to receive PERS retirement benefits. On July 21, 2011, the Port adopted resolutions that established a Health Benefit Vesting Requirement for employees hired on or after September 1, 2011 (on or after April 1, 2013 for members of SEIU and IBEW). The vesting schedule does not apply to employees that are granted a disability retirement.

Under the adopted vesting schedule, the Port shall pay a percentage of retiree medical coverage for a retiree and his or her eligible dependents based on the provisions of Section 22893 of the California Government Code. Under these rules, a retiree must have at least 10 years of credited service with a CalPERS agency, at least 5 of which are with the City/Port.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The Port will pay a percentage of employer contributions for the Retiree based upon the following:

Years of Credited Service (at least 5 of which are with the City/Port)	Percentage of Employer Contributions
10	50%
11	55%
12	60%
13	65%
14	70%
15	75%
16	80%
17	85%
18	90%
19	95%
20	100%

2. Funding Policy

Benefit provisions are established and are amended through negotiations between the Port and the various bargaining units during each bargaining period. The Port pays a portion of retiree benefit expenses on a pay-as-you-go basis to third parties, outside of the CERBT fund, and funds the remaining annual required contribution (ARC) to the CERBT fund.

As of June 30, 2015, there were approximately 541 employees who had retired from the Port and were participating in the Port's Retiree Health Plan. During fiscal year ended June 30, 2015, the Port contributed \$5.8 million to the CERBT and made payments of \$7.1 million on behalf of eligible retirees to third parties outside of the CERBT fund.

3. Annual OPEB Cost and Net OPEB Obligation

The Port's annual OPEB cost is equal to (a) ARC, an amount actuarially determined in accordance with the parameters of GASB Statement 45, plus (b) one year's interest on the beginning balance of the net OPEB obligation, and minus (c) an adjustment to the ARC. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost of each year and any unfunded actuarial liabilities (or funding excess) amortized over an open period of 30 years.

The following table shows the components of the Port's annual OPEB cost for the year, the amount contributed to the CERBT, and changes in the Port's net OPEB obligation to the Plan as of June 30, 2015 (in thousands):

Annual Required Contribution (ARC)	\$ 12,844
Interest on net OPEB obligation	729
Adjustment to ARC	(793)
Annual OPEB cost	12,780
Employer Contribution	(12,945)
Decrease in net OPEB obligation	(165)
Net OPEB obligation, beginning of year	10,414
Net OPEB obligation, end of year	\$ 10,249

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The Port's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the current and prior two years are as follows (in thousands):

Fiscal Year Ended June 30,	Annual OPEB Cost	Annual OPEB Cost Contributed	Net OPEB Obligation
2013	\$ 10,984	100.5%	\$ 10,453
2014	12,789	100.3%	10,414
2015	12,780	101.3%	10,249

4. Funded Status and Funding Progress

The table below indicates the funded status of the Plan as of June 30, 2015, the most recent actuarial valuation date (in thousands):

Actuarial Valuation Date	Actuarial Accrued Liability (AAL) (A)	Actuarial Value of Assets (b)	Unfunded AAL (UAAL) (a-b)	Funded Ratio (b/a)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((a-b)/c)
7/1/2013	\$ 463,851		0 \$ 463,851	0.0%	\$ 322,170	144%

5. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan in effect and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of plan assets, consistent with the long-term perspective of the calculations.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The actuarial cost method used for determining the benefit obligations of the Port is the Projected Unit Credit Cost Method. Under the principles of this method, the actuarial present value of the projected benefits is the value of benefits expected to be paid for active and retired employees. The AAL is the present value of benefits attributed to employee service rendered prior to the valuation date. The AAL equals the present value of benefits multiplied by a fraction equal to service to date over service at expected retirement. The ARC for fiscal year 2015 was based on an actuarial valuation of the Port's plan as of June 30, 2013, which amortized the Port's UAAL over a "closed" period of 30 years.

Actuarial assumptions used for the valuation of the Port's plan include a discount rate, which is based on the CERBT expected rate of return for the plan assets, and annual health care cost trends, which is based on the "Getzen" model published by the Society of Actuaries. The June 30, 2013 valuation used a discount rate of 7.00% and annual healthcare costs were assumed to increase at rates ranging from 2.75% to 7.25%, and a general inflation rate of 2.5% was used.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

The schedules presented as Required Supplementary Information following the notes to basic the financial statements, presents multiyear trend information. The Schedule of Funding Progress – Port of Oakland Postemployment Benefits presents information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

B. COMMITMENTS AND CONTINGENCIES

1. Construction Commitments

The City has committed to funding in the amount of \$293.2 million to a number of capital improvement projects for fiscal year 2016 through fiscal year 2017. As of June 30, 2015, the City had construction commitments for the acquisition and construction of assets as follows (in thousands):

Building, facilities and infrastructure	\$ 19,655
Parks and open space	14,461
Sewers and storm drains	43,124
Streets and sidewalks	181,259
Technology enhancements	13,992
Traffic improvements	<u>20,729</u>
Total	<u>\$ 293,221</u>

2. Other Commitments and Contingencies

Long-Range Property Management Plan (“LRPMP”)

Under ABx1 26, adopted on June 28, 2011, as amended by AB 1484 adopted on June 27, 2012, all new redevelopment activities were suspended, with limited exceptions, and redevelopment agencies were dissolved on February 1, 2012, and replaced with successor agencies. Under this legislation, the Oakland Oversight Board, the California Department of Finance (“DOF”) and the California State Controller’s Office have varying degrees of responsibility and oversight over the dissolution process and successor agency activities. Health and Safety Code section 34179.7 provides that DOF will issue a finding of completion to a successor agency that makes required payments of available cash assets for distribution to taxing entities. On May 29, 2013, the Oakland Redevelopment Successor Agency (“ORSA”), after making its required payments, received its Finding of Completion from DOF.

On May 29, 2014, pursuant to Health and Safety Code (“HSC”) section 34191.4, the California Department of Finance approved ORSA Long-Range Property Management Plan (“LRPMP”) addressing the disposition and use of the former Agency properties and authorizing the disposition of properties pursuant to the plan.

Wood Street Affordable Housing Project Environmental Remediation

The Wood Street Affordable Housing Project analytical results show concentrations of arsenic, lead, total petroleum hydrocarbons as diesel and polycyclic aromatic hydrocarbons in site soils and or ground water sample. As of June 30, 2015, environmental remediation clean- up activities has not been completed yet. The ORSA has set-aside \$300 thousand in escrow to cover the remaining environmental obligations.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

Oakland Army Base Environmental Remediation

Land held for the Oakland Army Base project may be subject to environmental remediation as required by the Comprehensive Environmental Response, Compensation and Liability Act. If and when such environmental remediation is required, the former redevelopment agency and the Port are responsible for the first \$13.0 million of environmental remediation costs; including environmental remediation insurance. The former Agency has received a federal grant of \$13.0 million to pay for the above-mentioned environmental remediation costs including a \$3.5 million insurance premium. As of June 30, 2011, the former Agency has spent approximately \$13.0 million on this project. \$10.9 million has been reimbursed by the U.S. Department of the Army (Army). In FY 2013-14, the City received the \$2.1 million from the Army.

