CITY OF OAKLAND
Oakland Parks, Recreation & Youth Development

TO: Marc Barach, Chair, Parks and Recreation Advisory Commission
FROM: Cynthia Armstrong, Oakland Parks, Recreation & Youth Development
DATE: August 21, 2026
SUBJECT: REQUEST FOR PARKS AND RECREATION ADVISORY COMMISSION (PRAC) TO APPROVE THE RENAMING OF CESAR CHAVEZ PARK TO LA FAMILIA PARK AND FORWARD THE RECOMMENDATION FOR CONSIDERATION TO COUNCIL FOR FINAL APPROVAL.

SUMMARY

Councilmember Noel Gallo, who represents Oakland City Council District 5 and the Fruitvale community, has requested consideration of renaming César Chávez Park as La Familia Park.

The request comes during a broader public reassessment of facilities and public spaces named for César Chávez following serious allegations of sexual abuse that became public in March 2026. Reporting concerning these allegations has resulted in cities, school districts, public agencies, labor organizations, and community institutions throughout California reconsidering commemorative names associated with Chávez.

BACKGROUND / LEGISLATIVE HISTORY

César Chávez Park is a neighborhood park located along Foothill Boulevard in Oakland's Fruitvale community. City records identify César Chávez Park as a City-owned park in Fruitvale, and the park has historically served as an important neighborhood open space for children, youth, families, and residents.

The park was originally known as Foothill Meadows Park. Beginning in 2001, Fruitvale youth and residents participated in efforts to beautify the park and strengthen community ownership of the space. Youth Advocates for Fruitvale Parks and Open Spaces subsequently led an extensive community effort to rename the park in honor of labor and civil rights leader César Chávez. That effort reportedly generated more than 800 petition signatures and letters of support from community organizations, businesses, churches, Oakland Unified School District leadership, and local elected officials. On May 28, 2002, the Oakland City Council unanimously approved the renaming of Foothill Meadows Park as César Chávez Park.

The history of the park is therefore closely connected to community participation, youth leadership, civic engagement, and Fruitvale's cultural identity. Those values remain important considerations in evaluating any proposed change to the park's name.

PROJECT / PROGRAM DESCRIPTION

The proposed name La Familia Park is especially appropriate for a neighborhood park in Fruitvale because it shifts the emphasis from commemorating a single individual to recognizing a broader and enduring community value.

La familia translates to the family in Spanish, but within the cultural and community context of

Fruitvale, the phrase can carry a broader meaning encompassing immediate and extended family, multiple generations, neighbors, community relationships, and the collective responsibility to care for one another.

Fruitvale has long been recognized for its strong Latino cultural identity and community institutions. In 2023, the Oakland City Council established the Fruitvale Latino Cultural District, recognizing the historical and continuing contributions of Oakland's Latino community and specifically identifying public and cultural assets in the district, including César Chávez Park, the César E. Chávez Branch Library, Fruitvale Transit Village, Josie de la Cruz Park, Peralta Hacienda Historical Park, and Carmen Flores Recreation Center.

Renaming the park La Familia Park would therefore remain consistent with the cultural character of the neighborhood while providing a name that is welcoming across generations, backgrounds, and identities.

FISCAL IMPACT

The proposed renaming of César Chávez Park is anticipated to have a limited one-time fiscal impact to the City of Oakland. The primary costs associated with the renaming would be related to replacing or modifying facility identification and wayfinding signage and updating printed or physical materials displaying the existing facility names.

To minimize the fiscal impact, staff will evaluate whether certain signage and materials can be updated as part of regularly scheduled maintenance, replacement, or procurement cycles rather than requiring immediate replacement of every affected item.

At this time, the total one-time implementation cost has not been determined. Staff will develop a more detailed cost estimate prior to final City Council consideration and identify appropriate existing departmental appropriations or other available funding sources to cover implementation costs.

Overall, the proposed renaming is anticipated to result in a minimal fiscal impact, with no significant ongoing fiscal impact to the City.

PUBLIC OUTREACH / INTEREST

From a parks and recreation perspective, neighborhood parks are more than physical amenities. They function as gathering spaces where children play, families recreate, neighbors build relationships, and communities establish a sense of belonging.

This is particularly important at César Chávez Park. During Oakland's General Plan Update community engagement, a neighborhood respondent specifically described the park as important because many nearby residents live in crowded rental housing and rely on the park as a place for children and adults to gather and be physically active. The City's broader park survey similarly identified parks as important spaces for recreation, socialization, exercise, community gathering, and healthier lifestyles.

The name La Familia Park reinforces these recreational and social functions. Rather than defining the park primarily through an individual namesake, the proposed name emphasizes the people who use the park and the relationships that make the space meaningful.

Approval of the proposed name would recognize Fruitvale residents as active participants in defining the identity of a public space located within their community.

