I. Executive Summary of Action Plan

A. Proposed Objectives and Outcomes

The City of Oakland proposes to use 2007-2008 HOME, HOPWA, CDBG and ESG Grant Funds to fund activities to accomplish the following objectives and outcomes. The activities are described in more detail in Table 8, beginning on page **Error! Bookmark not defined.** Each activity includes information about the specific objective and intended outcome for that activity..

- Seventeen activities will provide accessibility for the purpose of creating suitable living environments.
- Six activities will provide accessibility for the purpose of providing decent affordable housing.
- Eleven activities will provide accessibility for the purpose of creating economic opportunities.
- Three activities will provide affordability for the purpose of providing decent affordable housing.
- Sixteen activities will provide sustainability for the purpose of creating suitable living environments.
- Fifteen activities will provide sustainability for the purpose of providing decent affordable housing.
- Four activities will provide sustainability for the purpose of creating economic opportunities.

B. Evaluation of Past Performance

The City was successful in addressing the majority of the goals and objectives addressed in the FY 2006-2007 Annual Action Plan. The City continues to work to improve the delivery of the restructured Citizen Participation and Evaluation process.

All CDBG funds were used to carry out activities that benefit low and moderate income persons. Funds were used to fulfill identified housing, economic development, public service and neighborhood improvement needs. Some of the categories that were assisted include fair housing, child care, senior services, substance abuse, employment and job training, feeding programs and others. These are consistent with the services, target population and needs as identified by the seven community development districts. These activities and strategies have made a positive impact on the identified needs and provided services that might have gone unmet. As in the past, needs continue to exceed the resources available. Major goals are on target.

ESG funded activities and activities supported by other match funding sources provided shelter, hotel/motel vouchers, rental assistance, legal assistance, case management, food services and

other supportive services. In addition, homeless clients were assisted in obtaining transitional housing and permanent housing.

Within the Oakland EMSA, HOPWA funds were used to support property acquisitions, rehabilitation, and construction of units dedicated to persons living with HIV/AIDS and their families.

C. FY 2007-2008 Grant Funds and Uses

The City expects to receive funds under five formula grant programs, and will allocate them as follows:

<i>Community Development Block Grant (CDBG)</i>	<i>\$8,649,893</i>
<i>CDBG Program Income</i>	<i>2,571,236</i>
Housing	5,309,331
Economic Development	1,510,114
District Programs	1,978,240
Program Planning & Coordination	1,523,444
Section 108 Loan Repayments	900,000
 <i>HOME Investment Partnership Program</i>	 <i>\$4,411,242</i>
<i>HOME Program Income</i>	<i>\$1,500,000</i>
Housing Development	\$3,970,118
Housing Rehabilitation	\$1,500,000
Program Administration/Monitoring	\$441,124
 <i>American Dream Downpayment Initiative</i>	 <i>\$67,495</i>
Downpayment Assistance to First-Time Homebuyers	\$67,495
 <i>Emergency Shelter Grant (ESG)</i>	 <i>\$370,953</i>
Shelter and Homeless Services	\$350,102
Program Administration/Monitoring	\$20,851

Housing Opportunities for Persons with AIDS (HOPWA) ***\$1,896,000***

Alameda County	\$1,378,968
Contra Costa County	\$478,432
Planning/Administration	\$38,600

Specific uses of HOPWA funds will be based on previously adopted AIDS Housing Plans in each county.

D. Planned Actions to Address Identified Needs and Priorities

The Consolidated Plan identifies a number of priorities to address the City's needs for housing and community development. This Annual Action Plan for July 1, 2007 through June 30, 2008 describes the City's plan of action for the second year covered by the Consolidated Plan for July 1, 2005 through June 30, 2010. The goals of this Plan are consistent with the Five Year Strategy and reflect the goals of the City Council.

1. Housing

- Expansion of the Supply of Affordable Rental Housing
- Preservation of the Supply of Affordable Rental Housing
- Expansion of the Supply of Affordable Ownership Housing
- Expansion of Ownership Opportunities for First Time Homebuyers
- Improvement of Existing Housing Stock
- Provision of Rental Assistance for Extremely Low and Low Income Families
- Provision of Supportive Housing for Seniors and Persons with Special Needs
- Removal of Impediments to Fair Housing

2. Homelessness

- Reduction of Homelessness
- Elimination of Chronic Homelessness
- Prevention of Homelessness

3. Economic Development

- Provide business financing, technical assistance, and entrepreneurial skill development
- Provide Commercial Façade Improvement Loans, site/project development assistance, public improvements, merchant association assistance, and technical assistance for fifteen neighborhood commercial districts,

- Conduct job fairs and coordinate with local job training agencies to insure that Oakland residents are trained and ready to take advantage of economic development job opportunities
- Provide environmental information, and technical assistance to assist in the cleanup and reuse of toxic sites.

4. District Programs

- The City will work with the Community Development District Boards to allocate funding to organizations that provide services that address the highest need.
- The City will also coordinate with other agencies such as Alameda County, etc., that also provide services to the populations identified as having the highest need.

5. Other CDBG-Funded Activities

- Training for boards of directors of community based nonprofits
- Program administration and monitoring
- Funding to support fair housing agencies

The table on the following page describes the City's goals for housing and homeless activities in FY 2007-2008.

E. Description and Organization of the Annual Action Plan

The introductory section of the Action Plan consists of the Executive Summary and five Standard Forms 424 (Applications for Federal Assistance - one for each of the five formula grant programs covered by this Plan).

Section II, "Resources," describes Federal and non-Federal resources that are reasonably expected to be made available during the program year to address the needs identified in the Plan. This discussion includes only funds newly available, and does not include any funds carried over from prior years. Also included in Section II is a discussion of how Federal funds will leverage other resources, and a description of how matching requirements of the HUD programs will be satisfied.

Section III, "Strategy Implementation," is the principal component of the City's Action Plan for 2007-2008, and is divided into seven subsections.

Subsection A provides a cross-reference to locations of information both within Section II and elsewhere in the Action Plan where information about proposed Federally-funded activities may be found.

Subsection B is a narrative discussion that details the types of actions to be undertaken to address the City's priorities for non-housing community development activities. These activities include economic development and neighborhood improvement/public service services programs. Economic Development programs are intended to retain and create jobs. District Programs provide direct services to residents in Oakland's low-and moderate-income neighborhoods. Services include: child care, tutorial services, hunger services, drug abuse prevention for youth, legal services, among others. Most of these services are funded under the Community Development Block Grant (CDBG) Program, although other grants and private dollars also complement these funds.

Subsections C and D describe the actions that will be undertaken to address the housing priorities identified in the Strategic Plan, including Fair Housing, Affordable Housing, and Continuum of Care activities to address emergency shelter and transitional housing needs of homeless persons, assist the homeless in making the transition to permanent housing and independent living, and prevent at-risk households from becoming homeless. This subsection also includes activities to assist non-homeless persons with special needs. The tables in Section C (Affordable Housing) are organized according to the priorities established in the Five Year Strategy. For each priority, there is a table which describes the category of residents to be assisted, the types of activities to be carried out, the programs and resources that will be used, and specific goals for the year.

It should be noted that many of the activities described in Sections C and D are continuing activities that were first funded in previous years, and that many of these activities are being

carried out with funds other than the five formula grants (CDBG, HOME, ADDI, HOPWA, ESG) covered by the Consolidated Plan. However, they are included in the Action Plan because their inclusion provides a more complete picture of the entire scope of the City's efforts to address its housing and homeless needs.

Subsection E is a description of the geographic areas served by the projects and activities described in this Action Plan. Included in this section are maps showing the locations of activities proposed for Federal grant funding in FY 2007-2008. Also provided is a list of the various entities responsible for the delivery and management of housing and community development programs in the City.

Subsection F, entitled "Other Actions," details (1) a variety of activities intended to address public policies that constitute barriers to affordable housing, (2) steps to improve the institutional delivery structure for affordable housing, (3) proposed actions to improve the management, operation and living environment of public housing, (4) actions to foster greater resident participation in public housing management and opportunities for homeownership, (5) plans to evaluate and reduce lead-based paint hazards in housing, (6) proposed efforts to reduce the number of poverty level families, and (7) how activities are monitored for compliance with all applicable requirements.

Subsection G describes the citizen participation process and includes a summary of all public comments received during the required 30-day public comment period.

Section IV includes program-specific information required by HUD for the CDBG, HOME, ADDI, HOPWA and ESG Programs.

Section V consists of summary tables and detailed information on the proposed uses of Federal grant funds. Specific recipients, funding amounts and Objectives are all outlined here.

Section VI contains the certifications required by HUD as part of the grant application process.

B. Local Resources

PROGRAM	ANTICIPATED
City of Oakland General Funds	\$577,310
<u>Emergency Shelter Grant Program Matching Funds</u> City of Oakland General Purpose Funds will be used to provide matching funds for the Emergency Shelter Grant Program to provide emergency shelter and services for homeless families and individuals, and to fund other homeless activities including the Homeless Mobile Outreach Program and the Oakland Army Base Temporary Winter Shelter.	\$394,310
<u>Matilda Cleveland Transitional Housing Program and Families in Transition/Transitional Housing Program</u> City of Oakland General Purpose Funds will be used to provide matching funds for the Matilda Cleveland Transitional Housing Program and the Families in Transition/ Transitional Housing Program to provide temporary housing with support services for families for up to 24 months per family. Said services are provided to assist the family in becoming self-sufficient and able to move into permanent housing.	\$183,000
Mortgage Credit Certificates	\$0
Alameda County administers the Mortgage Credit Certificate (MCC) program for Oakland and surrounding cities. MCC's provide assistance to first time homebuyers by providing a direct tax credit that effectively increases the amount of mortgage a household can borrow. MCC funds expired in December 2006. The County has applied for an allocation of \$8 million. Allocations are expected in May 2007 and no new set asides will be awarded. Applications for funding will be handled on a first-come, first-served basis.	
Oakland Redevelopment Agency	\$13,244,105
The Oakland Redevelopment Agency will have available approximately \$12,244,105 in tax increment funds in its Low and Moderate Income Housing Fund. An additional \$1,000,000 is estimated to be received in loan repayments under the first time homebuyer program. \$3,500,000 will be used for the First Time Homebuyer Program, approximately \$5,755,497 will be available for competitive funding allocations for affordable housing development, and \$3,988,608 will be reserved for rehabilitation and development programs in the Central City East and West Oakland redevelopment areas. A portion of these funds may be used to support debt service on new affordable housing tax-increment bonds.	

C. Leveraging of Non-Federal Resources & Support for Other Applications

The City has a strong record of leveraging non-Federal funds through the use of Federal housing funds. In particular, by providing reservations of funds to specific projects during the predevelopment and preconstruction phases, the City assists developers in obtaining commitments from State and private sources. The City also actively supports efforts by developers to secure other funding by providing letters of support and encouraging other funding sources to invest in Oakland-based projects. In allocating its housing funds, including Federal funds such as CDBG and HOME funds, the City gives preference to projects which leverage greater amounts of outside funding.

The Oakland Redevelopment Agency will invest tax increment and bond funds from its Low and Moderate Income Housing Fund to support affordable housing development and first-time homebuyer assistance.

Although each City project and program leverages funds differently, in general the City has been able to leverage \$2 to \$4 of non-Federal funds for every \$1 of Federal funds invested in housing.

