 - **Executive Committee**
 - i. Committee Report
 - **Resource Committee**
 - i. Committee Report (Attachment 1)
 - ii. Discussion on recertification process
 - **Program & Services Committee**
 - i. Committee Report
 - **Fund Committee**
 - i. Committee Report
 - ii. Committee vacancy
 - **Resolution 79235 Ad Hoc Committee**
 - i. Committee Report (Attachment 2)
 - ii. Proposed Update to Resolution 79235 Summary (Attachment A)
7. **Agenda Building** (5 minutes) –**Next meeting is NC Recertification**

- Previous recommendations (Mayor, City Administrator, Police Chief, MACRO, DOT/PW Director, Public Safety Director)

8. Closing Remarks & Adjournment (5 minutes)

**CITY OF OAKLAND
COMMUNITY POLICING ADVISORY BOARD**

**Regular MEETING Agenda
Wednesday, October 1, 2025
6:00 PM**

Oakland City Hall
Hearing Room 2
1 Frank H. Ogawa Plaza, 1st Floor

To observe or raise your hand in Zoom to comment on an agenda item:

Join the meeting via Zoom: <https://us06web.zoom.us/j/88489376722>

Join via audio: +1 669 444 9171

Webinar ID: **884 8937 6722**

Submit an E-comment (If You Cannot Attend in Person)

Send your eComment directly to the Community Policing Advisory Board and staff 24 hours BEFORE the meeting starts, please send your comment, along with your full name and agenda item number commenting on, to Felicia Verdin @ fverdin@oakland@oaklandca.gov

Please note that E-comment submissions received after the deadline or without an agenda item reference may not be read and/or acknowledged at the meeting.

General Guidelines for Public Comment

Each person wishing to speak on items must fill out and submit a speaker's card to staff prior to the meeting. Members of the public can address the Community Policing Advisory Board in-person only and shall state their name and the organization they are representing, if any.

Please follow the protocol below during all public comment opportunities:

- Each speaker will have two (2) minutes to share their thoughts or ask a question.

- Please clearly state your name for the record before beginning your comment or question.
- Speakers must speak from the podium and clearly into the microphone when addressing the board.
- Profanity, yelling, or screaming is not permitted.
- All remarks or questions shall be directed through the Board Chair.

THIS REPORT IS HIERARCHY BASED. CRIME TOTALS REFLECT ONE OFFENSE (THE MOST SEVERE) PER INCIDENT.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unbounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.

* Justified, accidental, foetal, or manslaughter by negligence.

Traffic collision fatalities are not included in this report. Unclassified burglaries included in the burglary total.

PNC = Percentage not calculated — [Percentage cannot be calculated](#). All data extracted via CrimeTracer Analytics.

THIS REPORT IS HIERARCHY BASED. CRIME TOTALS REFLECT ONE OFFENSE (THE MOST SEVERE) PER INCIDENT.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unfounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.

* Justified, accidental, foetal, or manslaughter by negligence.

Traffic collision fatalities are not included in this report. Unclassified burglaries included in the burglary total.

PNC = Percentage not calculated — [Percentage cannot be calculated](#). All data extracted via CrimeTracer Analytics.

Attachment 1

October Resource Committee Report (Update)

To date, we have received twenty-two (22) Neighborhood Council (NC) forms representing twenty-seven (27) community policing beats.

Eleven NC have everything ready to proceed with coming before the CPAB. These NCs represent beats 8x, 12x, 12y/13z, 20x, 25x, 27x, 27y, 32x, 33/34x, 35x, and 35y. We have invited these eleven Neighborhood Councils to the November 2025 CPAB meeting.

For eleven NCs, we are nearly ready to proceed but we are awaiting answers to questions as well as supporting documentation showing compliance.

October 1, 2025

To: CPAB members

From: Ad Hoc Sub-Committee for the Update of Reso 79235

RE: Sub-Committee Report Memorandum:

The recently formed ad hoc sub-committee for the update of resolution 79235 is pleased to submit a summary of our discussed goals and outreach intentions for the next year (see attachment A). We are asking for the Board's consideration and approval to utilize the attached "one-pager" document as appropriate collateral and talking points guidance as we undertake communitywide outreach on the resolution update over the next few months.

Background

The ad hoc sub-committee has met three times this summer to discuss and develop a summary of goals and the outreach materials. With our discussions, there have been several points of consensus that the ad hoc sub-committee has agreed upon as an approach to start the resolution update.

Consensus points include:

- The existing 20-year-old resolution is outdated and should be reviewed for its current relevance to community policing.
- We endeavor to work from the existing resolution and its integrated structure of block level, neighborhood level, and citywide level. We seek to strengthen the explicit intent of neighborhood empowerment and the overall role of neighborhoods in achieving community safety and health.¹
- As the City has objectively not been upholding its stated commitment to the resolution – instead of backsliding on the function, voice, involvement, and empowerment of NCs, the resolution needs to be updated and reaffirmed with the leadership of community that can hold the City accountable placed at the forefront.