The next \$11.0 million of environmental remediation costs are to be shared equally by the City and the Port. As of June 30, 2015, the City has recorded its remaining share of \$917 thousand in estimated environmental cost under long-term liabilities. The next \$9.0 million will be paid from insurance proceeds from the environmental remediation policy. If subsequent environmental remediation is required after the initially-required remediation is complete, then the environmental site liability policy will cover up to \$30.0 million in additional environmental remediation-related costs. The City and the Port have agreed to share equally in any environmental remediation-related costs above \$21.0 million that are not covered by insurance.

As part of the City and the former Agency properties purchase and sale agreement of March 3, 2011, the Oakland Army Base operations and remediation liabilities have been transferred to the City.

In August 2013, the State Controller's Office, pursuant to Health and Safety Code section 34167.5, deemed the Oakland Army Base properties allowable and recommended for the City to transfer the Oakland Army Base assets. The City management believes that none of the estimated environmental remediation costs will cause the recorded amounts of any properties held for resale to exceed their estimated net realizable values.

Component Unit – Port of Oakland

As of June 30, 2015, the Port had construction commitments for the acquisition and construction of assets as follows (in thousands):

Aviation	\$ 74,059
Maritime	29,077
Other	78
Total	<u>\$ 103,214</u>

The most significant projects for which the Port has contractual commitments for construction are: Runway Safety Area of \$10.2 million, Airport Terminal Renovation projects of \$61.8 million, and Phase 1 of the new rail terminal project on Port-owned OAB property of \$27.0 million.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

1. Power Purchases

The Port purchases electrical power for resale and self-consumption and currently has three power purchase agreements with East Bay Municipal Utility (“EBMUD”), the Western Area Power Administration (“WAPA”) and SunEdison, LLC (“SunEdison”) with expiration dates greater than four years

. Counterparty	Contract Ending Year	Contract Structure	Estimated Output	Estimated Annual Cost
EBMUD	2017	Take and Pay - (Pay contract price only if energy is received)	8,000 MWH	Approx. \$584,000 with no annual escalator
WAPA	2024	Take or Pay - (Pay contract price without regard to energy received)	17,000 MWH	Approx. \$800,000 (Changes annually depending on revenue requirement for power generation projects)
SunEdison	2027	Take and Pay - (Pay contract price only if energy is received)	1,200 MWH	Approx. \$200,000 with annual escalator

In addition to the aforementioned power purchase agreements, the Port had outstanding, as of June 30, 2015, approximately \$5.0 million of power purchases contracts with Powerex Corporation and Shell Energy North America through December 31, 2018.

2. Environmental Remediation

The entitlements for the Airport Development Program (“ADP”) subject the Port to obligations arising from the adopted ADP Mitigation Monitoring and Reporting Program required under: the California Environmental Quality Act; permits issued by numerous regulatory agencies including the Regional Water Quality Control Board and the Bay Conservation and Development Commission; and settlement agreements. The majority of these obligations have been met, and monitoring and reporting are ongoing.

A summary of the Port’s environmental remediation liability accounts, net of the estimated recoveries, included in long-term obligations on the statement of net position at June 30, 2015, is as follows (in thousands):

Obligating Event	Liability	Estimated Recovery
Pollution poses an imminent danger to the public or environment	\$ 449	\$ 4
Identified as responsible to clean up pollution	8,286	1,633
Begins or legally obligates to clean up or post-clean up activities	2,965	191
Total by Obligating Event	\$ 11,700	\$ 1,828

The environmental remediation liability accounts in the summary tables are listed by the initial obligating event. Due to new information, the obligating event may change from the initial obligating event. Obligating events include without limitations: 1) the Port is named, or evidence indicates that it will be named, by a regulator such as the Department of Toxic Substances Control or the Regional Water Quality Control Board, as a responsible party or potentially responsible party for remediation; and 2) the Port has commenced, or has legally obligated itself to commence, clean-up activities or

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

monitoring or operation and maintenance of the remediation effort (e.g., by undertaking a soil and groundwater pre-development investigation).

Methods and Assumptions

The Port measured the environmental liabilities for pollution remediation sites on Port-owned property using the Expected Cash Flow technique. The measurements are based on the current value of the outlays expected to be incurred. The cash flow scenarios include each component which can be reasonably estimated for outlays such as testing, monitoring, legal services and indirect outlays for Port labor instead of ranges of all components. Reasonable estimates of ranges of possible cash flows are limited from a single scenario to a few scenarios. Data used to develop the cash flow scenarios is obtained from outside consultants, Port staff, and the Port's outside legal counsel.

Changes to estimates will be made when new information becomes available. Estimates for the pollution remediation sites will be developed when the following benchmarks or changes in estimated outlays occur:

- Receipt of an administrative order.
- Participation, as a responsible party or a potentially responsible party, in the site assessment or investigation.
- Completion of a corrective measures feasibility study.
- Issuance of an authorization to proceed.
- Remediation design and implementation, through and including operation and maintenance and post-remediation monitoring.
- Change in the remediation plan or operating conditions, including but not limited to type of equipment, facilities and services that will be used and price increases.
- Changes in technology.
- Changes in legal or regulatory requirements.

3. Recoveries

The environmental liabilities balances listed on the prior page have been reduced by estimated future recoveries. In calculating the estimated future recoveries, Port staff and outside legal counsel reviewed and applied the requirements of GASB Statement No. 49 for accounting for recoveries. For example, if a Port tenant has a contract obligation to reimburse the Port for certain pollution remediation costs, or if an insurance carrier has paid money on a certain claim and the Port is pursuing additional costs from the insurance carrier associated with the claim, then a recovery was estimated. If an insurance carrier has not yet acknowledged coverage, then a recovery was not estimated.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

C. DEFICIT FUND BALANCES/NET POSITION AND EXPENDITURES OVER BUDGET

As of June 30, 2015, the following funds reported deficits in fund balance/net position (in thousands):

Special Revenue:	
Federal/State grant fund	\$6,160
Landscape and Lighting Assessment District	290
Internal Service Funds:	
Facilities	(34,601)
Equipment	(5,221)
Reproduction	(2,676)
Central Stores	(4,526)
Purchasing	(1,351)

The deficit in the Federal/State Grant Fund will be cleared by grant reimbursement submitted to granting agencies, but revenue has not been received within the City's availability period. The deficit in the Landscape and Lighting Assessment District they collected from special assessments. The City's facilities, equipment, reproduction, central stores, and purchasing fund deficits are expected to be funded through increased user charges in future years. During the 2011-13 Budget, the City revised the repayment plan for the internal service funds to eliminate the funds' net position deficit by 2019.