The name La Familia offers several benefits. It preserves a strong Spanish-language and Latino cultural connection to Fruitvale; emphasizes family, belonging, unity, and intergenerational relationships; avoids transferring the park from one individual namesake to another; and provides a welcoming identity capable of representing both current residents and future generations.

COORDINATION

Oakland Parks, Recreation and Youth Development (OPRYD) will coordinate with the Oakland Public Library (OPL) to develop a unified process for consideration of renaming César Chávez Park and the César E. Chávez Branch Library. Because the two facilities are located within the Fruitvale community and share the César Chávez namesake, coordinating the requests will allow the City to consider the proposed changes comprehensively and communicate clearly with residents and stakeholders.

The goal of the coordination will be to complete the respective review and recommendation processes required for each facility and, where procedurally appropriate, consolidate the recommendations into a joint City Council resolution authorizing the renaming of both facilities.

RECOMMENDATION

Staff recommends that the Parks and Recreation Advisory Commission approve the proposed renaming of César Chávez Park, located along Foothill Boulevard at Bridge Avenue/38th Avenue in Oakland's Fruitvale community, to La Familia Park, and forward the recommendation through the appropriate City process for final consideration and approval.

The proposed name, La Familia Park, recognizes the central role that families, intergenerational relationships, neighborhood connections, and community identity play in Fruitvale. The name provides an opportunity for the park to continue serving as a culturally meaningful public space while adopting an inclusive name that reflects the people and families who use and care for the park today.

CITY OF OAKLAND
Oakland Parks, Recreation & Youth Development

TO: Marc Barach, Chair, Parks and Recreation Advisory Commission
FROM: Quincy Williams, Capital Improvement Project Coordinator
DATE: September 2, 2026
SUBJECT: REQUEST FOR THE PARKS AND RECREATION ADVISORY COMMISSION TO APPROVE THE SALE OF THE CITY-OWNED PORTION OF GARFIELD PARK TO OAKLAND UNIFIED SCHOOL DISTRICT FOR FIVE HUNDRED NINETY-SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$597,500.00) FOR THE EXPANSION OF GARFIELD ELEMENTARY SCHOOL

SUMMARY

Garfield Park is an approximately 1.5-acre City park located at 2201-2299 E 17th St, Oakland, CA 94606, and contains a single baseball diamond adjacent to Garfield Elementary School (GES). The City only owns about half of the park, with the rest owned by the Oakland Unified School District (OUSD). OUSD has proposed purchasing the City-owned portion of the park for \$597,500 to support a major school rebuild.

As of the 2025 – 2026 school year, GES has a total enrollment of 445 students from Pre-Kindergarten through 5th grade. As part of its capital plan, instead of modernizing the existing building, the District will construct a larger, brand-new school building, including new play areas, landscaping, a play field, and the demolition of the existing school building. Through partnerships and collaboration, the field next to the school will be used, expanding the school's presence in the neighborhood and enhancing the safety and security of the community. The total cost of the OUSD project is \$104.5 million.

OUSD would pay \$597,500 for the City-owned property, the midpoint between the City and OUSD's appraisals. City staff recommends proceeding with the proposed sale at this price as it would result in a superior turf field within the school campus that would be accessible to the community. The alternative would reduce the size of Garfield Park by half, rendering it unusable as an athletic field, without compensation to the City.

BACKGROUND / LEGISLATIVE HISTORY

OUSD Facilities Planning and Management Department has a multitude of major capital projects that are ongoing and completed. Major capital projects are defined as projects that exceed \$5 million and are funded through bond measures or alternative funding sources. These projects involve a broad range of enhancements and renovations to various facilities, athletic fields, playgrounds, and other related items. On March 11, 2026, the OUSD Board of Education approved a major update to the Garfield Elementary School Measure Y Bond project (Capital Project): instead of modernizing the existing building, the District will move forward with

constructing a larger, brand-new school building, which also includes new play areas, landscaping, a play field, and the demolition of the existing school building.

Construction is expected to begin in early 2027, with an anticipated timeline for students and staff moving into the new building by late 2028. After the move, the existing campus will be demolished, and site improvements will be completed in 2029.

Garfield Park

Garfield Park is one of 13 athletic fields in the City's park system. It contains a single baseball diamond in poor condition. Public access is by fee-based reservation only; it is not available for drop-in use by the neighborhood or public at large. The park was historically used for girls' softball and Babe Ruth baseball in spring and summer, and for OPRYD programs in the fall. However, actual use today is very limited. Only one user (Bay Tech School) has reserved the field, and only for a single three-month period, during all of the last two years.

The City only owns a portion of Garfield Park, outlined in yellow below. The remainder of the park is located on the school parcel, which is owned by OUSD.