The City will support applications by nonprofit developers and other entities for any and all sources of funding consistent with the objectives of the Consolidated Plan, including but not limited to:

Federal Programs

- Fair Housing Programs
- Federal Low Income Housing Tax Credits
- Funding for Lead Based Paint Testing and Abatement
- HOPE VI
- HOPWA Competitive Funds
- Housing Counseling
- Section 202 Supportive Housing for the Elderly
- Section 8 Rental Assistance Program
- Section 811 Supportive Housing for Persons with Special Needs
- Supportive Housing and Other Programs for the Homeless
- Youthbuild

State Programs

- California Housing Finance Agency programs
- State of California Low Income Housing Tax Credits
- State of California Multifamily Housing Program
- State of California Predevelopment Loans and Grants
- State of California Supportive Housing Program

Private Sources

- Construction and Permanent Financing from Private Lenders
- Equity Investments from the Sale of Low Income Housing Tax Credits
- Federal Home Loan Bank Affordable Housing Program
- Foundation Grants

D. Matching Funds for Federal Programs

Several Federal housing programs require that matching funds be provided. The City will meet these requirements as follows:

1. HOME Program

Funds made available to City under the HOME Program must be matched at a 25% rate with funds "permanently contributed" to the HOME Program or to HOME-assisted projects. This requirement applies to the program as a whole, not to individual projects; matching funds provided on one or more projects are used to meet the program requirement, and could result in other projects or activities not needing to supply their own matching funds. The liability for matching funds occurs when the City actually draws down HOME funds from HUD, and the matching funds must be invested in qualifying projects in the same year that the liability is incurred.

The City qualifies for a partial waiver of this requirement because it meets certain definitions of "fiscal distress"; as a result, the matching requirement is reduced to 12.5%. Although the City already has sufficient "excess match" from prior years to cover current match liabilities, the City anticipates that additional matching funds may be provided in the coming year from a variety of sources, including deferred, low-interest loans provided by the Redevelopment Agency's Low and Moderate Income Housing Funds, waivers of property taxes provided to qualifying low income rental projects, grants from foundations and other sources, and the provision of California Low Income Housing Tax Credits to qualifying low income rental projects.

2. Emergency Shelter Grant

The Emergency Shelter Grant, a HUD formula grant provides funding for the essential services, homeless prevention, maintenance and operations of existing shelters and transitional housing units, and rehabilitation of existing shelters/transitional housing units, requires the City to provide 100% matching funds from non-federal sources. The City intends to exceed this match requirement of non-federal sources with the following allocations from the City's General Purpose Fund.

Purpose	Match Amount
Emergency Housing Program	\$115,000
Homeless Mobile Outreach Program	\$179,310
Oakland Army Base Temporary Winter Shelter	\$100,000

Total Match	\$394,310

3. Families In Transition/Scattered Sites Transitional Housing Program

For the 2007/08 fiscal year, the City anticipates an award of \$245,146 from HUD under the Supportive Housing Program for the City's Families In Transition (FIT)/Transitional Housing Program (THP). This HUD grant requires a 25% match of funds for operations costs and 20% match of funds for support services costs. The total match requirement of \$49,022 (\$30,532 for Support Services and \$18,489 for Operations) for this program will be exceeded by 314% with following fund sources:

Purpose	Match Amount
General Purpose Fund	\$133,000
THP/FIT Tenant Rents	\$21,000
Total Match	\$154,000

4. Homeless Families Support Network/Supportive Housing Program

The City is administering the twelfth year (2007/08) of the Homeless Families Support Network/Supportive Housing Program (HFSN). This program requires a 25% match of funds for operations costs and 20% match for support services costs awarded by HUD. The City anticipates an award of \$1,825,154. The total match requirement for this grant will be \$351,579 (\$220,329-Support Services and \$131,250 Operations). Match funds are not required for leasing and administration costs. Match requirements will be met and exceeded as follows with non-Federal funds:

Purpose	Match Amount
Funds Awarded to the City by Alameda County	\$250,000
Excess Cash Value of Monthly Lease	\$122,558
Total Match	\$372,558

5. Matilda Cleveland Transitional Housing Program

For the 2007/08 program year, the City anticipates an award of not less than \$259,432 under the Supportive Housing Program grant for the Matilda Cleveland Transitional Housing Program (MCTHP). This program requires a 25% match of funds for operations costs and 20% match for support services costs awarded by HUD. Match funds are not required for leasing and administration costs. Match requirements (total of \$51,933) will be met and exceeded through the following:

Purpose	Match Amount
Community Promotions Program for Service Organizations (General Purpose Funds)	\$50,000

MCTHP Tenant Rents	\$25,250
Contractor Match Dollars	\$20,000
Total Match	\$95,250

6. Oakland Homeless Youth Collaborative

For the 2007/08 program year, the City is applying for \$696,433 to maintain Oakland's inventory of youth housing and services, providing coordinated housing preparation, transitional housing, and supportive services that help homeless young adults, ages 18-25, move toward self-sufficiency and permanent housing. This program requires a 25% match of funds for operations costs and 20% match for support services costs awarded by HUD. Match funds are not required for leasing and administration costs. Matching funds in the amount of \$121,714 will be provided through the Grant Project Sponsors of the grant as follows:

Grant Project Sponsor	Match Amount
Covenant House	\$74,787
East Oakland Community Project	\$24,930
First Place Fund For Youth	\$21,997
Total Match	\$121,714

7. Other Federal Programs

To the extent that other Federal programs require that Federal funds be matched in some proportion by contributions from the City, the City has met this requirement by providing local funding, particularly from the Redevelopment Agency. It is anticipated that this practice will continue during the period covered by this Annual Plan.

III. Strategy Implementation

A. Programs and Activities to be funded with CDBG, HOME, ADDI, ESG and HOPWA funds

Section III discusses the housing, homeless and community development programs to be funded with Federal grant funds and with local funds. Sections B, C and D consist of tables that describe the name, location, description, resources to be used, and one-year goals for each activity.

Although many of the projects listed in these tables leverage other private and state funds, only locally controlled funds are included.

Section E describes the geographic distribution and targeting of federal grant funds, and includes information regarding service delivery and management of the actions described in this Plan.

Section F includes information about other actions, including removal of institutional barriers to affordable housing, public housing activities, programs to abate hazards from lead-based paint, efforts to reduce the number of people living in poverty.

Section G outlines the citizen participation and public comment process for this Action Plan. The citizen participation process section describes the public hearings and publication of the Draft Action Plan and Notice of Public Hearing. The public comments section explains the opportunities available for public comment and a summary of the written comments received.

2. District Programs

In keeping with the goals established by the Oakland City Council and the Five-year Consolidated Plan Strategy, the City of Oakland has allocated \$1,978,240 in FY07-08 funding for CDBG-eligible activities based on recommendations from the City's seven Community Development District Councils. These activities will be carried out through 40 subrecipient agreements with 34 private, nonprofit agencies that serve low- and moderate-income persons in the seven Community Development Districts of Oakland. In addition, 8 City-administered programs will be funded. The activities are in the categories identified in the Strategic Plan for Non-Housing Community Development Needs contained in the Consolidated Plan for July 1, 2005 to June 30, 2010. The number of programs by category are as follows:

Anti-Crime	3
Homeless	2
Hunger Relief	2
Microenterprise and Business Assistance	2

C. Affordable Housing

This section describes the affordable housing planned actions for FY 2007/08. Table 4 lists each affordable housing activity name and location; description of activity; categories of residents to be assisted; funding programs and resources to be used; and one year goals.

Since the last Action Plan, changes have been made to some of the City's housing programs, including realigning the housing rehabilitation programs, increasing the funding assistance limit for the Emergency rehabilitation programs, reinstating housing counseling and education as integral service components of the loan and grant programs, and increasing the loan limits for the first-time homebuyer program. These changes are described below.

1. Realignment of Housing Rehabilitation Programs

In January, 2006 the City Council approved staff's recommendation to realign the housing rehabilitation programs, to allow more funding flexibility with allocated resources. The Home Maintenance and Improvement Program (HMIP) is now an "umbrella" program, re-emphasizing the primary goal to "provide the City with a well-organized mechanism for effectively rehabilitating the City's stock of salvageable housing and preventing neighborhood deterioration." Funds' allocations will reside in the umbrella program and allocations for specific sub-program activities will be based on need.

For example, each year the Minor Home Repair grant program allocation is exhausted three months before the end of the fiscal year leaving seniors and disabled owners at risk until the next fiscal year's funding. The "umbrella" concept allows staff (with approval from City Administrator) to re-allocate sufficient funds to a sub-program activities when necessary. In order to ensure sufficient funding for the City's physically challenged residents, the Access Improvement Program allocation is maintained at ten percent (10%) of the total programs' allocations.

2. Increased Funding Assistance Limits for Emergency Rehabilitation

The Emergency Home Repair Program was originally established as a stop gap for owners who resided outside the "target" areas under the 1999-2000 Targeting Initiative and were not eligible for any of the residential rehabilitation programs. Recent City Council action included revisions to this program to increase the loan to a maximum limit of \$15,000 for owners with income under 50% AMI, residing anywhere within the City limits, not just the Community Development Districts (CDD).

Despite the recent census results that significantly changed the geographic boundaries for the CDDs, a significant number of elderly and disabled and other income-eligible owners reside outside the CDDs and lack alternative resources to repair their homes. As the cost of living rises beyond owners on fixed income, the programs' income eligibility requirements are sufficient to insure that only those in need are served by the programs.

3. Reinstatement of Housing Counseling and Education as Integral Service Components and Objectives for the Rehabilitation Loan and Grant Programs.

Increased foreclosures, predatory lending schemes, unscrupulous contractors, and extensive repairs due to the failure to employ basic maintenance principles, set the tone for increased blight and vulnerable homeowners. Housing counseling and education support services assist owners, especially seniors, to maintain viable and long-term homeownership. Issues now encountered during the program application process often result in referral for additional support services, i.e. legal, in-home care, adult protective services, etc. that are not monitored for resolution. Home repair needs become secondary and applicants lack the support to follow through.

4. Increased Limits for First Time Homebuyer Program.

Rapidly escalating prices for existing owner-occupied homes has required the City to increase the maximum loan amount for first-time homebuyer assistance from \$50,000 to \$75,000. The maximum allowable purchase price is increased periodically based on updated surveys of median purchase prices in Oakland, subject to approval by HUD.

E. Geographic Distribution and Service Delivery and Management

1. Geographic Distribution

a. Target Areas for CDBG Funds

Community Development Block Grant funds allocated for economic development include funds allocated to designated Neighborhood Commercial Revitalization areas.