D. SUBSEQUENT EVENTS

1. Tax and Revenue Anticipation Notes

On June 10, 2015, the City issued the 2015-16 Tax and Revenue Anticipation Notes (the "Notes") Series A in the principal amount of \$49,245,000, and Series B in the principal amount of \$108,975,000 with final maturity for both Series on June 30, 2016. The Series A Notes were successfully sold on a competitive basis and were priced with an interest rate of 2.00% to yield 0.29% at maturity. Series A Notes were issued to finance General Fund expenditures, including, but not limited to, current expenses, capital expenditures and the discharge of other obligations of the City. The Series B Notes were successfully sold on a competitive basis and were priced with an interest rate of 1.00% to yield 0.42% at maturity. The City intends to prepay its CalPERS pension payments for Fiscal Year 2015-16 with the proceeds of the Series B Notes. It is expected that the Notes will be available for delivery through the facilities of Depository Trust Company on or about July 1, 2015.

2. Radio Lease 2015, Equipment Schedule No. 2

On July 16, 2015, the City entered into a Master Lease-Purchase Agreement in the principal amount of \$7,095,000. This financing provides funding to purchase equipment and professional services in order to improve the microwave network, replace the PWA portable radio fleet, replace the siren system, and deploy a mobile emergency network. The equipment group upgrades the current mission-critical public safety communication systems and related infrastructure. The final maturity is July, 2020 and has an interest rate of 1.48%.

CITY OF OAKLAND
Notes to the Basic Financial Statements (continued)
Year Ended June 30, 2015

3. IT Systems Lease 2015, Equipment Schedule No. 1

On October 28, 2015, the City entered into a Master Lease-Purchase Agreement in the principal amount of \$17,000,000. This financing provides funding for hardware, software and professional services to upgrade/reimplement and remediate the Oracle E-Business Suite applications and related infrastructure, implement a new municipal budgeting system, replace and improve the 9-1-1 public safety systems and operate and maintain current information technology systems. The equipment group modernizes and maintains mission-critical information technology systems and related infrastructure. The final maturity is August 1, 2021 and has an interest rate of 2.81%.

4. Passage of Senate Bill 107 (the Bill)

In September 2015, the State passed the Bill which contains additional provisions and provides specificity to existing law governing the dissolution of redevelopment agencies and the wind-down of their existing activities and obligations. The Bill includes specific language to ORSA that facilitates the issuance of bonds or other indebtedness for the purposes of low and moderate income housing and various infrastructure in the City, by allowing the pledge of revenues available in the Redevelopment Property Tax Trust Fund that are not otherwise pledged, subject to the approval of the Oversight Board. The Bill declares that the Central District Subordinated Tax Allocations Refunding Series 2013 and Subordinated Housing Set Aside Revenue Bonds, Series 2011A-T are finally and conclusively approved as enforceable obligations. The Bill required that remaining principal amount of the any of the loan that were previously unpaid after September 2015 shall be recalculated from the date of original of the loan on the basis at a simple interest rate of 3%.

5. Refunding of Subordinated Tax Allocation Refunding Bonds

In August 11, 2015, the ORSA issued Subordinated Tax Allocation Refunding Bonds, Series 2015-TE and Series 2015-T (the "Series 2015 Bonds") in an aggregate principal amount of \$89.2 million to refund outstanding Series 2006A Bonds, Series 2006A-T Bonds, Series 2006A-TE Bonds, Series 2006B-TE Bonds, and Series 2006C-TE Bonds. The Series 2015 Bonds were issued with interest rates ranging from 1.329% to 5.00% and will mature in September 2036. Issuance of the Bonds generated approximately \$8.0 million or 7.7% in net present value of savings, which is approximately \$10.3 million in debt service savings through 2037.

6. Defeased Bond Payment

On September 1, 2015, ORSA made a \$33.2 million principal payment on ORSA's Subordinated Tax Allocation Bonds, Series 2003 and 2005 defeased bonds. The remaining outstanding balance of defeased bond after the payment was \$8.6 million.

For the Year Ended June 30, 2015

SCHEDULES OF FUNDING PROGRESS

OPEB

The schedules of funding progress below show the recent history of the actuarial value of assets, actuarial accrued liability, their relationship, and the relationship of the unfunded actuarial accrued liability to covered payroll. The required contributions were determined as part of the actuarial valuation using the entry age normal actuarial cost method.

City Other Postemployment Benefits (OPEB)

Valuation Date	Actuarial Accrued Liability (AAL) (a)	Actuarial Value of Assets (b)	Unfunded (Overfunded)		Funded Ratio (b)/(a)	Covered Payroll (c)	UAAL as a percent of Covered Payroll ((a-b) / c)
			AAL (UAAL) (a-b)				
7/1/2010	\$ 520,882,498	\$ -	\$ 520,882,498		0.0%	\$ 310,154,816	167.9%
7/1/2012	553,530,074	-	553,530,074		0.0%	304,373,447	181.9%
7/1/2013	463,850,944 *	-	463,850,944		0.0%	322,169,792	144.0%

* The City began to partially pre-fund the annual required contribution in the year ended June 30, 2014 by participating in California Employers' Retiree Benefit Trust sponsored by CalPERS.

Port of Oakland PostEmployment Benefits (OPEB)

CITY OF OAKLAND
Notes to Required Supplementary Information
For the Year Ended June 30, 2015

(1) BUDGETARY DATA

In accordance with the provisions of the City Charter, the City prepares and adopts a budget on or before June 30 for each fiscal year. The City Charter prohibits expending funds for which there is no legal appropriation. Therefore, the City is required to adopt budgets for all City funds.

Prior to July 1, the original adopted budget is finalized through the passage of a resolution by the City Council. The level of legal budgetary control by the City Council is established at the fund level. For management purposes, the budget is controlled at the departmental level of expenditure within funds.

In June 2014, the City Council approved the FY 2014-15 Mid-Cycle Adjusted Budget which adopted changes to the FY 2013-15 biennial budget. The final budgetary data presented in the required supplementary information reflects approved changes to the adopted 2014-15 mid-cycle budget. Certain projects are appropriated on a multiyear rather than annual basis. If such projects or programs are not completed at the end of the fiscal year, unexpended appropriations are carried forward to the following year with the approval of the City Administrator.

Transfers of appropriations between funds and supplemental appropriations financed by unanticipated revenues must be approved by the City Council.

Transfers of appropriations between projects within the same fund must be approved by the City Administrator. Final budget amounts reported in the required supplementary information reflect both the appropriation changes approved by the City Council and the transfers approved by the City Administrator.