PROJECT / PROGRAM DESCRIPTION

On May 4, 2026, OUSD sent a letter to the City of Oakland proposing to acquire the City's real property adjacent to Garfield Elementary School with Assessor Parcel Number 20-202-1-1 ("City Property") for use in its Capital Project. The City Property is approximately one-half of the City's Garfield Park, the other half of which is on real property owned by OUSD ("OUSD Property"). City staff subsequently negotiated the following terms of sale with OUSD, subject to City Council approval:

- **Sale price:** The City would sell the City Property to OUSD for \$597,500, the midpoint between the City and OUSD's appraised values.

- **Field reservations:** To mitigate the loss of public parkland in the neighborhood, OUSD will reserve a minimum of 8-10 hours per week for community use of the new turf athletic field on the new Garfield school campus, which would be maintained and operated by OUSD. Community use would be scheduled through OUSD's Facility Reservation system and be subject to OUSD's ordinary fee schedule. Qualified community organizations and youth-serving nonprofits referred by the City would have scheduling priority.

OPRYD recommends selling the City Property for several reasons. It would replace a lower-quality athletic field with a new, higher-quality turf field on the redesigned school campus. The new field would be accessible to the community through OUSD's reservation system, similar to how Garfield Park is currently made available through the City's reservation system. OUSD would prioritize access outside of school-use hours to groups referred by the City. The sale would also generate funds which could be used to improve conditions at other City-owned parks and athletic fields.

Alternatively, the City could elect not to sell the property to OUSD. In that case, however, OUSD is expected to build its Capital Project up to the existing OUSD property line, cutting the park in half and rendering it unusable as an athletic field. This would result in a loss to the City park system without compensation. OPRYD has only one user group that has reserved Garfield Park in recent years. City staff would work with OUSD to accommodate that group's use of the turf field,

FISCAL IMPACT

The fiscal impact to the City is positive. The City would receive \$597,500 in sale proceeds.

COORDINATION

OPRYD has coordinated with the City's Real Estate Division along with the City Attorney's Office, the City Council District 2 office, and OUSD. Before City Council acts on the proposed sale, City staff will create an online survey and distribute it at Garfield Elementary School and other public spaces near the Park, and post flyers around the Garfield Park neighborhood.

OUSD has engaged with the Garfield school community and surrounding neighborhood around the proposed Capital Project. OUSD has a Garfield Elementary School construction website. The

TO: Marc Barach, Chair, Parks and Recreation Advisory Commission
FROM: Quincy Williams, Capital Improvement Project Coordinator
DATE: September 2, 2026
SUBJECT: **REQUEST FOR THE PARKS AND RECREATION ADVISORY COMMISSION TO APPROVE A GIFT-IN-PLACE DONATION FOR FORTY-NINE THOUSAND DOLLARS (\$49,000.00) FROM THE BLACK CULTURAL ZONE COLLABORATIVE GROUP FOR THE INSTALLATION OF A CULINARY ACADEMY AT ARROYO VIEJO RECREATION CENTER**

SUMMARY

Since 2014, the East Oakland Black Cultural Zone Community Development Corporation (BCZCDC) group has worked with a coalition of residents, government agencies, churches, and grassroots organizing and community groups to help keep Black people in East Oakland. Through its strategy of building power, securing land, and directing more dollars to community-driven projects, BCZCDC aims to elevate East Oakland neighborhoods.

One of the projects BCZCDC is developing is the **Arroyo Viejo Culinary & Logistics Academy (AVCLA)** in partnership with **Black Owned Project 365's Lifeline Culinary On-the-Job (OJT) Training**, a state-certified pre-apprenticeship program. AVCLA is pivotal for developing a local circular food economy. This facility will integrate food distribution, aggregation, cold storage, and a specialized Teaching Kitchen program.

The facility will facilitate the sorting, packaging, and storage of locally grown produce, supporting initiatives such as Recipe4Health and community food recovery. The facility will aggregate edible food and redistribute it back into the community, directly reducing waste and food insecurity.

Unlike commercial hourly-rental kitchens, the AVCLA Teaching Kitchen will operate as a dedicated educational program space. BCZCDC will execute light upgrades and replace kitchen countertops in the space, in exchange for hosting contract-based, structured workforce and culinary training for pre-vetted cohorts at no cost for program space.

BACKGROUND / LEGISLATIVE HISTORY

In September of 2023, Open Space regulations in Chapter 17.11 were amended to allow “Teaching Kitchens in Recreation Center Buildings” as a permitted Accessory Activity in certain park-type categories. Because of the amendment to the Open Space regulations, BCZ believed the AVCLA project at Arroyo Viejo would align with its vision for a culinary academy and teaching kitchen at Arroyo. In 2024, the City and BCZ met to discuss implementing this project. There were challenges regarding this process. The discussions stalled/ended in 2025. In Spring 2026, meetings between the City and BCZ resumed to discuss activating the Arroyo Viejo kitchen. The meetings were productive. Instead of the original scope of work, which included a food hub, the project has pivoted to a teaching kitchen only. The kitchen will enable East Oakland residents to pursue culinary careers in their neighborhood.