To better achieve the City Council's policy objective of promoting safe, affordable and healthy neighborhoods, the focus of the City's housing programs – particularly those involving rehabilitation of the existing housing stock – is primarily within the Community Development Districts. Efforts are made to use housing funds in specific designated areas within those districts, including Neighborhood Commercial Revitalization areas, certain Redevelopment project areas, blighted properties identified by Building Services and the Service Delivery System teams, and certain Strategic Planning areas. This will allow for a more coordinated targeting effort, and a more visible, sustainable revitalization of those areas, that will in turn stimulate more private revitalization activities. The City has recently modified the Emergency Housing Rehabilitation Program to allow loans to be made to any qualified low income homeowner in the City because this program is targeted specifically to eliminating immediate health and safety problems.

b. Target Areas for Housing Development and Homeless Programs

Funding for development of ownership and rental housing is allocated on a citywide basis. New rental projects that are outside areas of low income concentration are given preference points in order to promote a wider range of housing opportunities. New homeownership projects are given preference if they are located in areas that have a homeownership rate significantly lower than the citywide average, in order to increase ownership rates and contribute to neighborhood revitalization. Efforts are made to locate housing development projects in proximity to other major focus areas, such as Neighborhood Commercial Revitalization areas. The City has a general policy of encouraging higher density multi-family housing along major arterial streets, in the downtown, at the waterfront, and near mass transit stations.

Funds to assist the homeless are allocated throughout the City.

c. Location of Specific Activities Funded with Federal Grant Funds

Many of the activities to be funded with Federal grant funds have multiple locations or serve low income neighborhoods rather than individual locations. Details on the location of each proposed activity are contained in HUD Table 3 in Subsection V, beginning on page 103.

2. Service Delivery and Management

The Community and Economic Development Agency (CEDA) is the lead agency for implementation of the housing and community development actions described in the Consolidated Plan. The Continuum of Care program and the AIDS housing program are managed by the Community Housing Services unit in the Department of Human Services.

Responsibility for specific components of the action plan is shown in the following table.

Program/activity	Responsible party	Phone

Maps 1 and 2 on the following page identifies the seven Community Development Districts that are the focus for the City's activities, particularly housing rehabilitation, economic development, public services and public facilities designed to promote community revitalization. Homebuyer assistance and housing development activities may be conducted anywhere in the City in order to promote a wider range of housing choices for low income, minority and disabled households.

Map 1 also shows those Census block groups that qualify as low/moderate income under HUD definitions. Map 2 shows areas of minority concentration.

F. Other Actions

In addition to the programs and activities described on the previous tables, the City and other entities operating within the City intend to undertake a number of other actions to address housing needs and problems in the City. These include efforts to reduce the hazards of lead-based paint in housing; efforts to improve the physical condition and management of public housing, promote greater resident involvement in public housing management and create opportunities for homeownership by public housing residents; and modify or mitigate the impact of any public policies which act as barriers to public housing, improvements to the institutional delivery structure to address any gaps or weaknesses identified in the 2005-2010 Consolidated Plan.

1. Lead-Based Paint Hazard Reduction

The City's residential rehabilitation loan programs have included lead-based paint hazard education within the initial phase of the loan application process, since 1992. During the financial interview, homeowners are given a copy of the booklet "Protect Your Family From Lead in Your Home". As a part of the disclosure process, homeowners must complete and sign a written acknowledgement of the receipt of this booklet. In addition, the loan application includes the age of the property and the age of children living at the property. The mandatory Request for Consultation and Lead Hazard Evaluation is part of the loan application and additionally identifies children who frequently visit the property.

The Rehabilitation Advisors who have direct advisory responsibility to the homeowner during the actual rehabilitation construction work have all received a minimum of 40 hours training in identification, testing and available remediation methodologies for lead paint hazards. Also, all Contractor agreements incorporate work descriptions to address compliance with lead paint regulations and safe work practices.

In compliance with Federal regulatory changes implemented in 2000, all Home Maintenance Improvement Program properties must be referred for a lead hazard risk assessment and rehabilitation work must include full abatement resulting in passing lead hazard clearance testing. During FY2005 over 160 property owners were provided lead hazard risk assessments.

Until June 30, 2005, lead based paint risk assessments and clearance testing was provided by the Alameda County Lead Poisoning and Prevention Program in accordance with the Joint Powers Authority Agreement dated January, 1992. Due to significant funding reductions and budget constraints, effective July 1, 2005, the County was no longer able to provide these services. The City's Residential Lending and Housing Rehabilitation Services department is independently contracting for these services.

The required lead hazard consultant services include: lead-based paint pre-rehabilitation inspections, project design assistance, abatement/remediation cost estimating, project plan and specifications preparation, laboratory services and clearance testing. Cost estimates range from \$700 to \$2,000 per unit, depending on the size and condition of the property.

For the period July 1, 2003 through July 31, 2005, there was a partnership agreement with the Alameda County Lead Poisoning and Prevention Program (ACLPPP) for funding assistance with lead hazard reduction and abatement. Residential Lending and Rehabilitation staff identified properties where there were children under age six (6) or expectant mothers. Properties were referred for lead hazard risk assessment to Alameda County staff. Work descriptions prepared by Rehabilitation Advisors included detailed specifications for lead hazard reduction and upon completion of all rehabilitation work including lead abatement, costs were billed to ACLPPP for reimbursement at an average of \$7,500 per property. Under this partnership agreement, the City was reimbursed a total of \$92,483 for lead hazard abatement costs on a total expenditure of \$225,866.

A new partnership agreement, effective March 15, 2006 through December 31, 2008, has a total projected funding level of \$125,000 for 25 completed units. In addition, to provide an alternative service for the loss of free risk assessments and clearance testing, the County is providing an In-Home Consultation (IHC) service on a referral basis. This service involves a home site visit to inspect for possible lead hazards, education of the owner regarding lead hazards and distribution of a lead testing kit. To date the rehabilitation program has referred 14 homeowners to this service.

Most of the City's residential rehabilitation loans average \$55,000-\$75,000, with up to \$10,000 in painting materials and labor costs. Because most of these homes were built prior to 1978, it can be concluded that lead paint hazards will exist and require abatement. The cost of abatement often averages \$8,000 per unit. With the ACLPPP partnership agreement, the reimbursements help to reduce the impact of reduced funding allocations and assist with future lead hazard abatement projects.

2. Public Housing Improvements

a. Management Improvements for Public Housing

Specific plans for improving the management and operation of public housing are set forth each year in the Oakland Housing Authority (OHA)'s Annual Plan. Some of the improvements stated in the plan and others that are currently being implemented include the following:

Housing Management Operations- The OHA will continue to update Procedures for carrying out core functions. Training will be provided to staff on all new policies and procedures.

Community Relations – The OHA will continue to leverage the productive and cooperative working relationships with other partner agencies and community groups throughout the City. These partnerships, which include organizations such as the Unity Council, Asian Resource Center, Neighborhood Crime Prevention Councils (NCPC), Neighborhood Associations and the Service Delivery System (SDS) teams, have supported the Authority’s transition to a more proactive property management organization with stronger lines of communication to its clients and stakeholder base.

Curb Appeal – The OHA has initiated property curb appeal improvements through proactive site monitoring by the OHA and their Responsible Persons (compensated residents), and improved team approach to planning and completing site improvements. The Responsible Person’s scope of work will be modified to require daily policing of the grounds. Arrangements will be made to supply the Responsible Persons exterior paint to keep the Authorities properties graffiti free.

Customer Service – The OHA will provide improved customer service for our clients, consistent throughout all offices by modifying practices and training staff as needed. The OHA developed a Customer Service Assistance Center, which allows the community to provide questions, comments or concerns by speaking with a CAC staff by phone or through email submission. OHA will conduct the annual resident customer service survey to determine resident user satisfaction of all Authority programs and services.

b. Improvement of the Living Environment

- i. Public Housing Capital Fund Utilizing the Capital Fund and Local Fund, the OHA will continue its efforts to address the many physical and social problems that exist in and around public housing sites through a strategy that includes comprehensive modernization of the Authority’s oldest developments, and immediate repairs and renovations to address the most pressing needs at individual housing developments.*

Among the most significant of the renovation activities that will be completed or started within the next fiscal year include:

The Housing Authority's Capital Fund Annual Plan for FY 07/08 will be finalized as soon as we are notified by HUD of the exact amount of funding to be received. OHA anticipates a grant of approximately \$8.2 million for the fiscal year.

ii. HOPE VI Development Activities

The Housing Authority has received several grants under the HOPE VI program to renovate and redevelop some of its larger public housing developments. The Housing Authority and the City are working in partnership to improve these developments and the surrounding neighborhoods. Both the Westwood Gardens (Mandela Gateway) and Coliseum Gardens developments are receiving or received financial assistance from the City and the Redevelopment Agency, including the investment of Federal HOME funds.

Westwood Gardens (Mandela Gateway)

In 1999, the OHA received a \$10 million HOPE VI grant to fund a comprehensive redevelopment of the 46-unit Westwood Gardens public housing site.

Construction of the 168 rental development commenced in February 2003 and was completed in fall 2004. The 46 Public Housing Units and 122 tax credit units rental units were all occupied by March 2005

An additional 14 for-sale units are being built on a portion of the original site for first-time homebuyers. These units will be under construction during the summer of 2006, completed by June 2007 and sold by fall 2007.

Coliseum Gardens (Primary Site is called Lion Creek Crossings)

In 2000, the OHA received \$34.5 million to revitalize its 178 unit public housing project known as Coliseum Gardens. All 178 existing units were demolished and will be replaced on a one-for-one basis. Because of the concentration of public housing units in the Coliseum area, 21 of the 178 public housing units were placed off site in a 65 unit new development known as Foothill Family Apartments located on Foothill

Boulevard near Eastmont Mall. The OHA purchased the land and the general partner for this development is Oakland Housing Initiatives, Inc. No City funds were utilized in this development.

The original or “primary site,” which is now called Lion Creek Crossings, will be developed as a mix of housing types by the OHA and a developer partnership consisting of EBALDC, the Related Companies and Chambers General Construction. The site will include 157 public housing units, 277 additional tax credit units and 28 affordable for-sale units. Because of the size of the development, the rental component was divided into four rental phases, and the ownership component will be timed to coincide with the third rental phase. Phase I consists of 115 rental units, including 45 public housing units. Construction is almost complete and the units will be occupied by June 2006.

The mixed finance closing of Phase II of Lion Creek Crossing occurred in November 2005 and sitework and removal of toxic substances is underway. Construction will commence in Spring 2006 with units completed by June 2007. The closing of Phase III is scheduled for June 2006, and construction will begin and be substantially completed during FY 2006/07. OHA will relocate five households from the Coliseum Gardens site in the Transitional Block (Phase IV) during FY 2006/07 using Hope VI funds.

iii. HOPE VI Social Services for Public Housing Residents

The OHA HOPE VI activities also include social services carried out in partnership with a wide array of public, private and nonprofit agencies.

iv. Public Housing Drug Elimination

The Oakland Housing Authority officially closed its final Public Housing Drug Elimination Program (PHDEP) grant in December 2002. While the loss of this funding resulted in reduced staffing for the Oakland Housing Authority’s Police Department and Resident and Community Services Department, the OHA will continue to offer drug prevention education activities. The activities include an annual resident survey, on-site education activities, access to community involvement activities, and support of the National Night Out. The Authority continues to partner with community-based organizations, Neighborhood Crime Prevention Councils, the City of Oakland Weed and Seed Committee and various other groups to provide services to residents in public housing.

3. Public Housing Resident Initiatives

a. Resident Participation in Management

The OHA is pursuing several courses of action for increasing resident participation in the management of public housing. First, the Authority is seeking to strengthen the existing Resident Councils located at large family and selected small public housing developments, including one senior site. Second, the Authority will continue to solicit resident input into the OHA’s Annual Plan, which includes the Capital Fund Program.