Budgetary Basis of Accounting

The City adopts budgets each fiscal year on a basis of accounting which is substantially the same as accounting principles generally accepted in the United States of America (GAAP) except for certain investment earnings.

Certain funds of the City contain capital projects, grant projects, loan programs or other programs that are budgeted on a multiyear basis. The amounts of the projects and programs budgeted on a multiyear basis are significant compared to the items budgeted on an annual basis; therefore, a comparison of budget to actual for the fund would not be meaningful. As a result, such funds that are excluded from budgetary reporting are:

- Federal/State Grants Fund
- Low and Moderate Income Housing Asset Fund
- Municipal Capital Improvement Fund

While the City adopts budgets for all funds, the budgets to actual comparisons for proprietary and fiduciary funds are not presented because some projects and programs are adopted on a multiyear basis.

CITY OF OAKLAND
Notes to Required Supplementary Information (continued)
For the Year Ended June 30, 2015

(2) RECONCILIATION OF OPERATIONS ON MODIFIED ACCRUAL BASIS TO BUDGETARY BASIS

The governmental fund financial statements have been prepared on the modified accrual basis of accounting in accordance with GAAP. The “Budgetary Comparison Schedule – General Fund” has been prepared on a budgetary basis, which is different from GAAP.

The budgetary process is based upon accounting for certain transactions on a basis other than GAAP. The results of operations are presented in the budget to actual comparison schedule in accordance with the budgetary process (Budgetary Basis) to provide a meaningful comparison with the budget.

The main difference between actual amounts on a budgetary basis and a GAAP basis is due to timing.

In October 2001, the City entered into a debt service deposit agreement with a third party whereby the City received approximately \$9.6 million in exchange for forgoing its right to receive investment earnings on the amounts deposited with the trustee in advance of the date that the related debt was due to the bondholders. The compensation to the City was recorded as revenue in fiscal year 2002 when received on a budgetary basis. On a GAAP basis, the revenue was deferred and is being recognized over the 21-year life of the agreement. Amortization for the year ended June 30, 2015, was \$0.

The following schedule is a reconciliation of the GAAP and budgetary results of operations (in thousands):

	General Fund
Net change in fund balance - GAAP basis	\$ 12,480
Amortization of debt service deposit agreement	-
Net change in fund balance - Budgetary basis	\$ 12,480

The General Fund’s fund balance on a GAAP Basis is reconciled to a Budgetary Basis as of June 30, 2015, which is as follows (in thousands):

	General Fund
Fund balance as of June 30, 2015 - GAAP basis	\$ 266,331

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds account for certain revenue sources that are legally restricted or committed to be spent for specified purposes. Other restricted sources are accounted for in fiduciary, debt service, and capital projects funds.

Traffic Safety and Control Fund accounts for monies received from 3-5% parking meter collections and from fines and forfeitures for misdemeanor violations of vehicle codes which are expended or disbursed for purposes immediately connected with traffic safety and control.

State Gas Tax Fund accounts for the subventions received from state gas taxes under the provision of the Streets and Highways Code. State gas taxes are restricted to uses related to local streets and highways and would include acquisitions of real property, construction and improvements, and repairs and maintenance of streets and highways.

The **Landscape and Lighting Assessment District Fund** is an assessment district fund that is used to account for monies restricted to installing, maintaining and servicing public lighting, landscaping and park facilities.

Assessment Districts Fund accounts for monies restricted to specific improvements that beneficially affect a well defined and limited area of land.

Parks, Recreation, and Cultural Fund accounts for monies held for the general betterment and beautification of city parks, recreation centers, the Oakland Public Museum, and the Oakland Public Library.

NONMAJOR DEBT SERVICE FUNDS

Debt service funds account for the accumulation of resources to be used for the payment of general long-term debt principal and interest.

The **General Obligation Bonds Fund** accounts for monies received in connection with the General Obligation Bonds and the related payments on such debt. Proceeds from the General Obligation Bonds are to be used by the City to expand and develop park and recreation facilities, and to enhance the City's emergency response capabilities and for seismic reinforcement of essential public facilities and infrastructure.

The **Lease Financing Fund** accounts for monies received in connection with leases between the City and the ORSA, and the City and the California Statewide Communities Development Authority. It also accounts for payments on bonds and other debt issued for the Oakland Museum, for capital improvements to certain City properties, and for the Scotlan and Kaiser Convention Centers.

The **JPFA Fund** accounts for monies received in connection with leases between the City and the JPFA.

The **Other Assessment Bonds Fund** accounts for special assessment monies received from property owners within the various special assessment districts to liquidate the improvement bonds. These districts include Rockridge Area Water Improvement, and the Fire Area Utility Underground.

The **Special Revenue Bonds Fund** accounts for financing received in connection with the Special Refunding Revenue Bonds (Pension Financing) and for payments on such bonds. The revenues for this fund comes from the "Tax Override Revenues" consist of the revenues generated and collected by the City as proceeds of its annual tax levy authorized Resolution No. 59916 C.M.S adopted in August 1981 by the City Council to fund the City's obligations under Measure R and Measure O. The revenues are used by the City to fund a portion of the City's liability for public safety employee pensions.

INTERNAL SERVICE FUNDS

Internal service funds account for operations that provide goods or services to other City departments and agencies, or to other governments, on a cost-reimbursement basis.

The **Equipment Fund** accounts for the purchase of automotive and rolling equipment, and the related maintenance service charges and related billings for various City departments.

The **Radio Fund** accounts for the purchase, maintenance and operation of radio and other communication equipment being used by various City departments.

The **Facilities Fund** accounts for the repair and maintenance of City facilities, and for provision of custodial and maintenance services related thereto.

The **Reproduction Fund** accounts for the acquisition, maintenance and provision of reproduction equipment and services related to normal governmental operations.

The **Central Stores Fund** accounts for inventory provided to various City departments on a cost reimbursement basis.

The **Purchasing Fund** accounts for procurement of materials, equipments and services essential to providing governmental services for the City.

FIDUCIARY FUNDS

Fiduciary funds, including pension and private purpose trusts, account for resources held by the City which must be spent as provided in legal trust agreements and related state laws. Agency funds account for assets held for other funds, governments, private organizations or individuals. Agency funds do not measure the results of operations and generally serve as clearing accounts.

PENSION TRUST FUNDS

The **Oakland Municipal Employees Retirement System (OMERS) Fund** is a closed benefit plan that covers non-uniformed employees hired prior to September 1970 who have not elected to transfer to the California Public Employees Retirement System.

The **Police and Fire Retirement System (PFRS) Fund** is a closed benefit plan administered by a Board of Trustees which covers uniformed police and fire employees. Membership in the plan is limited to uniformed employees hired prior to July 1, 1976. All subsequent hires are covered under the California Public Employees Retirement System.