PROJECT / PROGRAM DESCRIPTION

At the southeast end of the building, the designated space is currently used for food distribution. Under this initiative, the space will receive light upgrades to support both packaging/preparing food for delivery (e.g., Recipe4Health) and hosting structured culinary classes.

Upgrades Include:

- Adequate refrigeration (including an exterior refrigeration unit positioned perpendicular to the building).
- Updated washing station and prep surfaces.
- Updated ceiling grid.
- Additional exterior metal access door for efficient logistics and vehicle access.

Program Structure: The AVCLA program will work with Black Owned Project 365’s Lifeline Culinary On-the-Job (OJT) Training Program, a California-certified pre-apprenticeship curriculum designed for a contracted, pre-vetted cohort of students. The program integrates the BUILD Lit! framework and hands-on food industry skills:

- **Lifeline Culinary On-the-Job (OJT) Training:** A state-certified pre-apprenticeship program that offers participants 500 hours of training (400 hours of culinary skill development and 100 hours of soft skills training)
 - **Classroom & Soft Skills Training:** 2 days per week.
 - **Practical & Restaurant Partner Training:** 3 days per week.
- **Experiential Residency:** 1–2 days per month in live community activation settings.

FISCAL IMPACT

The current working budget for the distribution improvements and light kitchen upgrades is approximately \$49,000. They will include the following:

- **Capital & Upgrades:** The majority of funds will cover physical space improvements, refrigeration, and equipment.
- **Operational Model:** BCZCDC will not lease the property, nor will the facility rely on commercial tenant/rental income. Instead, BCZCDC is providing capital investment for space upgrades in exchange for site usage at no space-rental cost.
- **Maintenance & Operations:** Ongoing maintenance responsibilities for installed capital equipment will be defined in a Memorandum of Understanding (MOU) between OPRYD and BCZCDC.
- Stupski Foundation approved an extension request from Black Cultural Zone to spend the grant by December 31, 2026, on capital improvements at Arroyo Viejo. See supporting documents attached.

To protect organizational partners and ensure proper coverage for all student participants, the Teaching Kitchen will be formally listed as an official program of the Oakland Parks, Recreation and Youth Development (OPRYD) at Arroyo Viejo Recreation Center.

This structure ensures:

1. Participants and students fall under the Recreation Center's official program umbrella for liability and insurance coverage.
2. The City of Oakland, Department of Parks, Recreation and Youth Development, its councilmembers, directors, officers, employees, agents, and volunteers are all included as additional insureds subject to the policy terms, conditions, and exclusions per the attached endorsements.
3. The arrangement operates as a program partnership rather than a real estate lease.

PUBLIC OUTREACH / TARGET COHORTS

BCZCDC will serve pre-vetted cohorts from East Oakland, focusing on:

- **Formerly Incarcerated Individuals:** Pathways to workforce re-entry.
- **Individuals with Social Impacts:** Overcoming systemic barriers to employment.
- **Youth & Young Adults:** High school students and young adults seeking early career skills.
- **Prime-Age Adults & Seniors:** Career re-skilling, up-skilling, and community engagement.

COORDINATION

OPRYD has communicated with the City Attorney's Office, Public Works, and Planning Departments to establish a Program Partnership Agreement / Memorandum of Understanding (MOU) in place of a standard commercial lease.

RECOMMENDATION

OPRYD staff recommend that the Park and Recreation Advisory Commission approve the Black Cultural Zone Collaborative's request to donate forty-nine thousand dollars (\$49,000) for the installation of the Culinary Academy Program at Arroyo Viejo Recreation Center.

Re: Approval of Trainee Program

Dear Mr. Johnson:

Congratulations! Enclosed are your Trainee Standards for the occupation of Line Cook, granted approval to operate in accordance with California code of Regulations (C.C.R.), Article 2, Section 212. Please retain these documents in your files and refer to the above DAS File number when corresponding with the Division of Apprenticeship Standards (DAS).

If any of your trainees are veterans, they may be able to collect on their Montgomery GI Bill benefits. Please contact the California State Approving Agency for Veterans Education (CSAAVE) at csaaveinfo@calvet.ca.gov to request applications and instructions to get your facility approved for the training of veterans. If you have any questions, please contact your DAS Consultant.

If your program is interested in receiving funds from the Workforce Investment and Opportunities Act (WIOA), you must complete the application form in order to be placed on the Eligible Training Provider List (ETPL). For further information, please contact your DAS Consultant.

I wish you success with this trainee program. If at any time our office can be of assistance, please contact your local Consultant, Douglas Kawa in your district office or email dkawa@dir.ca.gov.

Sincerely,

Eric Rood

General Statement: The establishment signatory hereto agrees that trainees will be trained in accordance with applicable state and federal laws, and that the training content of the program is adequate to qualify the eligible veteran and other non-veteran trainees for appointment to the job for which they are to be trained. The establishment will be assisted in carrying out the provisions of these training standards by a representative of the Division of Apprenticeship Standards, for the Administrator of Apprenticeship.