Resident input into the plan is largely acquired through the Resident Advisory Board (RAB), which includes 40 residents appointed to the RAB by the OHA's Board of Commissioners. Third, the OHA will continue to expand programs that will provide public housing residents with job training and employment opportunities through a variety of initiatives and funding sources.

b. Resident Opportunities for Homeownership

The OHA continues to provide opportunities for homeownership for residents of the Authority and continues to collaborate with the City, non-profit agencies and others to encourage residents to become homeowners. Additionally, participants of the OHA's homeownership programs will be referred to the City's First-time Homebuyer Program and other homeownership counseling programs. The OHA will encourage residents to participate in an Individual Development Account (IDA) Program, which will match family savings on a 2:1 basis.

i. HOPE VI Homeownership Program:

Through the HOPE VI program, the OHA is developing approximately 59 affordable homeownership units, which will be available to public housing residents, Section 8 participants and other low-income residents in the City. The OHA is also currently planning an additional 22 affordable homeownership units with partner Habitat for Humanity at the Tassafaronga Village site, a potential Hope VI site currently in predevelopment. Additionally, the OHA has developed a Homeownership Program in consultation with community groups, Fannie Mae, HUD, local lenders and the Resident Advisory Board that will enable eligible families to utilize their Section 8 assistance towards their monthly mortgage and housing costs.

ii. Section 8 Homeownership Program:

OHA operates a Section 8 Homeownership Program that aids clients by subsidizing a portion of their monthly mortgage payments. The Section 8 Homeownership Program has assisted 13 families in purchasing homes since March 2004 and over 250 families are currently participating in programs preparing them for homeownership. This year we anticipate that 2 new families will graduate from the Homeownership Program. The OHA developed the Section 8 Homeownership Program in consultation with the support of community groups, Fannie Mae, local lenders, realtors and developers. The OHA will continue to explore homeownership opportunities for Section 8 participants and collaborate with the City, non-profit agencies and other community groups to encourage Section 8 renters to become homeowners.

iii. ROSS Homeownership Grant:

The ROSS Homeownership funds allow the OHA to deliver homeownership training, a \$3,000 match for IDA savings and self-sufficiency supportive services to assist 30 public housing residents with home purchase. ROSS funds also allow a housing authority to provide a Housing Choice Voucher, which can be used for home purchase only. A Housing Choice Voucher can be provided to each of the 30 public housing participants who complete their individual family plan and qualify for a

home purchase loan with a lender. Over 11 organizations, including several non-profit development partners, have committed to assisting the Authority with the grant program.

4. Anti-Poverty Actions

According to the 2000 Census, over 19 percent of Oakland's residents are living in households with incomes below the poverty line. The City is engaged in a variety of efforts to address this problem, including in particular a variety of initiatives aimed at reducing the level of unemployment in the City. Significant parts of the City have been designated as a State Enterprise Zone as part of a strategy to attract new businesses and expand employment opportunities for Oakland residents. The City has also been designated by HUD as an Enhanced Enterprise Community.

a. Local Hiring Goals on City-funded Projects

i. Local Employment Program

On February 25, 1993, the City of Oakland established a revised Local Employment Program (LEP) for the City of Oakland and Redevelopment Agency construction projects. The LEP (revised June 2003) establishes an employment goal of 50% of the total project workforce hours on a craft-by-craft basis be performed by Oakland residents and minimum of 50% of all new hires to be performed by Oakland residents on a craft-by-craft basis. The first new hire must be an Oakland resident and every other new hire thereafter. To implement the goals for the LEP, the City created the Local Construction Employment Referral Program (LCERP).

The LCERP partners with 35 Community Based Organizations, (CBO) who refers a continuous pool of construction workers to the City. This pool of workers is maintained in a referral data bank. With a 3-day notice, the City may refer Oakland workers in response to a request.

Because CBOs serve a variety of clients, the employer has access to qualified individuals of all races, languages, skill levels and physical abilities.

ii. 15% Apprenticeship Program

On January 26, 1999, the City Established a 15% Apprenticeship Program in order to increase Oakland resident participation as apprentices, the policy provides for a 15% apprenticeship hire goal that is based on total hours worked and on a craft-by-craft basis. The hours worked may be performed on City of Oakland projects, or 7.5% of the 15% hours worked may be performed by residents apprentices on a non -City of Oakland or Oakland Redevelopment Agency projects.

b. Living Wage Ordinance

The City adopted a "Living Wage" Ordinance that requires the payment of a "living wage" (\$10.07 per hour with health benefits or \$11.58 per hour without benefits as of

July 1, 2006) to employees of business under a City contract or receive financial assistance from the City. On July 1, 2007, the living wage rates increase to \$10.39 per hour with health benefits and \$11.95 per hour without benefits. Living Wage rates are subject to annual cost-of-living adjustments. The ordinance applies to contractors who provide services to the City in an amount equal to or greater than \$25,000. It also applies to entities that receive financial assistance with a net value of \$100,000 or more in a 12 month period. The legislation is intended to ensure that City funded contractors employ people at wages above the poverty level.

c. Provision of Supportive Services in Assisted Housing for the Homeless

Many City-sponsored housing projects, particularly in Single Room Occupancy housing and in housing targeted to the homeless, include a planned service component that aims, in part, at assisting very low-income persons to develop the necessary employment and job search skills required to allow such persons to enter or return to paid employment and an ability to live independently. Various innovative activities within the City's homeless service program contracts will target assisting homeless persons in need of job assistance and employment search skills. At least one homeless service agency will be funded specifically for these services through the City's Hunger & Homeless Programs section.

d. Laney College, City of Oakland, Oakland Rotary Endowment Partnership for Construction Training

Through a partnership with the Oakland Rotary Club and Laney Community College, the City makes available vacant lots, or assists in the acquisition of vacant houses to be rehabilitated by Laney's construction training programs. The program provides students with "hands-on" training to develop and refine the skills necessary to enter the construction trades.

The program enrolls approximately 40 students per semester in a combination classroom and hands-on construction project program. The students and instructors provide the labor for the project and the end product is a one or two unit residential dwelling, made available for occupancy by low to moderate-income families. Upon completion of a project, the property is sold for cost and all proceeds are used to fund subsequent projects.

e. Business Opportunities for Public Housing Residents

The Oakland Housing Authority will continue to expand opportunities to assist public housing residents establish small businesses. The resident-owned and operated businesses will have preferential status as allowed by Federal procurement procedures and Section 3 of the Housing Act of 1968, as amended.

f. Job Training and Employment Programs in Public Housing

Additionally, the OHA will continue to partner with Workforce Investment Act (WIA), HUD and local funded programs that provide public housing residents with job training and employment opportunities. Additionally, as part of the Capital Fund Program and under Section 3, the OHA sets public housing resident hiring goals for all companies who

contract with the Housing Authority and will continue to monitor contract compliance with these goals.

g. Section 8 Family Self-Sufficiency Program

The Authority's Family Self-Sufficiency Program (FSS) assists residents with becoming self-sufficient and saving for the future. Over 318 Section 8 households currently participate in the program and the Authority will continue to encourage additional families to participate. Residents graduating from the program may use their saving accounts for educational expenses or can participate in first-time homebuyer programs. Within our FSS program, 62 new families were added last year and 18 graduated. Average escrow among graduates is approximately \$12,000. Among current participants, 153 (48%) have escrow savings accounts. The average account for all current participants is \$4,603.

h. Youthbuild (Training and Employment)

The City may apply and/or will support applications by other entities for assistance under HUD's Youthbuild Program (if funds are still made available), which provides low income youth with education and job skills in conjunction with housing activities.

i. Workforce Development Program

Oakland's Workforce Development Unit will continue to align its efforts with the City's Economic and Business Development initiatives. Workforce will continue working closely with Business Development and Redevelopment to support local business development and expansion. Specific to its FY 2007-2008 budget, the Workforce Development Unit plans to accomplish the following goals: 1) improve the performance of Oakland's employment and training services for youth and adults as measured by increased numbers of placements and attainment of Federally mandated performance measures; 2) promote business development and growth through excellent staffing, worker training, and hiring tax credit services for more than 100 businesses; 3) save Oakland business millions of dollars by doubling the number of tax credit vouchers administered in Oakland from 5,000 to 10,000; 4) expand and improve job training services for hundreds of youth offenders and parolees; and 5) redesign Oakland's One Stop Career Center and Youth Service delivery systems under the leadership of the Oakland Workforce Investment Board.

j. Department of Human Services Programs

Since 1971, the City of Oakland has been designated as a Community Action Agency, established under the Economic Opportunity Act of 1964 charged with developing and implementing antipoverty programs for the city. The newly reinvented agency, now known as the Community Action Partnership (CAP), has as its overarching purpose to focus on leveraging local, State, private and Federal resources toward enabling low-income families and individuals to attain the skills, knowledge, motivation, and secure the opportunities needed to become fully self-sufficient. The Oakland Community Action Partnership has been actively "fighting the war on poverty" for over 30 plus years. The unique structure of the Oakland CAP is that the process involves local citizens in its

effort to address specific barriers to achieving self-sufficiency. Through the annual community needs assessment and the biennial community action plan, the Oakland CAP is able to identify the best opportunities to assist all members of the community in becoming self-sufficient and productive members of society.

5. Institutional Structure

During the next year covered by the Annual Plan, the City will continuously monitor the housing delivery system and work with local associations of housing organizations, private institutions, and other local public agencies to improve housing delivery. Specific activities that the City intends to carry out to improve this system are listed below.

a. Increasing Available Resources

- Continue attempts to expand the amount of resources available. In particular, the City will actively lobby for increases in State and Federal funding for housing.
- Encourage and support the attempts of local non-profit developers and service organizations to secure funds for service delivery and organizational operations from governmental and non-governmental sources.

b. Coordinating Resources

- Improve processes within the Community and Economic Development Agency (CEDA) to facilitate housing service delivery. As in the past, CEDA will continue to streamline its internal and external processes to facilitate program utilization and department efficiency. Recent examples of improvements include the realignment of housing rehabilitation programs, increased funding assistance limits for emergency rehabilitation, and reinstatement of housing counseling and education as integral service components and Objectives for the loan and grant programs. Descriptions of these improvements are discussed in Section III, Subsection C: Affordable Housing.
- The City will continue to work with the Oakland Housing Authority to implement a program to “project base” Section 8 assistance (commitments would be tied to specific housing units) to facilitate preservation and rehabilitation of existing housing, including SRO hotels.
- Mayor Dellums and the City Administrator will continue efforts to coordinate effectively with all cities in the County to increase the supply of affordable housing.

c. Capacity and Character of Non-profit Housing Organizations

- Develop mechanisms to increase the capacity of non-profit affordable housing developers and actively encourage non-profit developers to take advantage of local programs such as the Local Initiatives Support Corporation (LISC) training program for non-profit developers.

