

April 22, 2026

Dear Honorable Members of the Commission on Homelessness,

This letter serves as a notice to the commission that pursuant to Commission on Homelessness bylaws, two subcommittees shall be established. The Commission on Homelessness will need to reconstitute the Policy and Governance Committees. The commission needs to take action today to consider nominations and final appointments to the committee. Please see nomination process below:

- At the designated nomination meeting, the chair will call for the nomination for members to the Policy and Governance Committees.
- Commission members may nominate other members or themselves as members of the Policy and Governance Committees.
- After three members have been nominated and accept nominations, a motion to appoint the three nominated commissioners to the committees shall be made and seconded.
- A vote shall be called of the full body.
- If a majority of the commissioners vote in favor of all three nominees. The motion passes and the Policy and Governance Committees will be instituted.

Kindest regards,

Alexis Lozano