The establishment hereby agrees to the following provisions of training:

1. Term of Training, Wage Schedule, Work Training, and Ratio:

2. The establishment signatory hereto will pass upon the qualification of employers under its jurisdiction and, when appropriate, to suspend or withdraw approval.
3. Credit for previous experience or qualifying educational courses will be granted to trainees; a trainee who has been evaluated and granted credit will be placed in the wage

level to which such credit entitles him. No person will be entered into training who is already qualified by experience and/or education to hold the job objective.

4. Except for unforeseeable eventualities, or unsatisfactory progress or conduct on the part of the trainee, he/she will be furnished reasonably continuous employment and, there is reasonable certainty that, at the end of his/her training, he/she will be assigned to the job for which he/she is being trained.
5. Adequate space, equipment, instructional material and instructor personnel will be provided to ensure satisfactory training on the job. First aid, safe working practices and recognition of occupational health and safety hazards will be a basic part of the training.
6. Adequate records will be kept to show the progress made by each trainee.
7. Each trainee will sign a training agreement with the establishment, based on the provisions of these training standards, copy of which will be filed with the Secretary of the Council or Committee. A signed copy will be provided to the trainee and, if the trainee is an eligible veteran, to the Veterans Administration.
8. A Certificate of Training will be issued by the Council or Committee to trainees upon receipt of competent evidence of their satisfactory completion of training hereunder.
9. Trainees shall be selected on the basis of qualifications alone, through fair and impartial selection procedures applied uniformly to all applicants.

[See Attachment B]

10. These training standards may be modified on request of the parties to conform to changes in the industry and the area, subject to the approval of the Division of Apprenticeship Standards for the Administrator.
11. If there is a collective bargaining agreement applicable to this occupation in the area, approval by the labor organization will be affixed below.

The Lifeline Culinary OJT agrees to accept electronic signatures for these Division of Apprenticeship Standards and all related Division of Apprenticeship Standards documents.

This agreement is between the above named apprentice employed by the below named employer, and

PROGRAM SPONSOR

AGREEMENT: The undersigned parties mutually agree that they will use their best endeavors to secure employment and training for the apprentice. The apprentice agrees to perform satisfactorily all work and learning assignments. The provisions of the Apprenticeship Standards for the above occupation adopted by the program sponsor and approved by the Chief of the Division of Apprenticeship Standards, are hereby made a part of this agreement. An official copy of the standards is on file in the headquarters of the Division of Apprenticeship Standards. This apprentice agreement will continue in effect until the training is completed or otherwise terminated in accordance with the standards.

The apprentice commences participation under these standards on the date of execution of this agreement by the Apprentice. The signatory apprentice is credited with having _____ months toward completion of the term of apprenticeship. The apprentice is expected to complete training on or about _____, 20____, upon satisfactory completion of the total remaining hours of on-the-job training and hours and/or units of related and supplemental instruction.

APPRENTICE: I, the undersigned apprentice, understand and agree that there is a valid and reasonable necessity that those academic records accumulated throughout related and supplemental instruction during my period of apprenticeship be made available to the apprenticeship committee. Further, I agree to release to the apprenticeship committee any other academic records which I feel may enhance my status as an apprentice.

I, the undersigned apprentice, hereby request that the Administrator of Apprenticeship terminate any other apprenticeship agreements in which I am currently registered.

Black Cultural Zone Grant Agreement

Grantee: Black Cultural Zone

**Total Grant
Awarded:** \$600,000

Payment:	Upon finalization of grant agreement	\$200,000
	Upon completion of March 2023 check-in (by April 30, 2023)	\$200,000
	Upon completion of March 2024 check-in (by April 30, 2024)	\$200,000

Grant Term: May 1, 2022 to April 30, 2025

**Purpose of
Grant:** To support the conversion of two kitchens in Oakland's Arroyo Viejo Recreation Center into a food hub that will expand economic opportunities, living wage jobs, food security, and healthy food to East Oakland residents.

**and as further described in your grant
request dated** March 01, 2022

Terms of Grant:

- A. **Use of Funds:** Grant funds shall be expended only for the specific purposes described above. Stupski Foundation ("Foundation") must approve in writing any changes to these purposes. Any funds not so used must be returned to the Foundation. Any requests for changes in plans for use of funds must be made as the need occurs.
- B. **Recordkeeping:** Grantee shall treat grant funds as restricted assets and shall maintain books to show the grant funds separately. Grantee shall keep adequate records to substantiate its expenditures of grant funds. Grantee shall make these books and records available to the Foundation at reasonable times for review and audit. Grantee shall keep copies of all relevant books and records and all reports to the Foundation for at least four years after completion of the use of the grant

funds.