- The City will consider continuing the use of HOME funding (CHDO Operating Support) to support non-profit capacity building, but may choose to reallocate these funds for housing development activities.
- Encourage developers to increase the representation of low and moderate income persons in their decision making processes and thereby to become eligible for receipt of HOME funds targeted to CHDO organizations.
- Provide training and technical assistance to homeless service providers in shelter and transitional housing.

d. Participation of For-Profit Organizations

- Attempt to overcome housing discrimination by encouraging financial institution participation in mortgage lending to low and moderate income individuals and in low and moderate income communities, largely through joint City, Fannie Mae, Fannie Mac and California Reinvestment Coalition efforts to promote existing lending programs and create new programs.
- Continue to implement community reinvestment programs. The City will encourage private, for-profit lending and investment practices that meet the needs of all Oakland households and neighborhoods and discourage discrimination in lending and in the provision of insurance. One program is the City's Linked Banking Services Ordinance, which requires the City to deposit its funds only with banks that are meeting their "fair share" of the City's community credit needs, as determined by a bi-annual estimate of the citywide community credit demand. The City works with other jurisdictions and organizations to strengthen state legislation.
- In order to overcome housing discrimination by landlords, the City will continue during the coming year to fund fair housing counseling and education agencies which counsel individuals and train landlords and tenants regarding their rights and responsibilities under the law.

6. Barriers Removal

The following actions will be undertaken to address some of the public policy barriers to affordable housing that were identified in the Five Year Strategy:

- Work will continue on development of specific rezoning actions consistent with the Comprehensive Land Use and Transportation Plan. Rezoning will facilitate the development of housing at appropriate densities to meet the City's housing needs.
- The City will continue to work to develop a broader community consensus on the need for affordable housing developments, in order to overcome problems of neighborhood resistance to affordable housing projects. City staff will continue to work on these issues with the Non-Profit Housing Association of Northern California (NPH) and East Bay Housing Organizations (EBHO).

- The City will continue its ongoing efforts to streamline its processes for the issuance of zoning and building permits, including development of new automated systems and internet-based information and application systems.

7. Monitoring

Monitoring procedures, construction contracting requirements, environmental review procedures and post-occupancy monitoring are addressed in the Five-Year Strategy Section of the Consolidated Plan for 2005 – 2010.

Monitoring continues to be an element of the City's overall program management. The City regularly monitors its housing and community development programs, and its assisted affordable housing developments, in order to assess program effectiveness and ensure compliance with City, State, and Federal regulations.

a. General Monitoring Procedures

All housing and community development activities which are funded through CEDA are governed by loan or grant agreements, regulatory agreements, and/or other enforceable agreements which require the recipients to comply with variety of Federal, State and local requirements. These include affirmative action and equal employment efforts, nondiscrimination, affirmative marketing efforts, prohibition on the use of lead-based paint, compliance with environmental protection requirements and procedures, tenant lease protection, payment of prevailing wages, insurance, bonding, financial standards and audit requirements, prohibition on conflict of interest, etc.

Recipients are monitored throughout the life of the project to ensure that requirements are being met on a continuous basis. For example, the City monitors affordable housing projects for compliance with the signed regulatory agreement to maintain appropriate income levels and rents. The City's monitoring policies, programs and procedures are regularly reviewed by HUD to ensure that the City is carrying out its responsibilities in the use of Federal funds.

City staff members are Project Administrators for all CDBG-funded projects and they conduct project monitoring to ensure compliance with the contractual goals established between the City and the Service Providers. The Project Administrators also receive monthly reports from the Service Providers that include units of service provided, the cost of providing the service, who the service was provided to, and any problems encountered during the month.

The City's Financial Services Agency also provides fiscal and on site monitoring of CDBG-funded projects that receive \$25,000 or more. The purpose of having the City's Finance Agency staff do this monitoring is that these staff persons have the appropriate fiscal background to ensure that the service providers are properly and appropriately documenting and recording expenses, as well as complying with contract goals.

b. Construction Requirements

Construction projects are monitored, with the assistance of the Contract Compliance Unit in the Office of Public Works, to ensure that all affirmative action, equal employment opportunity, and prevailing wage (“Davis-Bacon”) requirements are met. These requirements are included in City loan and grant agreements with developers, along with provisions that the requirements be passed through to construction contractors and subcontractors at every tier. Notices to proceed with construction work are not issued until the Contract Compliance Unit indicates that a project has met the requirements. In addition, the Contract Compliance Unit monitors projects during construction, including regular on-site visits, to ensure that requirements are actually being met.

c. Environmental Requirements

All development and public service projects throughout the City of Oakland that receive any Federal funds (U.S. Department of Housing and Urban Development) are subject to the provisions of the National Environmental Policy Act (NEPA) to ensure that the projects do not have an adverse impact on the natural and human environment.

The Executive Director’s Office of the Community and Economic Development Agency, upon request from all government and local non-profit agencies, reviews proposed projects to determine if they are exempt, categorically excluded or in need of an Environmental Assessment. All projects resulting in an Environmental Assessment with the Finding of No Significant Impact (FONSI) require public notification as well as formal permission from HUD to release grant funds.

d. Marketing Requirements

For all assisted housing developments, the City monitors marketing plans to ensure that project marketing solicits participation from all sectors of Oakland’s diverse low and moderate-income community. Housing developers who receive funding from the City or Redevelopment Agency must comply with the City’s Affirmative Fair Housing Marketing Plan, which has been reviewed and approved by HUD. A copy of the Affirmative Fair Housing Marketing requirements is included in Section III of this Action Plan, in the portion of the subsection entitled “Specific Submission Requirements for Individual Programs” where requirements for the HOME program are delineated.

Because conventional marketing plans often fail to reach all minority communities, CEDA reviews project marketing plans before their implementation. The Office currently meets with each project developer and the developer’s management agent prior to unit lease-ups or sales in order to review marketing plans and ensure that information on housing openings and services is made widely available. The Monitoring and Evaluation Unit perform the on-going monitoring of CEDA projects for racial and ethnic diversity.

e. Post-Occupancy Monitoring

CEDA also has responsibility for monitoring new construction and rehabilitation development projects on an annual basis to ensure that: (1) rents are below the maximum limit established by each applicable program; (2) occupancy is restricted to eligible

households; (3) tenant incomes are re-examined periodically as required; (4) units are well maintained, (5) the projects remain fiscally sound, and (6) all other requirements are being met.

f. Use of Monitoring and Evaluation Information When Considering New Requests for Funding

The City's monitoring activities include informational reports that are made available to the community and to City Council as it relates to service providers' compliance with CDBG contract objectives and this information is used as a basis for recommendation for continued funding of those providers.

The City also conducts annual program evaluations on all CDBG-funded activities. Evaluations are conducted by an outside consultant under contract with the City. The community, staff and City Council use these evaluation results when considering requests for CDBG funding.

G. Citizen Participation and Public Comment

1. Citizen Participation Process

a. Public Hearing on Housing and Community Development Needs, and to Review Past Program Performance

The first of two required public hearings was held at the City Council meeting on September 19, 2006 (while the Consolidated Plan was being prepared) to review and consider FY 2005-06 performance and to consider housing and community development needs.

b. Publication of Draft Annual Action Plan and Notice of Public Hearing on Proposed Plan

A notice was placed in the Oakland Tribune on April 15, 2007 announcing the availability of the draft Plan and the date, time and purpose of the Public Hearing.

Copies of the draft Plan will be available Monday, April 16, 2007 for a 30-day comment period and will be placed on file at the main branch of the Oakland Public Library and were made available from both the Community & Economic Development Agency and the Office of the City Clerk. Notices will be distributed to a wide variety of nonprofit housing organizations, homeless service providers, public agencies and commissions, and other interested parties. Copies of the draft Plan will also be posted on the Housing and Community Development Division's website at www.oaklandnet.com/government/hcd.

c. Public Hearing on Proposed Annual Action Plan

A public hearing to solicit input from Oakland residents regarding housing and supportive service needs, non-housing community development needs, and to receive comments on the draft plan will be held during the City Council meeting on May 15, 2007 at 7:00 p.m. in the City Council Chambers at One City Hall Plaza.

d. Continued Changes from Prior Years for the CDBG Process

During the review of proposals, the Community Development District Boards held a number of evening meetings to accommodate citizen review and recommendations for FY 2007-09 CDBG funding. Each district board reviewed the proposals, the results of the evaluation conducted by Gibson and Associates, and heard presentations from persons requesting funds to formulate its recommendations.

e. Citizen Participation for ESG, HOME and HOPWA Funds

The Citizen Participation process for the other three formula grants remains unchanged from prior years.

- General uses of funds for these programs are included in the Annual Action Plan
- HOPWA funds are allocated to Alameda and Contra Costa counties by formula. Each County awards funds through a competitive process, using priorities established in their respective AIDS Housing Plans.
- ESG and HOME funds are awarded through a competitive process and approved by the City Council. Proposed allocations are subject to public review and comment consistent with the public review process for all City Council actions.

2. Public Comments

a. Opportunity for Public Comment

Written public comments will be accepted by the Community & Economic Development Agency through May 15, 2007. Staff will revise the documents consistent with such comments and include a summary of all written comments received and a discussion of how such comments were included, or an explanation as to why such comments were not included in the final documents.

b. Summary of Written Comments

There were no comments submitted.

iv. Program Specific Information

This section provides specific information required as part of the City's application for each of the four formula grant programs.

A. Specific CDBG Submission Requirements

1. Float Funded Activities

The City does not anticipate any new float funded activities this fiscal year.

B. Specific HOME Submission Requirements

1. Provisions to Ensure Continuing Affordability of Homeownership Units

The City has in place controls to ensure that when HOME funds are utilized to assist homebuyers, the units are either maintained as affordable units, or the HOME funds are recaptured and made available for eligible HOME expenditures on other projects and programs.

One set of controls pertains to a HOME-assisted program to provide mortgage assistance for acquisition of existing units. This program provides for recapture of the HOME funds along with a below-market interest rate. Loans provided under the American Dream Downpayment Initiative will be governed by these provisions.

A second set of controls pertains to projects involving the development (new construction, or acquisition and rehabilitation) of new affordable homeownership units with long-term use restrictions for low income occupancy.

These controls are described separately in the following pages.

a. First-Time Homebuyer Resale Controls for Acquisition of Existing Units (covers units to be assisted after July 1, 2004 under the Mortgage Assistance Program, including units assisted with ADDI funds)

For acquisition of existing housing by homebuyers, the City will employ the recapture of funds option described in the HOME Regulations at 24 CFR Part 92.254(a)(5)(ii).

Assistance to homebuyers will be structured as loans with simple interest at 3% per year, with all payments of principal and interest deferred until sale, transfer or refinancing. If the housing is sold or otherwise transferred during the required affordability period, or if the households ceases to use the property as its primary

residence, the City will recapture the entire amount of HOME funds along with all accrued interest. Recaptured funds will be used to finance other eligible HOME activities.

**b. First-Time Homebuyer Resale Controls for Acquisition of Existing Units
(covers units assisted with HOME funds prior to May 2001 under the Mortgage Assistance Program and included here only for reference)**

NOTE: The guidelines below are the original guidelines that were used for this program from 1994 through 2001. In November 2005, the City Council authorized modifications to the program that would allow existing borrowers to convert to a revised equity-sharing formula that would provide a greater share of appreciation to be retained by the homeowner, in order to make it easier for such borrowers to “move up” to another home when the original home is sold. The revised formula, is essentially the same as described below, except that for each full year that a borrower remains an occupant of the home, 1/20 of the City’s loan amount would be transferred from the City’s “equity share” to the borrower’s “equity share”

i. Overview

Under this program, the City and the homeowner each have contributed to the purchase price of the home. Although title to the property is held only by the homeowner, when the City loan is repaid, the homeowner and the City will split the net proceeds (after paying selling costs and paying off the first mortgage) based on their relative financial investments in the home. If the homeowner remains in the property for 20 years, the City loan will be forgiven.