PRIVATE PURPOSE TRUST FUNDS

Private Purpose Trust Fund include (a) *the Oakland Redevelopment Successor Agency Trust Fund*, which accounts for the custodial responsibilities that are assigned to the Oakland Redevelopment Successor Agency with the passage of AB X1 26, that are not related to the former Oakland Redevelopment Agency projects or parks, recreation or cultural activities, (b) *the Other Private Purpose Trust Fund*, which accounts for the operations of certain trust funds, such as the Major Gifts Funds or the Youth Opportunity Program Fund, and retiree medical payments; and (c) *the Private Pension Trust Fund* accounts for employee deferred compensation fund.

STATISTICAL SECTION

CITY OF OAKLAND STATISTICS

INDEX TO STATISTICAL SECTION

This part of the City of Oakland's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplemental information says about the City's overall financial health.

Financial Trends

Schedules one through five contain trend information to assist in understanding how the City's financial performance and well-being have changed over times.

Revenue Capacity

Schedules six through twelve report tax revenues by sources which include: property taxes, state taxes and local taxes.

Debt Capacity

Schedules thirteen through sixteen present information that helps in understanding the City's current level of outstanding debt, the legal debt margin, and the ability to issue additional debt in the future.

Pledged Revenue Coverage

Schedule seventeen contains pledged revenue coverage for the City and the Port of Oakland, a component unit of the City. This schedule assists in understanding the revenues pledged for repayment of debt service.

Demographic and Economic Information

Schedules eighteen and nineteen provide the demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

Schedules twenty through twenty-two contain service and infrastructure data to assist in understanding how the City's financial reports relate to the services the City provides and the activities it performs.

CITY OF OAKLAND STATISTICS

GENERAL INFORMATION

The City of Oakland is located on the eastern side of the Oakland/San Francisco Bay in the County of Alameda. Its western border offers 19 miles of coastline, while the rolling hills to the east present views of the Bay and the Pacific Ocean. In between are traditional, well-kept neighborhoods, a progressive downtown and superior cultural and recreational amenities. It is the administrative site for the County of Alameda, the regional seat for the federal government, the district location of primary state offices, and the *transportation hub and center of commerce* for the Bay Area.

With an estimated population of over 404,355, ranking the eighth largest city in the State of California, Oakland is a city of contrasts. It has a thriving industrial port located near restored historic buildings. Major corporate headquarters are in close proximity to traditional businesses and small shops. Historic structures continue to be preserved and revitalized while new buildings are built.

Oakland has grown rapidly since World War II. It has striven to balance this growth by preserving its abundant natural beauty and resources. The City has 106 parks within its borders and several recreational areas along its perimeter. The downtown area includes Lake Merritt, the largest saltwater lake within a U.S. city. Its shoreline is a favorite retreat for joggers, office workers and picnickers. At dusk, the area sparkles as the lake is lit with the “Necklace of Lights.” Lake Merritt is the oldest officially declared wildlife sanctuary in the United States, dating back to 1870.

ALL-AMERICAN CITY

According to U.S. Census figures, Oakland is the most culturally and ethnically diverse city in America. This diversity is reflected in a dynamic, multicultural arts, culture and dining scene. Less obvious to people passing through Oakland is the extraordinary number of individuals and groups of all ethnic backgrounds who work quietly, often voluntarily, usually with little public notice, to improve living conditions for everyone. There are about 150 neighborhood, community, and merchant organizations in Oakland, an unusually large number for any city.

In recognition of these activities, the City and its residents were awarded the National Civic League’s prestigious All-American City designation. Ten cities out of 151 applicants were selected. Each had to demonstrate broad-based citizen involvement reflecting the community’s demographics, the shared decision-making among its public and private sectors, the creative mobilization of community resources, and the willingness to confront critical local issues and results that have a lasting impact.

GOVERNMENT

In November 1998, the citizens of Oakland passed Measure X to change the form of government from Council/Manager to Mayor/Council through a charter amendment. The legislative authority is vested in the City Council. The executive authority is vested in the Mayor with administrative authority resting with the City Manager under the direction of the Mayor. The City Auditor and the City Attorney are both elected officials and serve four-year terms.

The Mayor and City Council is the governing body of the City and is comprised of eight elected officials. One Council member is elected “at large”, while the other seven Council members represent specific districts. The Mayor and City Council are elected to serve four-year terms. The City Manager, appointed by the Mayor, is responsible for day-to-day administrative and fiscal operations of the City.

CITY OF OAKLAND STATISTICS

On March 2, 2004, the citizens of Oakland passed Measure P: (1) to repeal the sunset provision of Measure X passed in November 1998 to retain the Mayor/Council form of government; (2) to change the term limit for Mayor from two terms to two consecutive terms; (3) to reduce the number of votes needed for the City Council to pass an ordinance on reconsideration from six to five votes; (4) to eliminate the prohibition on paying the Mayor more than the City Manager; (5) to remove the rule that the Mayor vacates his or her office by missing ten consecutive City Council meetings; (6) to require the Mayor to advise the City Council before removing the City Manager; and (7) to change the title of the City Manager to “City Administrator”.

The City provides a full range of services contemplated by statute or charter, including those functions delegated to cities under state law. These services include public safety (police and fire), sanitation and environmental health enforcement, recreational and cultural activities, public improvements, planning, zoning, and general administrative services. Oakland is also the seat of Alameda County, which is one of California’s largest counties.

COMMERCIAL SECTORS

Oakland has made significant gains in diversifying its economic base. The economy offers a healthy mix of trade, government, and information technology, financial, medical, publishing, and service-oriented occupations. Industries with the largest growth in jobs in the last few years are professional and business services, education and healthcare, government, leisure and hospitality, traditional and specialty food production.

Oakland is abundant in resources that are available to its businesses and residents. State-of-the-art transportation, communications, and utility facilities keep the City running smoothly. Waterfront restaurants, shops, and a movie theater at Jack London Square, as well as the burgeoning Old Oakland and Uptown districts provide lively nighttime attractions. In addition, new office and retail buildings, public facilities, hotels, park enhancements, farmer’s markets, outdoor cinema, art galleries and scores of public art installations and the annual Art & Soul festival have created a cosmopolitan environment in the downtown. The City’s neighborhood retail area continues to grow; it now has six Business Improvement Districts. Manufacturing remains an important segment of the City’s economy, some industrial areas have been converted into live/work use.

City departments and processes are being streamlined, restructured, and customer focused to better serve the needs of the businesses and the community. A variety of incentives are available to companies located in its Enterprise, Foreign Trade, and Recycling Market Development Zones. The staff link businesses with the many services available to them throughout the area and serves as an ombudsman for companies dealing with the City. Neighborhood Commercial Specialists work with merchants in each commercial district to promote the district, obtain loans, expedite permits, and arrange for City services.