- C. **Prohibited Uses:** No funds may be used to (1) influence the outcome of any specific election for candidates to public office, or (2) induce or encourage violations of law or public policy, or cause any private inurement or improper private benefit to occur, or take any other action inconsistent with IRC Section 501(c)(3).
- D. **Funds Not Earmarked for Lobbying:** This grant is not earmarked for influencing legislation within the meaning of IRC Section 4945(e), and we and you have made no agreement, oral or written, to that effect. Any use of grant funds by you for such activities constitutes your decision, wholly independent of us.
- E. **No Earmarking; Grantee Discretion and Control Over Selection of Subgrantee or Contractor.** Grantee retains full discretion and control over the selection process and shall act completely independently of Foundation with respect to the selection of any subgrantee or contractor convenient or necessary to carry out the purposes of the Grant. The Foundation has not earmarked grant funds to any particular subgrantee or contractor, and there is no agreement, written or oral, by which Foundation may cause Grantee to choose a particular subgrantee or contractor.
- F. **Information and Data Sharing:** The parties understand that a material condition of this Grant Agreement is that Grantee makes the data developed in whole or in part with any Grant funds ("Data") publicly available as soon as possible at no cost, or, when justified, at a reasonable cost.
- G. **Intellectual Property:** All right, title, and interest in and to all intellectual property based on, or derived from activities undertaken by Grantee, including any of its employees, contractors, sub-contractors, sub-grantees, agents and other persons or entities under its control (each an "Agent") and funded in whole or in part by this Grant ("Grant Works"), shall be owned by Grantee. Grantee agrees to make the Grant Works available to the public at no cost, or, when justified, at a reasonable cost. The Grantee agrees to take all reasonable action necessary to carry out the purpose of the Grant, including but not limited to obtaining appropriate assignments or licenses from Agents. Grantee may transfer or license the Grant Works only in compliance with this paragraph.
- H. **Representation and Warranty Regarding Tax Status:** By entering into this Agreement, Grantee represents and warrants that Grantee is exempt from federal income tax under Internal Revenue Code Section 501(c)(3) and is a public charity described in Internal Revenue Code Section 509(a)(1) or 509(a)(2).
- I. **Indemnification:** In the very unlikely event that a third-party makes a claim against the Foundation, our Board, staff, or other agents which arises from any of Grantee's actions or omissions relating to this grant, Grantee agrees to defend,

indemnify, and hold the Foundation, our Board, staff, and other agents harmless (except to the extent the claim results from our actions or omissions).

- J. **Governing Law:** This Agreement is governed by California law, excluding law that would require the application of another jurisdiction's laws.
- K. **Remedies:** If the Foundation determines, in its reasonable discretion, that the Grantee has failed to or is unable to carry out any provision of this Grant Agreement, including but not limited to making reasonable progress towards the achievement of the Grant Purpose, the Foundation may elect to withhold further Grant payments under this or any other Grant Agreement, and the Foundation may demand return of all or part of any Grant funds not properly spent or committed to third parties. Prior to terminating or curtailing the Grant, the Foundation will give the Grantee thirty (30) days' advance written notice to respond to and resolve the issues, but the determination to continue, curtail, or terminate the Grant will remain in the Foundation's discretion.
- L. **No Promise of Future Funding:** Grantee acknowledges that the Foundation and its representatives have made no actual or implied promise of funding except for the amount in this Grant Agreement. The Foundation will determine any future funding in its sole discretion.
- M. **Entire Agreement, Severability:** The Grant Agreement supersedes any prior oral or written understandings or communications between the parties and constitutes the entire agreement between the parties with respect to the Grant. The provisions of this Grant Agreement are severable so that if any provision is found to be invalid or illegal, that finding will not affect the validity or enforceability of the remaining provisions.
- N. **Reporting:** Please provide a final report by **April 30, 2025**. See Learning and Evaluation Approach for details.
 - 1. **Information sharing meetings and/or calls:** As part of this grant, the Foundation may request that grantee partners be prepared to participate in occasional meetings and/or calls with Foundation staff throughout the course of the grant term. The meetings may occur around each report due date. Advance notice of meetings/calls will be given.
 - 2. **Convening Participation:** There is also the potential request for participation in in-person and/or virtual convenings with other grantees or experts in the field. Advance notice of meetings/convenings will be given and associated travel costs will be covered by the Foundation, per the Foundation's travel policy, for attendees outside of the San Francisco Bay Area.

Learning and Evaluation Approach

To ensure we are engaged in this work in partnership and learning together, the foundation's learning and evaluation approach is anchored around quarterly check-ins in **June 2022, September 2022 mid-December 2022, March 2023, June 2023, September 2023, mid-December 2023, March 2023, June 2023, September 2023, mid-December 2023, March 2024, June 2024, September 2024, mid-December 2024 and March 2025**, combined with a comprehensive written report at the end of the grant period. The quarterly check-ins will be designed as discussions based on a brief written update.