The homeowner's equity investment is the total of (i) the Down payment, (ii) payments of principal made on the first mortgage, and (iii) any capital improvements to the home made by the homeowner and approved by the City. Over time, the homeowner's equity investment increases as more of the principal on the first mortgage is repaid.

The City's investment is equal to the amount of the City loan.

Because the amount of the homeowner's equity investment rises over time, while the City's investment is constant, the homeowner's share of the net proceeds increases every year. This method provides an incentive to long-term ownership, which contributes to neighborhood stability.

If the property increases in value, the City and the homeowner will share the increase when the property is sold, based on their relative investment shares. If the property decreases in value, the homeowner and the City will divide the net sales proceeds in the same proportion, so that the City and the homeowner share the losses. However, the program does specify that the City will not forgive more than a pro-rata share of its loan. In other words, if the sales proceeds are insufficient to repay both the owner's

investment and the City's loan, the amount of the City's loan that can be forgiven will not be more than 1/20 of the loan amount for each year the owner has occupied the home.

Examples of Repayment

Assumptions:

Original Purchase Price	\$150,000
5% Down payment	7,500
First Mortgage	107,500
City Second	30,000

Property Resold at the End of 5 Years

Calculation of Equity Investments:

Principal (1st Mortgage) Repaid	\$5,300 (after 5 years)
Original Down payment	7,500
Homeowner Equity Investment	\$12,800
City Equity Investment (Loan)	\$30,000 (from above)

Relative Equity Shares:

Total Equity Invested:

Homeowner	\$12,800
City	\$30,000
Total	\$42,800

Homeowner Equity Share: $\$12,800 / \$42,800 = 29.9\%$

City Equity Share: $\$30,000 / \$42,800 = 70.1\%$

ii. Recapture provisions when assisted property appreciates

If the property appreciates, upon the sale of the house, the net proceeds (sales price less transaction costs and payoff of first mortgage) are divided between the homeowner and the City based on their relative investment shares. The longer the homeowner remains in the home and continues to pay the principal on the loan balance, the larger the share of proceeds the homeowner receives at the time of sale.

When the loan is repaid (in this example, 5 years later), with appreciation of 5%/year:

Gross Sales Price	\$191,442
Less Sales Costs	(\$13,401) estimated
Less 1st Mortgage Balance	(\$102,200)
Net Proceeds	\$75,841
Net Proceeds to Homeowner:	29.9% x \$75,841 = \$22,676
Net Proceeds to City:	70.1% x \$75,841 = \$53,165

iii. Recapture provisions when property does not appreciate

If the property fails to appreciate by an amount insufficient to repay both the homeowner's equity investment and the City loan, the City and the homeowner share the monetary loss in proportion to their respective investments.

For example, if the City's loan is \$30,000, the table on the following page illustrates the maximum allowable loss on the City loan.

When the loan is repaid, (in this example, 5 years later), with depreciation of 1.00% per year:

Gross Sales Price	\$142,649
Less Sales Costs	(\$9,985) estimated
Less First Mortgage Balance	(\$102,200)
Net Proceeds	\$30,464

Under the Shared Equity formula, the homeowner would receive 29.9% of this amount, or \$9,109, and the amount due on the City loan would be \$21,355.

However, because of the limitations noted above, the City cannot forgive this much of its loan after only five years occupancy. Instead, the required payment on the City loan would be \$22,500, and the homeowner would receive \$7,964.

Minimum Repayment Required When Sales Proceeds are Insufficient to Repay Loan

Occupancy Time (Yrs.)	Proportion of Occupancy Time to Compliance Period	Maximum Amount of City Second Loan Forgiven	Minimum Amount to be Repaid to City
1	5%	\$1,500	\$28,500
2	10%	\$3,000	\$27,000
3	15%	\$4,500	\$25,500
4	20%	\$6,000	\$24,000
5	25%	\$7,500	\$22,500
6	30%	\$9,000	\$21,000
7	35%	\$10,500	\$19,500
8	40%	\$12,000	\$18,000
9	45%	\$13,500	\$16,500
10	50%	\$15,000	\$15,000
11	55%	\$16,500	\$13,500
12	60%	\$18,000	\$12,000
13	65%	\$19,500	\$10,500
14	70%	\$21,000	\$9,000
15	75%	\$22,500	\$7,500
16	80%	\$24,000	\$6,000
17	85%	\$25,500	\$4,500
18	90%	\$27,000	\$3,000
19	95%	\$28,500	\$1,500
20	100%	\$30,000	\$0

The actual amount to be repaid to the City will be the larger of the amount determined by the equity sharing formula or the amount shown in the table above.

c. First time homebuyer resale controls for development of homeownership units with long term use restrictions

The City will provide a forgivable loan to the developer to be used for site acquisition, construction costs and related soft costs.

The City will ensure compliance with the HOME requirements for resale controls as follows:

Fair rate of return to owners: The developer will be required to restrict the price at which the initial and subsequent owners could resell their homes to an Affordable Sales Price (ASP), as defined below. When the initial owner and each subsequent owner sells an assisted unit, they will be able to receive their original investment from the net sales proceeds, plus all of the appreciation up to the maximum ASP, thereby assuring the owners a fair rate of return. The ASP will fluctuate based on both the maximum income limit for the unit and the interest rate at the time of sale.

Long-term affordability: The City will use a recorded regulatory agreement to ensure that houses are sold only to qualified lower income households, at an Affordable Sales Price as defined below.

i. Affordable Housing Cost:

A unit is affordable if a household devotes no more than 30 percent of its income to principal, interest, taxes, property insurance, utilities, homeowners' association dues and an allowance for maintenance costs.

ii. Affordable Sales Price

An Affordable Sales Price is a sales price at which a household with an income equal to a specified percentage of area median income, adjusted for household size, pays no more than an Affordable Housing Cost. For homes restricted to households with incomes at or below 80 percent of median, the specified percentage for this calculation will be 70 percent of median income (this ensures that the homes are affordable to a range of lower income households). Some units may be restricted to lower income levels, with the formula for the ASP adjusted accordingly.

Affordable sales prices are based on the target income level (for example, 70 percent of median income), not the income of the actual homebuyer. The household size adjustment that is used in determining the income limit for purposes of setting the affordable price is based on the number of bedrooms in the unit, not the size of the homebuyer. This allows sales prices to be set in advance of identifying a specific buyer.

Homebuyers must qualify as lower income households based on their actual income and household size.

For purposes of determining the ASP, the following assumptions will be used:

- Downpayment of 5 percent of the sales price;
- Mortgage term of 30 years; and
- Interest rate equal to the Federal National Mortgage Association rate for conforming loans.

iii. Enforceability

Because the unit is subject to resale restrictions that ensure the sales price will be affordable, it is expected that no additional City mortgage assistance will be needed or provided to keep the units affordable over the long term.

The City will record a Declaration of Resale Restrictions and Grant of First Right of Purchase against the land which would only be subordinated to the first deed for the buyer. At the City's discretion, the Declaration may be subordinated to the first deed of trust. The City will monitor the resale of all assisted units to ascertain that the affordability requirement is maintained. The loan agreement with the developer will contain appropriate pass-through enforcement provisions (the Declaration) for the City to ensure compliance on the part of both the developer and the homeowners.

2. Affirmative Marketing Procedures

The City requires, as part of the legally binding agreements it enters into with recipients of HOME funds, that all recipients pursue affirmative marketing efforts. These requirements include the following:

- a.** All advertisements, brochures, signs, etc. must include the Fair Housing Logo and/or a statement that the owner is an Equal Housing Opportunity Provider.
- b.** Owners must agree not to discriminate against potential tenants and/or purchasers on the basis of race, color, religion, family or marital status, age, national origin, sex, sexual preference, disability, AIDS or AIDS-related conditions, etc.
- c.** Owners are required to make a good faith effort to seek eligible persons of all racial, ethnic and gender groups in Oakland. In particular, owners are required to take affirmative efforts to market available units to persons and groups least likely to apply for such housing by engaging in outreach efforts to community organizations, social service agencies, and fair housing groups, as well as advertising in newspapers likely to reach such populations.

As part of its monitoring of assisted projects and programs, the City will examine the records of owners/sponsors to ensure compliance with these Affirmative Marketing requirements and will require corrective action if necessary.

The City's Affirmative marketing requirements and procedures are described in the following pages.

City of Oakland
Community and Economic Development Agency

Affirmative Fair Marketing Procedures

Owners of housing assisted by the City of Oakland or the Oakland Redevelopment Agency must not discriminate against potential tenants and/or purchasers on the basis of race, color, religion, family or marital status, age, national origin, sex, sexual preference, disability, AIDS or AIDS-related conditions, etc.

In addition, owners must undertake affirmative marketing efforts to reach persons that are unlikely to apply for housing due its nature, location or other factors.

The following document outlines the affirmative fair marketing procedures that must be adhered to by developers and owners of housing units assisted by the City.

3. Methods and Practices for Informing the Public

In order to inform the public, owners, and prospective tenants about federal fair housing laws and the City's affirmative marketing policies, the City will include the Equal Housing Opportunity logotype and/or slogan, and a logotype and/or slogan indicating accessibility to the disabled, in all press releases, solicitations, and program information materials.

In addition, the City provides funding to a number of fair housing agencies to provide information and counseling regarding fair housing laws and policies.

4. Requirements and Practices for Owners

All developers who receive funds from the City are required to enter into loan and regulatory agreements with the City prior to receiving any funds. These agreements are designed to bind the recipients to all of the program requirements, including the affirmative fair marketing procedures.

Developers receiving federal funds are required to create units that are accessible to people with disabilities. At least five percent of the new units must be accessible to people with mobility impairments and at least two percent must be accessible to people with hearing or vision impairments.

In addition to Federal laws requiring units for people with physical disabilities, Fair Housing laws require owners to make reasonable accommodations for people with all types of disabilities. In doing so, recipients are required to make and pay for structural modifications to dwelling units and common areas when needed as a reasonable accommodation for tenants or applicants with disabilities. In such cases where providing a requested accommodation would result in an undue financial and administrative burden, developers are required to take any other action that would not result in an undue burden.

As a condition of the agreements, not less than 120 days prior to project completion, owners must submit proposed marketing and management plans to the City for review and approval. Prior to commencing marketing activities, owners will be required to meet with City staff to review the proposed marketing strategy to ensure that affirmative marketing efforts will be employed.

Management plans must include policies for ensuring reasonable accommodation for persons with disabilities. Management plans must also contain policies and provisions for recordkeeping and monitoring. The City will provide written guidance on selection of tenants and reasonable accommodation during occupancy, if requested.

Marketing plans must include information on strategies for reaching persons and groups not likely to apply including, but not limited to, households with a disabled member. Marketing plans must also include procedures for ensuring that accessible units are targeted to people with disabilities who require accessible features, as described below.

Marketing plans must include the use of the fair housing logotype and/or slogan, and use of a logotype and/or slogan indicating accessibility to the disabled, and fair housing posters must be displayed at the project rental or sales office. Owners are required to advertise in newspapers of general circulation, and to provide notice to community groups when units become available.