Oakland is a city of rich history, impressive growth, and a promising future. Located within the **nation’s largest metropolitan area**, California’s eighth largest city is strategically positioned as the economic heart of the East Bay. Oakland has a diverse business base and opportunities for expansion in business services, retail, and the cutting-edge advanced technology industries. Downtown Oakland has the infrastructure and the amenities for both traditional and emerging enterprises, and it offers competitively priced office space.

As the economic, transportation, and civic hub of the East Bay, Oakland offers tremendous opportunity for retailers. The City’s approximately 404,355 resident’s per capita income in 2014 averaged \$32,425. Portions of Oakland are among the wealthiest consumer markets in California; average household income

CITY OF OAKLAND STATISTICS

for this area was \$70,004, compared to the US average which was \$67,073. Estimated annual taxable sales were \$4.4 billion in 2014. Compared to other East Bay cities, Oakland sees a significant number of auto-related purchases, with opportunities available in consumer goods, building materials, and office products.

The City of Oakland has transformed itself into one of the most desirable communities to live and to do business in the country. Testimony to this transformation is well publicized in various media and comments by public officials. For example, the City:

- “...no. 5 among Best Cities for Foodies.” (NerdWallet, 2015);
- “...9th Best City for Baseball Fans.” (WalletHub, 2015);
- “...no. 14 among most Bikeable Cities of 2015.” (Redfin, 2015);
- “...no. 4 on Trulia’s top 5 most pet-friendly rental markets.” (Trulia, 2015);
- “...no. 2 Overall in Mid-Sized American Cities of the Future and no. 1 in Connectivity.” (fDiIntelligence.com, 2015);
- “...seven Oakland companies named among ICIC and Fortune Inner City’s 100 winners.” (ICIC and Fortune 2014);
- “...Oakland uptown was named among nation’s 10 best neighborhoods.” (American Planning Association 2014);
- “...named in the Rockefeller Foundation’s new 100 Resilient Cities Network.” (Rockefeller Foundation 2013);
- “...ranked America’s most exciting city.” (real estate website Movoto 2013);
- “...named among top 15 cities for tech startups.” (National Venture Capital Association 2013);
- “...ranked 5th most desirable destination to visit in the world.” (New York Times 2012);
- “...ranked 3rd Most Active City in the U.S.” (Men’s Health magazine 2011);
- “...ranked in top 10 for U.S. office, industrial and multi-housing markets.” (Grubb & Ellis Company, 2011);
- “...ranked 2nd in the Top “Can-Do” Cities in America.” (Newsweek, 2011);
- “...one of the 20 towns of the future.” (Sunset Magazine, 2011);

DEMOGRAPHICS

Oakland is a Mecca of culture, a community of people from all over the world working together to build a progressive City. At the same time, it has maintained a rich heritage of ethnic backgrounds and traditions.

The well-maintained four freeways (I-880, I-580, Hwy 13, and Hwy 24), mass transit systems, and ferry service make getting to and from downtown Oakland a relatively quick and easy process—travel times to San Francisco, San Jose and other area cities are surprisingly short.

Mayor Libby Schaaf Takes Office

Mayor Libby Schaaf was inaugurated Oakland, California’s 50th mayor on January 5, 2015. A native Oaklander, Mayor Schaaf previously served one term as a member of the Oakland City Council.

Public Safety

Oakland Mayor Libby Schaaf joined Police Chief Sean Whent and Oakland Unified School District Superintendent Antwan Wilson to announce the expansion of the Oakland Police Department’s Cadet Program, an important element of Mayor Schaaf’s holistic community safety strategy. Over the next three

CITY OF OAKLAND STATISTICS

years, 25 cadet slots will be funded through the \$450,000 included in the Mayor's FY 15-17 City Council-approved budget, and an additional \$750,000 from an anonymous gift secured by Mayor Schaaf. The Mayor's strategy aims to expand the cadet program to include up to 40 cadet slots reserved for Oakland Unified School District graduates.

Building on progress: Oakland Ceasefire has proved incredibly effective in the neighborhoods where it's most strongly implemented. Bolstering the strategy and increasing its resources are critical to building on that success and ensuring that residents feel that increased safety throughout all of Oakland.

Economic Development

Jobs Pipeline: A central priority for Mayor Quan's administration is to ensure that residents of low-income and high-unemployment neighborhoods are able to access the thousands of jobs that are being created in this robust period of growth and development. We have to work together to build pipelines that prepare residents in the skills and qualifications they need to apply for those jobs, and create clear pathways for residents to access them.

The long-in-the-works Foothill Square shopping center will open in East Oakland, providing residents with a bank branch and a grocery store for the first time in years and creating hundreds of jobs.

Innovative, Sustainable City

The City is continuing to work with the Rockefeller Foundation on the 100 Resilient Cities program, working with other regional cities and partner cities across the world to develop resilience in the face of potential disasters such as a major earthquake, as well as ongoing concerns including the impacts of global climate change.

Oakland is taking a leadership role in the National League of Cities' work to promote and encourage achievement for young men of color and reduce violence in their communities.

HISTORY

Oakland's first inhabitants, the Ohlone Indians, arrived about 1200 B.C. and lived in small tribal groups on the edge of the hills surrounding the Bay. The Ohlone Indians were a stocky hunting and gathering group who lived in such harmony with nature that they left no permanent mark on the landscape. They maintained such a peaceful attitude with each other that they had no word for war.

Spanish explorers first entered the area that is now Oakland by land in 1772. They reported the natural geography as possibly the most perfect on earth. Near the shore were magnificent oaks; on the hills stood acres of giant redwoods. In the spring, wildflowers filled the valley with golden poppies and purple iris. Deer, rabbits, bears and wildcats roamed the woods. Creeks tumbled into a Bay filled with salmons, crabs, sturgeons, smelts, lobsters, clams, and mussels. The marsh that would become Lake Merritt was alive with wildfowls.

Spain established a Presidio and a Mission on the west side of the Bay in 1776, and Mission San Jose (south of Oakland) is now Fremont. Mission San Jose had jurisdiction over Oakland, the area the Spaniards called Encinal, "grove of evergreen oaks." European diseases and settler hostility obliterated the Ohlones and most of their culture within a few years.

CITY OF OAKLAND STATISTICS

Development as a commercial and transportation center began with the California Gold Rush of 1849, when Oakland became the mainland staging point for passengers and cargo traveling between the Bay and the Sierra foothills.

Oakland was incorporated as a city in 1852, and construction of shipping wharfs began immediately. Ferry service between Oakland and San Francisco had existed for years, but by building large wharfs and dredging a shipping channel, Oakland became an independent destination. Oakland grew steadily through the 19th century. After the devastating earthquake in 1906, many people and businesses chose to relocate from San Francisco to Oakland. Oakland's population more than doubled between 1900 and 1910.