Quarterly Check-ins

In preparation for the quarterly check-ins, the Foundation requests that you send a brief email update (bullet points are sufficient) answering the following questions for the most recent grant period. We suggest spending no more than 30 minutes to one hour on the email update. You are also welcome to share reports written for other funders relevant to this project and its outcomes in lieu of the email update. Updates should be sent within two weeks of the quarterly check-in date noted. A Foundation team member will be in touch within two weeks of receipt of the update to schedule a discussion.

Email Update Questions: What implementation milestones and successes can you share with us? What implementation challenges have you encountered? What shifts do you anticipate making in future activities, milestones, and outputs/outcomes? Please feel free to include any interim updates on outputs and outcomes (see Metrics section below) relevant to this grant period.

Final Report and Check-in

Please submit a three to five page final grant report by **April 30, 2025** answering the questions below. A Foundation team member will be in touch within two weeks of receipt of the report to schedule an hour-long closing conversation.

1. What were the most significant achievements and important lessons learned from this project?
2. Comprehensive update on the project metrics agreed to by both the grantee partner and the Stupski Foundation (see Metrics section below)
3. Were grant funds used as planned? What went as planned and what did not as far as project costs were concerned?

Metrics

The list below captures the quantitative and qualitative metrics, agreed upon by both the grantee partner and Stupski Foundation, which will serve as indicators of success. Although a comprehensive update on all metrics is required only at the end of the grant period, interim progress on relevant metrics may be included in the quarterly updates as relevant. You are welcome to describe this in the table format below, in a narrative, or a combination.

- Implementation milestones regarding the food hub build-out and operations, staffing, and site management
- Community engagement levels via annual surveys with food entrepreneurs who are using the food hub
- Tracking of food system equity goals:
 - Hiring of, contracting with, and serving primarily Black East Oakland residents
 - Percent of purchases from small- to midsize farms
 - Amount of sales and donations to charitable food providers (e.g., summer camps, low-income housing)
 - Percent of purchases from women- and/or minority-owned farms and food businesses
 - Percent of total purchases from farms or food businesses using environmentally responsible practices
 - Percent of sales or subsidies to low-income customers
 - Employee wages, working conditions, and career advancement
 - Sales to businesses and institutions in low-income communities
 - SNAP reimbursement rates
 - Sustainability of the food hub's waste stream, carbon footprint, and water usage

CITY OF OAKLAND

Oakland Parks, Recreation & Youth Development

TO: Marc Barach, Chair, Parks and Recreation Advisory Commission

DATE: August 28, 2026

SUBJECT: **INFORMATIONAL REPORT TO THE PARKS AND RECREATION ADVISORY COMMISSION (PRAC) ON THE UPDATED DRAFT SLOW STREETS NETWORK RECOMMENDATIONS WHICH INCLUDE PATHS WITHIN OAKLAND PARKS AND A NEAR-TERM COORDINATION OPPORTUNITY AT ARROYO VIEJO PARK**

SUMMARY

OakDOT Bicycle and Pedestrian Program staff will present updated draft recommendations for a slow streets network in Oakland. Staff will also share a current coordination opportunity to improve bicyclist access at Arroyo Viejo Park by constructing a curb cut in the 78th Ave cul-de-sac. The work will be completed by an OakDOT project that is paving on 78th Ave. This is a brief update to a presentation provided to the PRAC in September 2025.

BACKGROUND/LEGISLATIVE HISTORY

The City of Oakland's 2007 Bicycle Plan proposed 32 miles of bicycle boulevards: routes on residential streets that prioritize through trips for bicyclists with traffic calming, pavement markings, and wayfinding signs. The City's 2019 Bicycle Plan, "Let's Bike Oakland", renamed the bicycle boulevards as neighborhood bike routes (NBRs) and increased the recommendations to 75 miles of streets.

During the first two years of the Covid-19 pandemic, OakDOT experimented with slow streets, using temporary materials to close 21 miles of streets to through traffic, in particular on NBRs. This pandemic response had many successes, but also significant challenges which ultimately led to its conclusion in early 2022. OakDOT staff worked through the lessons learned to determine if permanent slow streets could be developed in a manner that would keep the successes but avoid the challenges, and developed a planning framework and methodology to transition NBRs to slow streets.

In summer 2025 OakDOT released a draft slow streets network for public review and presented the concept to City commissions, including the PRAC. Over the past year, staff have worked through the comments received to refine and improve the slow streets recommendations.

PROJECT / PROGRAM DESCRIPTION

OakDOT is developing slow streets to encourage travel at human-powered speeds and support the use of these streets as neighborhood places. These calm residential streets are for walking, biking, jogging, and rolling, along with walking the dog, hanging out with friends, and even making neighborhood art. OakDOT is building traffic calming to help create this street environment with the vision of creating a network of slow streets that connects Oakland's neighborhoods.