Marketing plans must include use of a welcoming statement to encourage people with disabilities to apply for units, as well as a description of available units, accessible features, eligibility criteria, and the application process. The City will provide developers with sample notices.

Marketing plans must indicate that qualified applicants with disabilities who request accommodation shall receive priority for the accessible units. Open houses and marketing offices must be accessible to allow disabled persons to visit the site and retrieve information about accessible units.

5. Procedures for Outreach to Persons Not Likely to Apply

Owners are required to engage in special outreach to persons and groups in the housing market area who, in the absence of such outreach, are not likely to apply for the housing. In determining what special outreach is needed, owners should take into account past patterns of discrimination, the racial and ethnic makeup of the neighborhood, language barriers, location, or other factors that might make it less likely that some persons and groups (a) would be aware of the availability of the housing or (b) would be likely to apply for the housing.

In particular, owners are required to advertise in media which are reasonably likely to reach such targeted groups, and to provide notice to community organizations, fair housing agencies, and other similar organizations. A list of local disability organizations and community development boards will be provided by CEDA. CEDA will also provide developers with sample advertisements.

Multilingual advertising is encouraged where such efforts would result in reaching persons and groups not likely to apply.

6. Specific Procedures for Ensuring that Accessible Units are Occupied by People with Disabilities who Require Accessible Features

Outreach by owners to the disability community shall include the distribution of notices describing:

- the availability of all units;
- specific information regarding the availability and features of accessible units;
- eligibility criteria; and
- application procedures.

All application forms shall include information indicating that people with disabilities requiring accessible features shall receive priority for accessible units. The application must include a section to be filled out by any applicant requesting an accommodation with details on the applicant's special needs for accessible features or other accommodations. Under no circumstance should an applicant be required to disclose a disability unless requesting an accommodation. (Housing units targeting seniors or people with disabilities may request documentation of age or disability to verify eligibility, but only if the same questions and documentation are asked of all applicants.) This will allow developers to provide, upfront, any necessary accessible features and/or accommodations for those people requesting accommodations. For more information on tenant selection, request the document entitled "Selection of Individual Tenants."

Owners shall take reasonable nondiscriminatory steps to maximize the utilization of accessible units by eligible individuals whose disability requires the accessibility features of the particular unit. To this end, any vacant, accessible unit should first be offered to a current, disabled tenant of the same project or comparable project under the owner's control. The disabled occupant must require the features in the vacant unit and must be occupying a unit not having such features. If no such occupant exists, the developer shall then offer the unit to a qualified applicant on the waiting list who has a disability requiring the accessibility features of the unit.

Owners may offer an accessible rental unit to an applicant without a disability after efforts have been exhausted to occupy the unit by an individual with a disability. However, the owner may require such an applicant to agree to move to an available comparable non-accessible unit when the accessible unit is needed by a disabled household. Such an agreement may be incorporated into the lease.

Note: An owner may not prohibit an eligible family with a member who has a disability from accepting a non-accessible unit which may become available before an accessible unit. Owners are required to modify such a non-accessible unit as needed or move a disabled household into a unit that can be altered, unless the modifications would result in an undue financial and administrative burden or alteration in the nature of a program. All applicants should be provided information about how to request a reasonable accommodation at the time they apply for admission and at every recertification.

7. Recordkeeping and Monitoring

Owners must maintain records for at least five years regarding marketing and tenant selection practices. Upon request, owners are required to submit to the City copies of all advertisements indicating the date the advertisements were placed and the media outlets which were used. Owners must also provide copies of notices sent to community groups and a listing of those groups to which notices were sent.

Owners must maintain records regarding the characteristics of persons applying for vacant units, and the characteristics (including race and familial status) of persons actually selected to occupy the units. Owners must maintain information regarding the location, description and number of vacant and occupied accessible units. In addition, owners must track and keep records of accessible and non-accessible units that are occupied by tenants requesting reasonable accommodations for a disability. Owners also should document any reasonable accommodations made to, or requested by, tenants during the reporting year.

As part of the City's monitoring of assisted housing developments, the City will review the owners' records to verify that either:

- (a) Each household living in an accessible unit has at least one household member who needs the accessible features of the unit; or
- (b) If an accessible unit is not occupied by a household who has at least one household member who needs the accessible features of the unit, the owner will verify that no such households (either current or prospective tenants) are on a waiting list for the accessible unit. The owner will also provide documentation that the current occupants agree to move to a comparable non-accessible unit when the accessible unit is needed by a disabled household.

The duration of monitoring of Affirmative Fair Housing Marketing (AFHM) requirements varies with each housing program. For homeownership programs, AFHM requirements apply through the completion of initial sales transactions on units covered by the approved AFHM plan. For assisted rental housing, AFHM requirements apply throughout the term of the loan and regulatory agreements, including those periods when the project does not maintain occupancy. Assisted housing developments must comply with current City Affirmative Fair Housing Marketing requirements, not the policies in effect when the Regulatory Agreement was executed. Owners are responsible for researching and implementing the City's current requirements.

8. Assessment of Success and Corrective Actions

The City will review records maintained by owners to ensure that affirmative fair marketing requirements are being met. Where the characteristics of applicants are significantly different from the make-up of the City's population (i.e., in cases where specific groups are over-represented or under-represented), the City will examine in more detail the owner's actions to determine if a violation of the requirements has occurred.

The City employs a variety of corrective actions. Initially, owners who have not fully complied with the requirements are directed to engage in targeted marketing efforts to reach groups not initially reached. In cases where owners refuse to comply with the affirmative fair marketing procedures, the City may take additional actions to secure performance under the loan agreement, including declaring the loan in default and recapturing the funds.

Equal Opportunity Housing Provider

9. Minority and Business Outreach Efforts

The Minority and Women-Owned Business Enterprise Programs that the City used in the past to maximize opportunities for such firms to participate in City-funded activities were prohibited by California Proposition 209, passed in November 1996. As a result, these programs are no longer employed. Nonetheless, State law does allow for compliance with requirements of Federal grants. As a result, the loan and grant agreements that the City uses in connection with the HOME Program contain provisions that require recipients to undertake efforts to include minority and women-owned firms.

10. Tenant Based Rental Assistance

In Fiscal Year 2005-06, the City amended its Consolidated Plan to address the pressing housing needs of persons displaced by Hurricane Katrina who had relocated in Oakland. Many of the displacees had extremely low or no income, and were unable to secure affordable rental housing in a market in which median rents for a two bedroom apartment are in excess of \$1,000 per month. The City established a Tenant Based Rental Assistance (TBRA) Program with an allocation of \$250,000 in HOME funds to address these needs.

The Katrina TBRA program will continue in FY 2007-2008. The program will be administered through a contract with the Oakland Housing Authority, which already administers rental assistance for over 10,000 families under the Section 8 Certificate and Voucher Program. In most respects the Katrina TBRA program will be operated in the same manner as the Section 8 program.

C. Specific ADDI Submission Requirements

For FY 2007-2008, the City anticipates receiving \$67,495 in funding for the new American Dream Downpayment Initiative (ADDI). In many respects, these funds are covered by the same regulations as the HOME Program, with some exceptions.

The City anticipates using all the funds to provide downpayment assistance to eligible first-time homebuyers. The City currently operates a locally-funded first-time homebuyer assistance program that provides up to \$75,000 for acquisition and closing costs to households with incomes up to 80 percent of median income. The City expects to use ADDI funds to supplement this program by providing the greater of \$10,000 or 6% of the acquisition cost. The City will make efforts to target funds to households earning less than 60 percent of median income in order to make homeownership opportunities available to a wider range of economic levels, but may also assist households with incomes up to 80 percent of median income.

The City will provide program information to the Oakland Housing Authority to be used to conduct outreach and encourage residents and tenants of public housing, and households assisted through the Section 8 program, to make use of the program. The City will consider the use of ADDI funds in conjunction with any Section 8 homebuyer assistance provided by the Oakland Housing Authority.

To ensure that participating households are suitable to undertake and maintain homeownership, participants will be required to participate in homebuyer education classes offered by the City, private lenders and nonprofit agencies. Evidence of completion of these classes will be required as a condition of the homebuyer assistance program. The City will also encourage homebuyers (particularly those who are receiving CDBG funds or other City financial assistance) to take advantage of housing counseling programs offered by nonprofit organizations.

D. Specific ESG Submission Requirements

1. Process and Criteria for Awarding Funds

The City issues biannual Request for Proposals (RFP), inviting nonprofit service organizations to submit proposals detailing the elements of the proposed project/program, budget, and documenting the applicant's experience and qualifications. Applications are ranked on the basis of the following criteria with additional points awarded to those agencies certified with the City of Oakland as Local or Small Local Business Enterprises:

- Agency Capacity
- Quality and Range of Program Services
- Proposed Budget
- Fiscal Management
- Sole Source/Special Circumstances
- Local/Small Local Business Enterprise Certification (Oakland)

Applications are reviewed and ranked by a panel, inclusive of interviews and/or site visits as deemed necessary. City staff then takes those funding recommendations to the City Council for final approval. Upon approval, grant agreements are developed and executed for a two-year period. The second year of funding is contingent upon:

- Contractor's satisfactory performance of the first-term of the agreement;
- Availability of funding from HUD under the Emergency Shelter Grant; and,
- Availability of match funding.

The 2007/09 Emergency Shelter Grant Request For Proposals will be published in the latter part of 2007 to ensure that agencies funded under the 2007/09 ESG RFP match the goals and objectives of the Everyone Home Plan (Alameda Countywide Homeless and Special Needs Housing Plan) and Oakland's Direct Permanent Access To Housing (Direct PATH) plan.

2. Matching Funds

The City will provide matching funds for the FY 2007/08 Emergency Shelter Grant HUD award in the amount of \$365,836 from the following City General Purpose Fund sources:

MATCH SOURCE	PURPOSE	MATCH AMOUNT
Emergency Housing Program	Year-round shelter	\$115,000
Homeless Mobile Outreach Program	Year-round services to people living in homeless encampments	\$179,310
Oakland Army Base Temporary Winter Shelter ¹	Winter Shelter for Men and Women	\$100,000
	TOTAL MATCH	\$394,310

The City will exceed its obligation for match funds under this grant by \$28,474.

¹ Additional funds to support this program are awarded annually by the City of Berkeley and Alameda County Housing & Community Development Department.

E. Specific HOPWA Submission Requirements

The City of Oakland is the recipient of HOPWA funds for the Oakland Eligible Metropolitan Area (EMA) consisting of Alameda and Contra Costa Counties. The City allocates funds to Contra Costa and Alameda Counties for distribution within their respective counties through a Request For Proposals (RFP) process. By agreement, HOPWA funds are distributed between Alameda and Contra Costa counties based on the relative proportion of AIDS cases in the two counties. Two percent of the HOPWA grant is allocated to the City for costs associated with administering the grant. One percent of the grant will go to Alameda County for their associated grant administration costs.

1. Urgent Housing and Supportive Service Needs Not Currently Being Addressed

Estimating the number of homeless people who are HIV positive is difficult. Many people that are infected are unaware of, or do not reveal their status until they have developed full blown AIDS. Estimates of HIV positive/AIDS cases are therefore based on numbers of known AIDS cases. These estimates provide one basis for assessing the number of people with urgent housing and supportive service needs.