Oakland benefited from the general prosperity of the area through the 1920s. California farms expanded their markets, contributing to canning, processing and shipping companies based in Oakland. Automakers and steel companies led the industrial expansion throughout the East Bay. Construction businesses had plenty of work as homes went up south and east of the inner city and new high-rise office buildings were built in downtown Oakland.

World War II brought tremendous changes to Oakland. Huge numbers of workers moved to the Bay Area to work in local shipyards and many of these people, as well as large numbers of military personnel who mustered out at Treasure Island and the Oakland Army Base, chose to remain in the Bay Area. The population grew by almost one third between 1940 and 1950.

Oakland has a rich literary and cultural heritage. Such historical notables as writers Bret Harte, Jack London, Joaquin Miller, Ina Donna Coolbrith, Jessica Mitford, Narman Jayo, Ishmael Reed, and Gertrude Stein; architect Julia Morgan; and dancer Isadora Duncan are just a few who have left their cultural mark on the City. It is also the birthplace of the West Coast Blues.

TRANSPORTATION

Located in the geographical center of the Bay Area, Oakland has been recognized as an important transportation hub for more than 100 years. The combination of train, bus, ferry, marine, aviation, freeways (I-880, I-580, Hwy 13, and Hwy 24) guarantees ease of travel for local residents and efficient channels of commerce for businesses relying on the City's easy access. Oakland is the headquarters of the Alameda-Contra Costa Transit District (AC Transit), and the Bay Area Rapid Transit (BART) system. Oakland's Port is a primary sea terminal for transporting cargo between the Western United States and the Pacific Rim, Latin America, and Europe. Air cargo service is minutes away at the Oakland International Airport.

The Port of Oakland

The Port of Oakland is located on the east (or mainland) side of San Francisco Bay, one of the most beautiful natural harbors in the world. The Port is the fifth busiest container port in the United States and among the top 30 in the world. It is served by two railroad companies: the Burlington Northern Santa Fe (BNSF) and the Union Pacific.

The Port handles over 98 percent of Northern California's container traffic, which includes service by over 30 container lines. It has technically advanced facilities available not only for containers but for break-bulk, heavy-lift, and other specialized cargo. The Port has approximately 1,000 acres of developed terminal facilities and container storage and handling areas with 35 ship-to-shore container cranes in operation at these facilities. All Vision 2000 terminal facilities are open and operating. They consist of the 120 acre Hanjin container terminal, the 150 acre Stevedoring Services of America container terminal

CITY OF OAKLAND STATISTICS

and the 85 acre intermodal rail terminal operated by the BNSF. The Port of Oakland is the only California container port that handles more exports than imports. It is the premier seaport for exporting agricultural goods from the Central Valley and the gateway for 90 percent of California's wine exports.

Oakland International Airport

Oakland International is San Francisco Bay Area's most convenient airport and was ranked #1 for on-time arrivals in North America as measured by FlightStats.com in 2009. Strategically located at the center of the region, Oakland International handles over 9 million passengers and 1,000,000 metric tons of air cargo annually. It is the fourth largest international airport in California, and the second largest airport in the Bay Area, it offers approximately 150 commercial passenger flights daily to domestic and international destinations. The airport is comprised of two airfields: South Field (the main commercial airfield) and North Field (primarily used by general and corporate aviation and some cargo companies). Oakland offers flights to more than 40 destinations in the U.S., including services to four Hawaiian Islands as well as service to Mexico and Europe. A green-designed, state-of-the-art air traffic control tower is being constructed. The Port is also partnering with Bay Area Rapid Transit to operate the Oakland Airport Connector, a 3.2-mile extension of BART from the Coliseum/Oakland Airport BART Station to Oakland International Airport

Air Cargo at Oakland International Airport

Oakland International handles 1,000,000 metric tons of cargo every year, and it is the largest air cargo facility in Northern California. Five all-cargo carriers currently serve Oakland International. Additionally, air cargo is on the domestic and international passenger carriers that serve the airport. About one in every four employees works in a job related to cargo. FedEx maintains their West Coast North American Asia-Pacific hub at Oakland. UPS also has a major West Coast hub at Oakland.

Mass Transit

Local bus service is provided by Alameda-Contra Costa (AC) Transit, the public bus system serving 13 cities (and adjacent unincorporated communities) in 364 square miles along the east shore of San Francisco Bay. Serving approximately 192,000 daily riders, AC Transit operates a network of more than 149 bus lines, over 90% of which make transfer connections with the Bay Area Rapid Transit (BART) system. AC Transit buses also serve the Amtrak Station and ferry terminal at Jack London Square, the Oakland International Airport, and many other Bay Area attractions including downtown San Francisco.

BART is a 104-mile, automated rapid transit system serving over 3 million people in the three BART counties of Alameda, Contra Costa, and San Francisco counties, as well as northern San Mateo County. Trains traveling up to 80 mph connect 22 Bay Area cities and 44 stations. Travel time between downtown Oakland and downtown San Francisco averages only 11 minutes on BART.

Other modes of transportation include the Alameda/Oakland Ferry Service that links Oakland with San Francisco. Nine major U.S. and California highways pass through Oakland. Daily service to rail destinations throughout the U.S. is offered at the Oakland Amtrak Station. Greyhound Bus Lines offers daily bus service to cities throughout the United States.

Car-sharing is offered by City CarShare, Flexcar and Zipcar. There are over 90 miles of bike lanes, routes and paths for the public. Oakland was one of the first cities to pilot the "sharrow" lane – shared-lane pavement markings to indicate road lanes shared by cyclists and motorists.

CITY OF OAKLAND

STATISTICS

EDUCATION

The Oakland Unified School District is governed by the Board of Education consisting of seven elected members and three mayoral appointees. The day-to-day operations are managed by the Superintendent of Schools.

The District operates 54 elementary, 13 middle, and 19 high schools. They also operate 30 child development centers. In addition, there are over 30 charter schools and several adult education schools in Oakland.

There are two community colleges and four four-year institutions inside the city limits, with the world-renowned U.C. Berkeley campus located nearby. In addition, Samuel Merritt University offers degrees in nursing, occupational therapy, physical therapy, physician assistant, and podiatric medicine and is the largest source of new registered nurses in California. Also, a variety of evening extension courses is offered in Oakland by nine other Bay Area colleges, including U.C. Berkeley. A wide array of non-profit, county and City-sponsored skills enhancement training programs are provided to Oakland residents and career development is successfully encouraged at area high school academies.