¹ Other positive aspects of the existing resolution we recognize include its intents to enhance public safety and quality of life; emphasize empowerment and engagement, establish peer-to-peer partnerships between community and city agencies; use proactive problem-solving methods; be geographically based; provide City and inter-departmental support to NCs with dedicated staff and resources.

- We support the continued role of having the CPAB do regular review of the City community policing policy before implementation and report out to City Council/public safety committee.
- We wish to expand from primarily community policing focused on OPD by also bringing in other departments within the City involved in community safety such as DVP, NLC, Public Works, Planning, OakDOT, Workforce Dev. etc.
- The resolution should ensure that the City, working with the CPAB, commit to holding an annual summit (“congress of neighborhoods”) including block orgs.

There were also some key points that we consider still open questions for which we would like to get specific input over the next few months both from the board and as we engage our community partners:

Open Questions include:

- How to encourage greater activation and participation in NCs. We propose to incorporate a proactive “neighborhood by neighborhood” planning and implementation role for NCs that would, with technical assistance from City, support on-going quality of life and community health improvement actions at the neighborhood level. This approach would also stipulate that the City utilize certified NC plans to inform biennial capital improvement project budgets and implementation.
- How should we best ensure or manage that NCs correspond to organic geographic neighborhoods? Police beats were used to maximize efficient service calls in respects to policing but the focus on public elementary school boundaries might be more contiguous with actual neighborhoods.
- Should block level groups like Neighborhood Watch that predated community policing efforts be recognized for their own autonomy (without a need to certify by CPAB). Instead, we can seek to provide incentives, training resources, or other encouragement for these groups to be part of the NC structure and defining community policing policy.
- Should there be a reconfiguration of the structure and name of our oversight board, e.g., should this be a Neighborhood Empowerment Commission? Does the number of seats and appointments need to be updated?
- How should we stipulate that the City provides a dedicated budget funding amount to appropriately and adequately support NCs along with a department of neighborhood empowerment to formally acknowledge how the City intends to govern and engage as part of its commitment to community safety and health?

Recommendation:

We ask the CPAB to review, consider, and if aggregable, affirm the goals and next steps for the resolution update outreach process.

Thank you again for your review of this report and attached materials.

Ad Hoc Sub Committee members,

David Ralston, Chair

Ingrid Severson-Tondre

Colleen Brown

With input from Daniel Ettlinger, Donald Dalke, and Jose Dorado.

Attachment A: Resolution 79235 update goals and next steps outreach summary

2025 Proposed Update to Resolution 79235 Summary

Overall Objective

Update and strengthen Oakland's 2005 Community Policing and Public Safety Resolution (79235) to reaffirm its structural importance, ensure sustained City, Neighborhood Council, and community member engagement, and enhance its effectiveness as a formally adopted policy. The revised resolution will:

- Prioritize and advance neighborhood **empowerment**
- Strengthen opportunities for **community capacity building**
- Promote connections between enhanced **quality of life, health, and safety**
- Ensure and activate **collaborative, citywide engagement**

Why an Update Is Needed

1. **20 years old** — Framework from 2005 no longer adequately reflects current needs; functionally it is not supporting the community part of policing and safety.
2. **Accountability gaps** — Dissolution of Neighborhood Services Division (NSD) and missed summits weaken community trust.
3. **Shift in focus** — Broaden beyond problem-solving by policing to emphasize empowerment, community health, and proactive grassroots involvement in neighborhood improvements.
4. **Neighborhood Councils (NCs)** — Reaffirmed as essential, requiring structured support, liaison staff, and resources for more sustained community involvement.
5. **Strategic alignment** — Opportunity to integrate with Oakland's General Plan update, capital improvements, community planning, and resiliency initiatives.

Key Goals of the Update

1. **Reassert Policy Mandate**
 - Make Resolution 79235 central to public safety through inter-active community engagement.
2. **Empower Communities**
 - Prioritize the means to improve health, grassroots leadership, and proactive involvement in addressing quality of life concerns
3. **Reinforce Neighborhood Councils**
 - Provide dedicated resources, staffing, and technical support so neighborhoods have a stronger role in City government and the investments of public services.
4. **Integrate with Citywide Initiatives**
 - Align NC priority-setting with the City's General Plan, capital projects, and resilience strategies.

CPAB Ad Hoc Committee's Next Steps

- **Research best practices** — Study other U.S. city models of municipal-supported neighborhood empowerment.
- **Community outreach** — Conduct inclusive citywide engagement strategy (including with City Council members, NCs, community organizations, block groups) to gather input on proposed updates.
- **Draft update** — Present proposed revision of Resolution 79235 for CPAB review (goal: initial direction draft with community input in Q1 2026 and final draft for adoption by June 30, 2026).
- **Ongoing alignment** — Coordinate with Measure NN Commission to ensure consistency with safety and policing goals.

Bottom Line

Updating Resolution 79235 will **reestablish Oakland's commitment** to community-driven safety, strengthen neighborhood structures, and embed **equity, health, and resilience** into the City's long-term public safety strategy.