The Oakland EMA utilizes the U.S. Health Resources and Services Administration (HRSA) unmet needs framework to estimate the total number of individuals with unmet HIV care needs living in the Oakland EMA. The following estimates were prepared in collaboration with the California Department of Health Services. Of those estimated to be living with HIV/AIDS in the Oakland EMA, 16% demonstrated an unmet need of HIV/AIDS primary medical care, 25% indicated they needed more case management, 34% stated they needed more dental services; Emergency Financial Assistance was cited by 32%; Food voucher 29%; Food and household items 25%; transportation 23%, Housing Assistance 25%; and therapy and counseling 20%.² Another indispensable component in the continuum of effective HIV care is personalized and assertive HIV prevention education and support for persons living with HIV and AIDS.

² Oakland Eligible Metropolitan Area 2006/2009 Comprehensive Services Plan

Alameda County

In the late 1990's, the National Commission on AIDS estimated the rate of HIV infection among homeless people to be between 15 and 25 percent.³ The National Coalition for the Homeless 1999 studies indicate that the prevalence of HIV among homeless people is between 3-20%, with some subgroups having a much higher burden of the disease. The 1997 Alameda County HIV/AIDS Epidemiology and Surveillance Office reported that more than 13,500 individuals had been infected with HIV in Alameda County since the early 1980s.

Today, studies still indicate the prevalence of HIV among homeless people is between 3-20%. People who are homeless have higher rates of chronic diseases than those who are housed. Further those who are living with HIV/AIDS are at a higher risk of becoming homeless⁴.

The Alameda County Public Health Department's AIDS Epidemiology Report produced in August, 2006, indicates that there is a total of 6,860 diagnosed cases of AIDS from 1991 to 2005. As of the release of the August 2006 report, there are 2,828 people living with AIDS (PLWA) in Alameda County. Among Alameda County PLWA, the majorities are African Americans (43.6%), Whites (42.2%), males (86.4%), adults age 30-39 (40%), and men who have sex with men (61.4%), and were residents of Oakland (57.9%) at the time of diagnosis. These totals do not include reported HIV cases.⁵

The largest number of AIDS cases diagnosed in a single year from 1980 - 2005 in Alameda County occurred in 1992 (621 cases). Since then, there has been a steady decline in the number of cases diagnosed each year with 143 PLWA diagnosed in 2005. While the case rates in Alameda County (per 100,000 residents) has consistently declined since 1992, it has historically been higher than both the State of California and national rates. In 2005, the AIDS case rates in Alameda County were 9.3 per 100,000 residents, dipping below the national AIDS rate of 18 per 100,000, but remaining higher than the California rate of 7.6 per 100,000 residents.⁶

The AIDS fatality rate has continued to decline each year as well. Of the cumulative 6,860 Alameda County residents diagnosed with AIDS from 1991-2005, 4,032 have died, yielding a case fatality rate of 58.8%. In 2005, eight Alameda County residents died of AIDS, compared to 528 Alameda County residents in 1992. In the last eight years of this epidemic the fatality rate declined from a fatality rate of 26% to 6%. Increased availability of anti-retroviral therapies, improved clinical management and earlier diagnosis has resulted in longer life expectancy for individuals infected with HIV/AIDS.

⁴ HIV/AIDS and Homelessness – National Coalition for the Homeless – June 2006

⁵ AIDS Epidemiology Report – Alameda County, California 1980-2005 – August 2006

⁶ AIDS Epidemiology Report – Alameda County, California 1980-2005 – August 2006

From February 1, 1982 to March 31, 2006, the Contra Costa County Department of Public Health reports an estimated cumulative total of 4,900 Contra Costa County residents estimated to have been infected with the HIV virus. Of the 4,900, 2,631 (53.69%) have been diagnosed with and reported to have AIDS. Of the 2,538 AIDS cases reported, 1,631 (62%) of these people have died with AIDS⁷.

Currently, within Contra Costa County, the majority of AIDS cases are men who have sex with men (58%), white (54.5%), and between the ages of 30-39 (40.3%).

The largest number of AIDS cases diagnosed in a single year from 1982 - 2006 in Contra Costa County occurred in 1992 (246 cases). Since then, there has been a steady decline in the number of cases diagnosed each year. There is also a great decline in the number of deaths among people diagnosed with AIDS in Contra Costa County. As stated above, increased availability of anti-retroviral therapies, improved clinical management and earlier diagnosis has resulted in longer life expectancy for individuals infected with HIV/AIDS.

Proposed HOPWA activities will increase housing development within the Oakland EMA, with units set-aside for persons with HIV/AIDS and their families. Each of the counties will release Notifications Of Funding Available (NOFA) for HOPWA services awarding those agencies successful in providing needed HIV/AIDS services identified as priority within Oakland EMA 2006/2009 Comprehensive HIV/AIDS Service Plan.

2. Public and Private Resources Expected to be Made Available in Connection with HOPWA Activities

Housing development for people with HIV/AIDS will continue to leverage local government funds such as HOME, CDBG, Community Services Block Grant (CSBG) and/or Redevelopment Agency funds, and private sector financing. Supportive services funding will be supplemented through the Ryan White CARE Act Title II funds, private donations, local General Purpose Funds, local public funds, the AIDS Drug Assistance Program, the State of California and Home-Based Care Program, and, the Residential AIDS Shelter Program.

3. Method of Selecting Project Sponsors

Alameda County

The EveryOne Home Plan (Alameda Countywide Homeless and Special Needs Housing Plan) and Oakland EMA 2006/2009 Comprehensive HIV/AIDS Service Plan identify priority areas for HIV/AIDS housing and services, including those provided under the HOPWA program. Requests for Proposals or Requests for Letters of Interest will be developed for the selected priorities, and distributed widely to interested developers and service providers. Proposals will be reviewed according to criteria established in the RFP/RLOI by City and County staff, and, where appropriate, by review panels convened

⁷ 2006 Contra Costa County HIV/AIDS Epidemiology Report

from the community. Alameda County will oversee this process and will make recommendations to the City of Oakland for final approval. Evaluation of the HOPWA priorities set will be ongoing and shared responsibility of the Alameda County Office of AIDS and the Oakland EMA Collaborative Community Planning Council. A systemized action step grid will be collaboratively developed at the beginning of the 2007/08 funding year and will feature clear incremental deadlines and identify entities responsible for achievement of specific action steps.

Contra Costa County

The Oakland EMA 2006/2009 Comprehensive HIV/AIDS Service Plan identify priority areas for HIV/AIDS housing and services, including those provided under the HOPWA program. HOPWA funds for supportive services will be awarded through a competitive application process executed by the AIDS Program of the Contra Costa County Health Services Department. HOPWA funds used for development of affordable rental housing for people with HIV/AIDS, will be awarded through a competitive application process involving Contra Costa's Entitlement Jurisdictions: the cities of Antioch, Concord, Pittsburg, Richmond, and Walnut Creek, and the Urban County - and the Title I Ryan White Planning Council. Applications will be reviewed by the participating jurisdictions according to criteria established in the HOPWA application, with recommendations submitted to the Contra Costa County Board of Supervisors for approval.

V. Projects/Activities Proposed for Federal Grant Funding

This section of the Action Plan contains detailed information on activities to be carried out using Federal grant funds awarded to the City for FY 2007-2008 for the CDBG, HOME, ADDI, HOPWA and ESG programs.

The tables in this section provide information only on activities funded from the four Federal formula grants. The tables and narratives included in Section III provide a more complete discussion of the entire range of activities that will be initiated, continuing, or completed in the coming year in order to meet the goals and priorities described in the Consolidated Plan Five Year Strategy. Particularly for housing activities, the tables in Section III describe all planned activities, regardless of whether they are funded from Federal or non-Federal sources

This section contains summaries and detailed descriptions of all projects, programs and activities to be funded from FY 2007-2008 Federal grants. Included here are the following:

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
2. Establishing an ongoing drug-free awareness program to inform employees about –
 - (a) The dangers of drug abuse in the workplace;
 - (b) The grantee's policy of maintaining a drug-free workplace;
 - (c) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (d) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will -
 - (a) Abide by the terms of the statement; and
 - (b) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted
 - (a) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (b) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

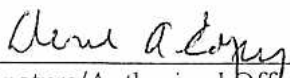

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year 2007, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Specific HOME Certifications

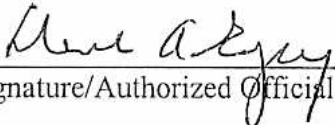

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

ESG Certifications

The Emergency Shelter Grantee certifies that:

Major rehabilitation/conversion -- It will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 10 years. If the jurisdiction plans to use funds for rehabilitation (other than major rehabilitation or conversion), the applicant will maintain any building for which assistance is used under the ESG program as a shelter for homeless individuals and families for at least 3 years.

Essential Services and Operating Costs -- Where assistance involves essential services or maintenance, operation, insurance, utilities and furnishings, it will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure as long as the same general population is served.

Renovation -- Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services -- It will assist homeless individuals in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living, and other Federal State, local, and private assistance.

Matching Funds -- It will obtain matching amounts required under 24 CFR 576.51.

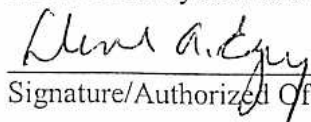

Confidentiality -- It will develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement -- To the maximum extent practicable, it will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, operating facilities, and providing services assisted through this program.

Consolidated Plan -- It is following a current HUD-approved Consolidated Plan or CHAS.

Discharge Policy -- It has established a policy for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons.

HMIS -- It will comply with HUD's standards for participation in a local Homeless Management Information System and the collection and reporting of client-level information.

SECTION 91.220(i) – Homeless Prevention/Transition to Permanent Housing/Ending Homelessness Activities

The City of Oakland has developed its Permanent Access to Housing Strategy (PATH), a roadmap to ending homelessness in the City over the next fifteen years. PATH is a companion to EveryOne Home, the Alameda Countywide Homeless and Special Needs Housing Plan. EveryOne Home is a coordinated and collaborative effort by Alameda County and the cities of Oakland and Berkeley to create a comprehensive plan for providing housing and supportive services to homeless people in Alameda County and to those living with serious mental health illness, chemical dependency, HIV/AIDS and other disabling conditions. Completed in April 2006, EveryOne Home represents the culmination of more than a year of discussion, analysis and planning amongst County and city agencies, community-based providers, consumers and advocates.

The City of Oakland has developed the PATH Strategy by building upon the foundation established in EveryOne Home. PATH describes the challenge of homelessness in Oakland, identifies Oakland-specific outcomes to achieve the desired result of ending homelessness, and articulates strategies to achieve those outcomes that are aligned and coordinated with the strategies in EveryOne Home. The overarching strategy articulated in PATH and EveryOne Home is to shift the approach to the homeless program away from maintaining it and towards solving it. Key elements of this shift will include transitioning from emergency shelter and services towards the acquisition, development and operation of permanent affordable and supportive housing, and the restructuring and refinement of homelessness prevention activities, including new initiative to prevent people from being discharged from publicly funded systems into homelessness and to ensure that people who do become homeless are re-housed as rapidly as possible.

PATH and EveryOne Home will take the place of the City of Oakland's now obsolete five-year Oakland City-Wide Continuum of Care Plan (1999-2004). PATH and EveryOne Home are intended to guide City policies and how resources are used to end homelessness over the next fifteen years.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check ___ if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