HEALTH CARE

Oakland's medical facilities are among the best in the nation. The medical community provides the latest and most sophisticated medical technology for the diagnosis and treatment of disease. Over 1,500 physicians, 250 dentists, and four major hospitals are located within the City. Overall, the health care industry in Oakland employs approximately 14,000 people.

PUBLIC SAFETY

Oakland's public safety providers actively engage all segments of the City's diverse residential and business communities in efforts to increase public safety and quality of life. Current police initiative partner law enforcement agencies with local community-based social service organizations to create/enhance programs that offer ex-offenders services (training and education) and support (substance abuse recovery and mental health counseling), while maintaining strict accountability and supervision of parolees and those on probations.

Oakland's first responders, committed to proactive emergency preparedness, response, and mitigation, continue to develop and enhance their skills, assess local risks, and prepare strategies to ensure the safety and security of the City's residential and commercial sectors in the event of a natural disaster or terrorist attack.

PARKS AND RECREATION

Sports, performing arts, boating, camping, gardens, and many other leisure activities are available at more than 140 parks, playgrounds, community centers, and other recreational facilities operated by the City. There are two public golf courses and a third driving range. Four public pools offer seasonal lap and recreational swimming, instruction and showers. The Parks and Recreation Department operates more than 40 tennis courts. Oakland's Feather River Camp, a family camp located in the Plumas National Forest, is operated by the nonprofit group Camps in Common and offers both tent and cabin sites for overnight camping. Families and groups enjoy the rustic amenities, swimming, a variety of activities, and theme weeks offered at the camp throughout the summer months. Instruction in sailing, wind surfing and kayaking are available at Lake Merritt. Boats are available for rent, including paddleboats, kayaks,

CITY OF OAKLAND STATISTICS

rowboats, canoes, and sailboats. The City provides public boat launches at its seven-acre, waterfront park on the estuary and at Lake Merritt. The Port of Oakland owns and operates three marinas with berths.

Oakland is at the heart of the East Bay Regional Park District, a splendid system of 65 parks covering more than 119,000 acres and 29 regional hiking trails stretching 1,200 miles in Alameda and Contra Costa Counties.

CULTURAL ARTS

Oakland is home to one of the most vibrant visual, performing and cultural arts communities in the West Coast. It is experiencing a dynamic cultural renaissance and economic revitalization throughout downtown, the waterfront, and neighborhoods. There are more than 5,000 professional artists living and working in Oakland; 25 dance companies; 36 music groups and organizations; 12 theater companies; 40 visual arts galleries and 15 historic and museum sites.

The Cultural Arts & Marketing Division is the City's local arts agency which provides services to the arts community and sponsors culturally enriching programs, exhibitions, and events to celebrate Oakland's creative and cultural diversity. Through its three program areas, the Cultural Funding Program, Public Art Program, and Special Projects, the Cultural Arts & Marketing Division seeks to broaden and strengthen community participation in the development, support, and promotion of Oakland's rich artistic and cultural heritage at the local, regional, and national level.

Cultural Funding Program—The City of Oakland, through a competitive application process, awards over \$1.1 million in contracts over the years to Oakland-based nonprofit organizations and individual artists that collectively provide more than 5,000 arts and cultural activities to Oakland residents and visitors.

Public Art Program—The City of Oakland Public Art Program serves Oakland residents and visitors of all ages by commissioning permanent and temporary works of art to help create a positive vision and identity for the City and its neighborhoods. The Public Art Program supports downtown and neighborhood revitalization by engaging a diverse range of artists in contributing to the quality of the visual environment while communicating Oakland's historical, social and cultural significance. Public Art Program Staff administers a variety of programs, including site-specific public art connected to City capital improvements.

Special Projects—The City collaborates with other community organizations, businesses, public institutions, and City agencies to produce programs, events, festivals, and celebrations that promote Oakland's art and culture. Current projects include: Oakland Artisan Marketplace, Art & Soul Oakland Festival, and support for 20 major festivals citywide.

Galleries—Three new exhibition spaces downtown showcase high quality art by Oakland Bay Area visual artists in a variety of expressive mediums. They include the Craft and Cultural Arts City of Oakland/State of California Gallery, established through a 'partnership in the arts' collaboration, the Oakland Art Gallery, and the Galleries of Oakland space in City Hall. The Third Thursday Oakland Art Night, through which art patrons can tour downtown galleries until 8pm on the third Thursdays, is a newly created program.

Oakland Museum of California—It brings together collections of art, history and natural science under one roof to tell the extraordinary stories of California and its people. Oakland Museum of California connects collections and programs across disciplines, advancing an integrated, multilayered

CITY OF OAKLAND STATISTICS

understanding of this ever-evolving state. With more than 1.8 million objects, the Museum is a leading cultural institution of the Bay Area and a resource for the research and understanding of California's dynamic cultural and environmental heritage.

Paramount Theater—This 1931 movie place, authentically restored in 1973, is Oakland's premiere live performance facility. The theater hosts an impressive variety of popular attractions, including the Oakland East Bay Symphony and the Oakland Ballet, hosts classical performance, Broadway shows, R&B concerts, gospel musicals, comedy performances and many special engagements.

Malonga Casquelourd Center for the Arts—The beautifully restored turn-of-the-century Arts Center, formerly known as the Alice Arts Center, is one of the area's busiest performing arts facilities. Patrons can participate in a variety of arts programs or rent spaces for arts events and activities. This restored 1920s building is a popular multicultural, multidisciplinary performing arts complex sponsored by the city. The 400-seat theater and five performance spaces showcase drama, ballet, and African and contemporary dance.

The Oakland School for the Arts— It is a California Distinguished School and has been recognized by the national Arts Schools Network as an Exemplary School. Oakland School for the Arts (OSA) is part of the revitalization of uptown Oakland. Located in the recently restored historic Fox Theater, OSA anchors the uptown arts movement with its shows, productions and performances.

SPORTS

Oakland is a magnet for sports fans of all types. Whatever the season, Oakland pro and amateur games frequently garner large crowds and broad national media coverage. In the last three decades, Oakland's professional sports teams have won six world championships in three major sports.

- **Golden State Warriors** – The Warriors continue to showcase exciting basketball. In 2015, the Warriors won their first NBA Championship in 40 years. The celebratory parade and rally marking the victory was held in downtown Oakland on June 19.
- **Oakland Athletics** – The Oakland Athletics have won six American League Championships and four baseball World Series titles.
- **Oakland Raiders** – From dominance in three Super Bowl victories to improbable come-from-behind victories, the Raiders have been involved in some of professional football's most incredible moments.

MEDIA

Oakland has its own daily and weekly regional newspapers, radio stations and a television station with daily award-winning newscasts. In addition to media and cable companies located in Oakland, the City is served by other major Bay Area newspapers, seven television stations (including the three major networks) and the Public Broadcasting System. Over 30 other Bay Area radio stations are easily received in Oakland.