Slow streets improvements are implemented primarily in coordination with OakDOT's paving program and other street construction projects. When streets are repaved, staff coordinates the installation of traffic calming elements such as speed humps, traffic circles, and other traffic calming tools and signs. Street beautification and vibrancy is also part of slow streets implementation by partnering with residents and local artists to paint utility box and street murals.

At Arroyo Viejo Park, there is a current coordination opportunity with an OakDOT paving project that is resurfacing multiple streets in the neighborhoods around the park. Specifically, the project includes the construction of a new curb cut along the 78th Ave cul-de-sac to support bicyclists entering the park. The intent is improving the proposed slow streets connection from 78th Ave near Arthur St connecting into and through the park to Richie St and Olive St. An accompanying sign will prohibit access to motor vehicles. The details of the curb cut and sign were agreed upon in a field meeting at the location with OakDOT and OPRYD staff.

SYNERGIES BETWEEN CITY PARKS AND SLOW STREETS

Streets that end at parks are often quiet and calm because they do not provide a through route for motor vehicles. These low-traffic streets are opportunities for the slow streets network by providing welcoming routes for people to walk, bike, and roll through their neighborhoods and to access Oakland parks. By connecting slow streets through parks, whether by enhancing existing paths or creating new ones, the City can develop these routes to invite movement, recreation, and community interaction. These connections can also leverage future investments in mobility and park access, helping the City make the most of what it already has with parks and streets.

OakDOT staff is working with OPRYD staff in planning slow streets connections through parks to strengthen neighborhood ties and expand access to green spaces. The updated draft slow streets network proposes connections through the following parks:

- Arroyo Viejo Park
- Cesar Chavez Park
- Dimond Park
- Driver Plaza Park
- Lincoln Square Park

- Lowell Park
- Peralta-Hacienda Park
- Raimondi Park
- San Antonio Park
- Snow Park
- William D. Wood Park

The updated draft slow streets network also includes connections to the following parks:

FISCAL IMPACT

This is an informational report with no fiscal impacts. Construction of slow streets is primarily through OakDOT paving projects and streetscape projects using funding restricted to transportation improvements. OakDOT projects rely on transportation funding sources including Alameda County Measure BB, Alameda County vehicle registration funds, City of Oakland Measure U, state gas tax revenue, and other transportation grant programs. The construction cost of the curb cut in the 78th Ave cul-de-sac is estimated at approximately eight thousand dollars and is part of a multi-street paving project funded by Measure U, Oakland's 2022 bond for affordable housing, streets, and public facilities.

PUBLIC OUTREACH / INTEREST

OakDOT staff welcomes feedback on the updated draft slow streets network through the end of October 2026. The updated network responds to public comments received in summer 2025 on the first draft network.

Information on the slow streets program is at: www.oaklandca.gov/slowstreets. The following resources have been prepared to document and address the comments received in summer 2025:

- Updated web map with highlighted network revisions

- Response to comments document with narrative explanations
- List of spatial changes to the revised draft network
- Updated tabular data for the revised draft network

These documents are available at: www.oaklandca.gov/slowstreets. From this webpage people can also sign-up to receive email updates on the slow streets program. For a demonstration project of slow streets, see the 8th Street West Oakland Traffic Calming Project: <https://www.oaklandca.gov/Government/Oakland-Improvement-Projects/8th-Street-West-Oakland-Traffic-Calming-Project>. To organize a street mural, see www.oaklandca.gov/PaintTheTown.

RECOMMENDATION

OakDOT staff recommend the PRAC accept this informational report on the current coordination opportunity at Arroyo Viejo Park and 78th Ave, the updated draft slow streets network recommendations, and provide any comments by October 31, 2026.

Review of the Draft Network, Summer 2025

The public review period ran from July 3rd through September 12th. It was publicized through the City's website, the Slow Streets Program contact list, the Summer 2025 edition of the "We [bike] Oakland" newsletter, and presentations to four City commissions.

- 67 written responses were received.
- The 67 responses were categorized into 80 distinct comments.
- The comments included 53 suggestions for specific changes to the draft network.

The main themes in the comments are:

- General support or opposition to slow streets (7 comments)
- Views on various traffic calming treatments (11 comments)
- Feedback on the network's methodology (3 comments)
- Traffic on Colby St and Hillegass Ave (14 comments)
- Opposition to a slow streets recommendation (5 comments)
- Support for a slow streets recommendation (24 comments)

Public Involvement & Next Steps

OakDOT's Bicycle & Pedestrian Program welcomes participation and feedback:

- Send comments to slowstreets@oaklandca.gov by the end of October 2026.
- Visit demonstration projects on 8th Street, 7th Avenue, and E 19th Street.
- Organize a street mural: www.oaklandca.gov/PaintTheTown
- Submit imagery for slow signs: www.oaklandca.gov/SlowSigns

Adoption of the slow streets network is anticipated in late 2027 or after in conjunction with updates to Oakland's General Plan (underway), Pedestrian Plan (underway), and/or Bicycle Plan (forthcoming).
